

Aero Club Seeks Army Planes for Races in Omaha

Conference Arranged With Secretary Weeks to Question Motive of Ruling Prohibiting Entrance.

By E. C. SNYDER. Washington Correspondent Omaha Bee. Washington, Oct. 4.—(Special Telegram.)—Congressman Jeffers has arranged a meeting Thursday of Secretary of War Weeks and Benedict Crowell, president of the Aero Club of America and assistant secretary of war under the Wilson administration; Capt. H. E. Hartney, executive secretary of the Aero club, and Col. B. S. Bragg, a member of the board of governors of the same club, for the purpose of inducing Secretary Weeks to sanction the participation of army planes and pilots in the Pulitzer trophy race to be held during the International Aero congress in Omaha November 3, 4 and 5.

"Big Jeff" further requested that all correspondence, orders, etc., in relation to the meeting of the congress now in the War department be at hand and that General Menoher, head of the air service of the army, be asked to be present in order that the reasons for his opposition to the army's participation in the trophy race may be understood by Secretary Weeks. It is the intention of the delegation to show that the army has never hesitated to permit its flyers to enter the Pulitzer race until General Menoher assumed command. In connection with the forthcoming meeting of the International Aero congress, the Omaha congressman has been importuning the post-office and post roads committee of the house to take up the Hitchcock bill authorizing the use of a postal canceling die machine at the Omaha postoffice to advertise the meeting. Chairman Steenerson said today that owing to the recess of the house it had been impossible to get the committee together, but that there would be a meeting of the committee on Friday when Mr. Jeffers hopes to secure a favorable report on the bill which has passed the senate.

Suicide Attempt Is Unsuccessful

Fremont Man Slashes Side, Arm and Throat With Razor Blades.

Fremont, Neb., Oct. 4.—(Special Telegram.)—Olaf Onstad, 44, ex-bartender and former clerk in a local cigar store, cut and slashed himself with safety razor blades on his side, the veins of his left arm and his throat in an attempt to take his own life. He was discovered in his room at the Windsor hotel when another guest saw blood stains leading into the bedroom.

Three deep gashes were ached in Onstad's side with sharp blades, but failed to cause death.

The man then attempted to sever the veins on his left arm by slashing four deep cuts. This method of suicide was not effective enough and, standing in front of his mirror, Onstad started to cut away at his throat. The blades reached every part of his neck but the jugular vein. When found by police he was lying in a crumpled heap in a pool of blood and the entire room showed evidence of profuse bleeding.

Onstad came to Fremont three years ago. He is unmarried. Dependence, due to lack of work, although he had a \$500 bank account, and ill health, is believed the motive for suicide. He is expected to live.

Skeleton in Nevada Rocks Reveals Murder of Man

Elko, Nev., Oct. 4.—Forest rangers in the Ruby mountains recently found two cairns of rock, one of which contained the skeleton of a man and the other that of a dog. Nearby was an old-style pack saddle. They thought that the bodies had been placed there not more than six or eight years ago, as fragments of clothing still adhered to the man's bones. Murder is believed to have been done and the dog to have been killed and buried following the death of his master, so that he would not attract attention to the spot. The bones were not disturbed, and county authorities are investigating.

Negro Couple Convicted Of Murdering White Man

Forrest, Miss., Oct. 4.—Patie Perdue, a woman, and Leon Viverett, both negroes, were convicted today of the murder of Alton Page, white citizen, and were sentenced to be hanged November 4. After Page was killed his body was hacked to pieces and after efforts to burn the remains, they were buried in a negro cemetery. After the arrest and confession of the couple, a special term of court, held today, was announced to avert a lynching.

Jewels Valued at \$40,000. Lost by Frenchman, Found

Poplar Bluffs, Mo., Oct. 4.—Jewels valued at \$40,000 and reported lost by Mr. and Mrs. E. L. Gros of Paris, France, while en route from Dallas, Tex., to Philadelphia, were found near Desoto, Mo., late Saturday by Perry Anderson, 55, according to information here. The disposition of the jewels had not been disclosed. Mr. and Mrs. Gros are now reported to be visiting in Philadelphia.

Expected Frost Finally Puts in Appearance Here

Jack Frost visited Old Mother Earth at Omaha Monday—his first appearance in here this season. Records of the federal weather bureau show the temperature was 40 degrees early yesterday, the lowest this fall. "There's several days of warm, clear weather in store now," M. V. Robins, weather man, said.

District Court to Try Appealed Liquor Case

Geneva, Neb., Oct. 4.—(Special.)—The case of the state against Herman Statny, on a liquor charge, will come up in district court the week of October 17. It was appealed from county court after Judge Fulton had ruled the defendant guilty of the charge. The raid on Statny's soft drink place in Milligan was made the night of August 8 by State Sheriff Hyers following the death of John Oakes at Crete. Oakes was riding with George Uland and Bert Harris, and, according to their testimony, jumped from the car when the top caught fire. He died soon after reaching Crete. The place in Milligan where the men had spent the preceding 24 hours was searched, and liquid, said by a state chemist to contain more than 5 per cent alcohol, was found. The defense contends the sample was not conclusively shown to be the same taken from Statny's stock or to be a beverage.

Hungarian Troops Begin To Retire From Burgenland

Budapest, Oct. 4.—Hungarian troops began to withdraw from the second zone of Burgenland, a narrow strip of territory along the Austrian frontier, yesterday.

