MANY a charming young mother finds herself aging long before her time. The cares of the family and household worries often gray the hair prematurely.

Children, as well as many elders, do not discriminate. To them gray hair means age. The devoted mother who would stay young with her children, or any woman who takes pride in her personal appearance, should make her toilet a matter of concern. At the first sign of gray she should call to her aid that magic of modern days—

BROWNTONE

With this clean, odorless and guaranteed harmless liquid she can tint either gray, faded or bleached hair to its exact girlish color—any shade of brown or black.

"Browntone" is durable and lasting and easily applied at home.
