

### Workmen Strike As Protest Over Award of Landis

#### Work on U. S. Hospital for Disabled Soldiers at Chicago Held Up When Plumbers Quit.

Chicago, Sept. 9.—A strike of the plumbers employed on the \$5,000,000 Speedway hospital was staged Thursday as a protest against Judge Landis' building award in which their craft was given 95 cents an hour. The strike will delay the arrival of 1,600 wounded and disabled soldiers who were scheduled to go to the hospital in the next two weeks.

Superintendent E. W. Steece, government superintendent of construction, called on Judge Landis, seeking advice on methods of dealing with the strike at the hospital. Judge Landis told him that it was not a matter for him to decide, but would have to be handled by the authorities engaged in government work.

There were other unauthorized, sporadic walkouts of the various building crafts throughout the city, despite the efforts of union officials to hold them in check. Hundreds of workers—principally members of the trades which received the larger cuts in pay—walked off the jobs, leaving the building situation in the most chaotic state it has experienced since the arbitration proceedings began.

#### Some Men Return

Some of the workers' went back on the job today and others are expected to do so tomorrow. Contractors and union officials believe the situation will adjust itself, as soon as the men become more familiar with the new agreements.

The unions which received the largest cuts in pay were those which stand to gain certain advantages from these organizations Judge Landis left the "back door" open if they change their minds before November 1 next.

#### Meeting of Chiefs Called.

Steps to take advantage of this offer were taken immediately by the Chicago Building Trades council when Thomas Kearney, president, called a meeting of business agents to discuss the situation. A committee was appointed to draw up a statement to be read at the meeting of the council Saturday requesting that body to petition Judge Landis to reopen a discussion of the cases of all organizations which still harbor grievances. Besides Kearney, the members of this committee are James Conroy, secretary of the council; William Curran, business agent of the plumbers' union; William Gunther, business agent of the gas fitters' union; and Edward Ryan, business agent of the architectural iron workers' union. No award for the latter union was made in the decision.

At the same time Judge Landis notified officials of the Building Construction Employers' association and the Associated Builders to attempt to reach a settlement with the unions which refused to become parties to the arbitration proceedings.

He urged them first to take up the question of working rules and then consider the wage adjustments. These unions include the carpenters, plasterers, painters, sheet metal workers and glaziers.

#### Sheridan County Will

#### Improve Potash Highway

Ellsworth, Neb., Sept. 9.—(Special.)—The Potash highway committee from the south end of the county met with the commissioners at Rushville and were given assurance that every effort would be made by them to close the gap on this highway in Sheridan county. They immediately asked the state division engineer at Lincoln to survey a permanent road between Bingham and Lakeside.

#### Probe State Institutions

#### To Learn If Tax Exempt

Lincoln, Sept. 9.—(Special.)—W. H. Osborne, state tax commissioner, today began gathering data on all hospitals, business colleges and lodges in Nebraska who are escaping taxation, with a view of determining whether they are operated exclusively for charity. Under the new taxation bill all such institutions which are not operated for charitable purposes only are subject to taxation.

#### Road Conditions

(Furnished by Omaha Auto Club.)  
Lincoln Highway, East—Roads fair to Missouri Valley; no reports from Des Moines, lines out of order.  
Lincoln Highway, West—Detroit Waterloo to Valley, roads fair, Central City roads are muddy, drying rapidly; putting gravel road Central City to Chanman, fair, detour, Grand Island, roads are good.  
O. D. Highway—Roads fair at Ashland, detour west of Ashland, West of Lincoln roads are fine.  
Highland Cut-off—Roads fair.  
N. Y. A.—Roads good.  
Black Hills Trail—Some road work between Omaha and Fremont. Fremont to Norfolk roads are good.  
George Washington Highway—Some construction work to Blair; follow the high road down to Atchison where roads were reported very muddy.  
Cornhusker Highway—Roads are fine.  
King of Trails—Fair to Fairmount Valley, working on roads near Missouri Valley.  
King of Trails, South—Twenty-fourth street under construction, go south on Thirtieth street to Harrison, west on Harrison to Twenty-fourth street, Roads south to Atchison are in excellent condition. Atchison to Leavenworth roads are rough. Leavenworth to Kansas City roads are under construction.  
Custer Battlefield Highway—Tourists report this highway in good condition except where construction work is in progress.  
River to River Road—Light showers, weather clearing, roads drying.  
White Pine Road—Some rain; roads reported very muddy at Atlantic; good to Des Moines.  
Blue Grass Road—In very good condition.  
T. O. A. Short Line—Excellent. Light showers but roads good.

### New Osteopath Officers

Here are the new officers of the Nebraska Osteopathic association which closed its convention in Omaha Thursday. Left to right they are Dr. N. J. Hoagland of Central City, president; Dr. Lulu Cramb of Fairbury, treasurer; Dr. E. A. Vallier of Columbus, vice president, and Dr. Byron Peterson of Omaha, secretary.

### Table Rock Bank Closed by State

#### Exhaustion of Cash Reserve Given as Cause; Promotion Schemes Blamed.

Lincoln, Sept. 9.—(Special.)—The Community State bank at Table Rock, Neb., was closed today by order of J. E. Hart, secretary of the State Department of Trade and Commerce.

Exhaustion of cash reserve, impairment of credit, shortages in bills receivable and customers' bonds are given as reasons for closing the bank. "The immediate cause is the failure of stockholders to pay an assessment levied on their shares of stock for the purpose of restoring these impairments and eliminating bad and doubtful paper," Hart said.

