

Revenue Bill Is First Problem Facing Congress

Measure Forbidding Use of Beer as Medicine Is Also Classed as Urgent Legislation.

By E. C. SNYDER, Washington Correspondent, Omaha Bee. Washington, Sept. 17. (Special Telegram)—Congress, reassembling next Wednesday after a month's rest, will face a mass of vital legislation.

Foremost is the revenue bill. Attention will be devoted to this first and to the exclusion of other problems, according to leaders.

They hope the bill can be approved and sent to conference with a minimum of delay. Democratic opposition is expected to center on the repeal of the excess profits tax. Republicans hope some of the opposition will be quieted by the fact that the upper chamber increased the corporation tax to 15 per cent, retained a \$2,500 exemption for married men, and the 32 per cent maximum for surtaxes.

Senator Penrose says he will move to call up the revenue bill as soon as the session opens Wednesday.

The bill forbidding the use of beer as medicine, which has passed the house, is likewise considered urgent legislation.

The fight in this instance will hinge about the clauses forbidding search and seizure without warrant. The senate was in a deadlock on the question when the recess began.

The anti-saloon league already has issued statements on the position of the dyes, and urging adoption of the conference report on the bill, which grants no right of search whatever, but penalizes an officer for unlawful search.

Opponents insist on adoption of the Stanley amendment on the grounds that it will reaffirm constitutional guarantees.

The bill of Senator Borah, exempting American coastwise vessels from payment of Panama canal tolls, it seems likely will go through the upper chamber with less opposition than was originally indicated. The administration, apparently, has no intention of impeding action. A vote will be taken on this bill October 10, under agreement.

Hawaiian Pineapple Crop Reduced; Shortage Looms

Honolulu, Sept. 17.—A pack of 5,884,000 cases of canned Hawaiian pineapples for the 1921 season is the advance estimate given out by officials of the Pineapple Packers' association, in Honolulu. Last year's pack ran over 6,000,000 cases, but poor growing conditions, combined with labor troubles, is cutting down the pack for the current year.

As a result of the shortage as compared with last year, while an extensive advertising campaign is being conducted on the mainland, a scarcity of "pines" is apt to be felt on the market before the 1922 crop is in cans, local pineapple men predict.

Young Musicians Will Appear as Recitalists

Edith Louise Waggoner will present 10-year-old Edith Victoria Robins, daughter of Mr. and Mrs. M. V. Robins in piano recital Saturday afternoon, September 24, 4 p. m., at the Burgess-Nash auditorium. Betty Zahriske, a year older than Edith Victoria, will assist with her violin. Betty is the daughter of Louise S. Zahriske. The recital is open without invitation to friends.

Aerial Stunts Planned at York

Fall Festival Will Feature Day and Night Flights in Airplanes.

York, Neb., Sept. 17.—(Special)—Every indication is that the airplane meet to be held here during the fall festival will be the biggest affair of its kind ever held in the state.

The chief features of the show will be the stunts which will be performed by Miss Allen, aviatrix and wing walker.

Pat McCarthy, known in the flying world as the "wild Irishman," will do the latest array of I-raising stunts, some of which are hanging by knees from propeller while ship makes a landing; standing on outer upper wing tip while plane is put through every stunt, without harness, straps or belts sitting on tail of ship while landing is being made; cranks propeller while ship is in the air; changing from one plane to another. J. Hodgins Smith puts his plane through all the stunts known to the

world of flying and adds many specialties of his own.

Parachute drops will be made by foremost artists of the air, including Mr. and Mrs. Hardin, Lieut. Wilford Bottomfield, Duncan brothers and Pat McCarthy.

There will be a wonderful night act portraying a battle on Flanders field. An aviator deserting his disabled plane many thousands of feet above the ground will be shown amid a display of fireworks costing \$500 per night. This is the first time this act has been shown in America.

Omaha Doctor to Press Foch Invitation to Air Congress

Dr. F. J. Despecher will act as personal representative of the Omaha Aero club in France to extend a further invitation to Marshal Foch to attend the International Aero congress in Omaha on November 3-4-5, according to Earl W. Porter, president of the Omaha Aero club.

Dr. Despecher is now in Paris. He is president of the J. Alliance Francaise in Omaha.

Of French invention is a faucet that automatically shuts off the water when it is removed from its pipe.
