How to Beautify a Summer Soiled Face

It's really a simple matter to renovate a face soiled by sun, winds or dirt. Ordinary mercolized war, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness. It literally peels off the outer veil of surface skin, but so gently, gradually there's no discomfort. The wornout skin comes off, not in patches, but evenly, in tiny particles, leaving no evidence of in tiny particles, leaving no evidence of the treatment. The younger, healthier under-skin forming the new complexion is one of captivating loveliness. One ounce of mercolized wax, to be had at any drug store, is enough to remove any tanned, reddened, pimpled, freckled or blotchy skin. Apply before retiring, washing it off

mornings.

Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent wrinkle remover, because it tightens the skin and strengthens relaxed muscles, is a wash lotion made as follows: Powdered saxolite, one ounce, dissolved in witch hazel, one-half pint. This