Bluffs Women Launch Fight on Tubercular Cows

Representatives of All City Clubs Storm Council in Effort to Have Stringent Law Passed.

"Tubercular Dairy Cows Must Go" was the slogan of nearly 40 women, representing every civic body in Council Bluffs, who took the city council meeting by force Monday night. The city has had an ordinance requiring the inspection of dairies, dairymen's herds and milk, but, according to Mrs. E. W. Sylvester, president of the Women's club, it is not the one desired, nor the ordinance authorized in the new Iowa state law. The dairy and milk inspection law as passed by the last session of legislature gives the city councils the same authority empowered in the state board of health, in that cities may draft ordinances requiring rigid inspection and immediate disposal of tubercular cows. Dr. Jennings, representing the

Portugal, Belgium and Poland Asked to Confab

Washington, Oct. 4.—Invitations to the governments of Belgium, Poland and Portugal to become members of the conference on far eastern subjects were being prepared today at the State department.

Resolution of Omaha Veteran Passed by G.A.R.

Urges Passage of Laws Requiring Teaching of Lincoln's Life in the Public Schools.

Passage of laws requiring the teaching of Abraham Lincoln's life to public school pupils was urged in a resolution introduced by C. E. Adams, past commander-in-chief of the G. A. R. of Omaha, and passed unanimously by the national encampment at Indianapolis. Mr. Adams launched the movement in Omaha in 1916, and his resolution, endorsed by the national encampment, is the result. Following is the text of the resolution: The name of Abraham Lincoln stands at the head of the world's stock, and it is immutably fixed. He lived to save his country. He died to consecrate it with his life's blood. He was truly American in spirit and to truth. And this brings him closer to the hearts of all our people than any other man. From no other man has come such sublime sentiments of freedom and love, sentiments that have become not only the pulse beat of America, but have become the beacon light of liberty for the world.

Tilden Man Re-Elected Head Of Live Stock Sales Firm

Norfolk, Neb., Oct. 4.—(Special.)—Charles A. Cokle of Tilden was re-elected president of the Norfolk Live Stock Sales company at the annual meeting of the stockholders. The organization voted to hold a district live stock show in Norfolk each year following state and county fairs. The show will be open to all exhibitors. A county Duroc show will be held here October 13 and 14.

19 Horses Burn to Death In Barn at Harlan, Ia.

Harlan, Ia., Oct. 4.—(Special.)—Fire which destroyed a large barn on the farm of Vitis Schechinger burned to death 19 head of horses. The fire was caused by defective electric light wires.

Alleged Slayer Of Priest May Be Tried by Women

With 11 Jurors Tentatively Selected, Seven Are Women—Main Witness for State Is Missing.

Redwood City, Cal., Oct. 4.—Women may predominate on the jury that will hear the charge of murder against William A. Hightower, on trial in connection with the death of the Rev. Patrick E. Healin, Catholic priest of Colma, this county. When court sessions were resumed today 11 persons had been passed temporarily for jury duty and of these seven were women.

Father of Willie Hoppe Dies in Chicago Hospital

Chicago, Oct. 4.—Frank Hoppe, 53, father of Willie Hoppe, national billiard champion, died at a hospital here today.

A number of side issues have shared public interest with Hightower's trial. One was the reported disappearance of Mrs. Irene Bianchi, who was said to have identified Hightower as the man who called for the Rev. Mr. Healin in an automobile on the night he was last seen. Giovanni Bianchi, her husband, does not know where she is, he told District Attorney Franklin Swart, although "she may have gone to Italy." Bianchi was absent from home for a few hours two weeks ago. When he came back his wife was gone and had taken their small child, the husband related. It has been learned Mrs. Bianchi had \$3,200 at the time of her departure and the source of this money has not been disclosed, the district attorney said.

Is your appetite uncertain—your digestion impaired?

Why the food we eat may fail to keep us fit

ONE single food element essential to health! We now know that many of our inefficiencies and failures are really due to lack of a health-maintaining element in food—the water-soluble vitamin. Scientists are agreed that without this one food factor we lose appetite and weight and fall off in health.

This is why thousands of men and women who are eating otherwise good and wholesome meals find their energy and vigor slipping. And this is also why many have little appetite and remain in a state of lowered vitality.

Today Fleischmann's Yeast is recommended as a corrective food for overcoming these difficulties, for Fleischmann's Yeast has been discovered to be a rich source of the essential vitamin we need throughout life.

Fleischmann's Yeast is a wholesome, fresh food, assimilated like any other food. Eat it at any

time, 2 to 3 cakes a day. You will like its fresh distinctive flavor and the clean taste it leaves your mouth.

Have it on the table at home and try it as a sandwich filler or spread on crackers. Have it at your office and eat it at your desk. It is good in milk, and many like it just plain. If troubled with gas dissolve it first in very hot water. This does not affect the efficacy of the yeast. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh daily.

Send 4c in stamps for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York, N. Y.

Better digestion from eating Fleischmann's Yeast

Many who have become listless and fallen off in weight have regained vigor and cast unknown years by adding Fleischmann's Yeast to their daily diet.

Fleischmann's Yeast, a fresh, wholesome food, builds up appetite. It helps digest the increased food you eat. In addition, because of its freshness, it helps your body get rid of waste matter. It has been scientifically tested in leading medical institutions where its value in correcting a number of common ailments often due to wrong eating was clearly demonstrated.

Beware of new and untested yeast preparations. The name Fleischmann's is your protection and guarantee of uniform purity and strength.
