A Scrap of Paper, or Real Estate—Which?

More receivers, more stock selling schemes on the rocks, more promotion scandals, more evidence of Millions spent for

Continued reports of this sort of thing, are all the result of the reckless drive made on the investing public by unscrupulous promoters during closing and post-war days. The attack of the finance promoters was so thorough, their loot so extensive and obtained from so many sources, that the stench of the whole thing will live for a generation.

Compare these things with Investments in Real Estate!

Investors in Real Estate have property that will live as long as the earth. Real Estate is a part of the earth. In the last analysis, Real Estate is the foundation of every other investment, of all wealth. That's why it has been termed, the "GIANT OF INVESTMENTS."

Regardless of business conditions, Real Estate buyers have an investment that is sound and firm, one that can't be shaken or destroyed, or thrown away. They have an Investment that is Safe, pays a conservative in-

come, and enhances in value. Wildcat stock sellers sell a "Scrap of Paper." Realtors Sell Real Estate.
