Our Delivery Trucks Are Rushing

from one end of the city to the other. They are working early and late in an effort to make all deliveries as soon as possible.

This week of October 24 to 30, is one of the biggest campaigns for low prices that we have attempted.

We believe that greater daily consumption is one of the remedies for existing conditions.

Not only can we benefit our patrons through these great sales, because of the wonderful savings, but we can furnish more work for the factories and new work for idle hands.

Let us serve you and in turn you are helping in the after-war adjustments throughout the country.

The Rose and the Ring

Wm. M. Thackeray

Read this book before seeing, on Friday:

Tony Sarg's Marionettes

The Rose and the Ring is a fireside pantomime for great and small children. The children of the world owe this delightful absurdity to a little girl friend of Mr. Thackeray's, as it was written to amuse her during an illness.

The Rose and the Ring each had the power of making its wearer charming in the eyes of any beholder. Naturally, as it changed hands, some complications of the affections arose.