#### Blames Promotion Schemes.

"The slow and doubtful loans originated in the promotion of a hotel and brickyards in Table Rock and the insurance activities of the former cashier, F. A. Stech."

Two months ago, Mr. Hart refused to grant Stech a license as cashier of the bank, under authority granted by the last session of the legislature. The officers, directors and stockholders of the bank are O. N. Turgoon, president, and J. E. Reuter and F. A. Stech, vice presidents. Mr. Hart stated he thought \$20,000 would cover the bad paper in the bank.

#### New Cashier Named.

Since Mr. Hart turned down Stech's application for license as cashier, C. A. Schout of Auburn, Neb., has been acting as cashier.

### Department of Labor May Be Absorbed Into Welfare Department

Washington, Sept. 9.—(Special Telegram.)—In connection with stories going the rounds that the reorganization committee of congress had decided to recommend the absorption of the Department of Labor into the Department of Welfare, Representative Reavis said the committee had reached no conclusions as what was to become of the Department of Labor. He frankly admitted that if the children's bureau, the immigration bureau and other bureaus affecting welfare should be taken from the Department of Labor and put into a welfare department, it would leave mighty little for the Labor department. When Secretary Davis appeared before the committee, Mr. Reavis said, he frankly suggested that, if a Department of Welfare was to be created, it might as well absorb all the bureaus now functioning under the Labor department.

### Fremont Man Asks Brother Held on Forgery Charges

Fremont, Neb., Sept. 9.—(Special.)—Ed Brooks, 16, was arrested on a complaint filed by his older brother, Don Brooks, alleging that the young man forged checks, signing his brother's signature. One of the checks, cashed at a hardware store and bearing the false signature of Don Brooks, is being held by the police as evidence. The older brother stated that the youthful check artist had been carrying on his crimes for several weeks and after warnings, failed to take heed. The police urge that the lad be sent to Kearney as he has been before the police court here before on similar charges.

### Colorado Mines Report Big Loss For Seven Months

#### Deficit of Over Quarter Million Since First of Year—Cost of Coal Blamed For Shutdown.

By The Associated Press. Walsenburg, Colo., Sept. 9.—A loss of \$267,469 was borne by the mines of the Colorado Fuel and Iron company in Colorado during the first seven months of 1921, according to testimony given before the state industrial commission by E. H. Weitzel, general manager of the company.

Mr. Weitzel gave testimony tending to show that the high cost of coal has caused a shutdown in the allied industries of the Colorado Fuel and Iron company, throwing 7,000 men out of work. Mr. Weitzel declared that the proposed wage reductions for employees of the mines would permit the company's steel mill at Pueblo to reopen; that they would make the cost of the coal lower for the public and would make more earnings for coal miners who, he said, would be able under the reductions, to work more regularly, as coal production would be stimulated.

Romilly Foote of Walsenburg, counsel for the miners, announced in his opening statement at the hearing on the wage controversy that the miners came into the hearing on one proposition and that was: Whether the reduction of 25 to 33-1/3 per cent, effective September 1, was made in accordance with the state the 30-day notice required by law was not given.

The attorney for the miners denied that more regular work was possible to the miners under the reduction. He asserted that the company, in attempting a reduction of wages, had violated the federal award made to miners by the arbitral coal commission in establishment.

### Takes Over Post as Aide To U.S. District Attorney

Don W. Stewart, recently appointed assistant United States district attorney at Lincoln, will assume his duties Monday, when a federal court session will be held at Chadron, Neb. Stewart was in Omaha Thursday gathering information from Lloyd Magney, assistant since the last administration, with reference to his duties.

Fishing wages to April 1, 1922. He declared the reduction by the Colorado Fuel and Iron company would discriminate against the employees as well as against those of independent companies in this district, who have contracts under federal award. Mr. Foote declared the company had violated the laws of Colorado by making a reduction in wages without notice.

### Woman Armed With Bottle Drives Crazy Man From Her Bedroom

Des Moines, Sept. 9.—(Special Telegram.)—Attacked in her rooms here Wednesday night by an unmasked burglar, believed to be a crazy man, Miss Marry Ricker, 19, beat off her assailant with a milk bottle and forced him to withdraw. Miss Ricker was preparing to retire when the man entered the room through the unlocked door, police

### 51 YEARS AGO

Fifty-one years ago Dr. Pierce of Buffalo, N. Y., gave to the world his famous Favorite Prescription, an herbal temperance medicine for the distressing ailments of women, and at that time he also placed with the druggists a tonic and alternative which he had successfully prescribed for many years, in his early practice of medicine, for the stomach, liver and blood. This he called his Golden Medical Discovery. Both these medicines of Dr. Pierce's manufacture met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicines.

Neither of these compounds contains alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonics for men and women. They are now put up in tablet as well as liquid form, and sold by every druggist in the land.

say. He seized her and attempted to tie her hands, but the pummeling, screaming for help. Fearing capture, the burglar suddenly released Miss Ricker and ran out of the room. The description she gave police tallies closely with that of Stanley Matsick, a patient who escaped hospital for the insane, and who has not been caught.

#### Search for Bandits

Sioux Falls, S. D., Sept. 9.—(Special Telegram.)—Scores of officers are watching for three bandits, traveling in a big auto, who raided the general store of A. T. Bosland at Wausley and escaped.
