"Baby Brides" to **Get Education** In Wisconsin

New Law Requires Boys and trades for the boys. \$23 City Nat. Bk. Bidg. Juckson 2161. Girls Under 18 to Attend School, Even if Married.

> Superior, Wis., Oct. 29.-There'll soon be no excuse for a Wisconsin husband to have his pancakes burned or to have his socks unmended for lack of knowledge of such domestic "problems" on the part of his wife. The state of Wisconsin is going to be sure that all wives are properly educated.

Under the new state educational code, girls and boys must attend school until they reach the age of 18. Marrying before that age is reached does not constitute a reason for the discontinuing of one's education. And the law is being enforced. Orders have been issued to the truant officers to "bring in" any and all delinquents. While thus far this year no cases of such truancy have been reported among "baby brides" or "baby husbands," the officers are ever on the alert.

The school system, under the law, provides both day and evening classes, which include vocational training in addition to the regular curriculum. And, whether the girl or boy be mar-REAL ESTATE-IMPROVED.

French Daring Reaches Peak in New Stage Play

Paris. Oct. 29.-The ultimate in daring has been seen on the French stage by the production of "Circe," a play in verse by Alfred Poizat, author of "Soponisbe," "Antigone," "Electra," and "The Cyclope."

> **Central Station** Fifteen Stage Lines Entering Omaha Will Open New Depot Saturday.

An Interurban Stage Line depot will be opened in Omaha, Saturday, according to announcement by the H. A. Wolf company, which has rented space in the new building at Seventeenth and Howard streets. The new central station will be located at 418-20 South Seventeenth street. The station will be open from 6 in the morning until midnight, according to present plans. Fifteen bus lines entering Omaha will all leave from this station. The lines are not operated by the same firms, but all have agreed to use a central station for the convenience of travelers. All of the appointments of a railway station will be provided by the gasoline train owners. A large wait-ing room will be provided with time tables and all the other necessities of the traveler.

It is the general prediction of many authorities on retail locations that Seventeenth and Howard Streets is destined to

become one of Omaha's busiest corners. The central station being opened for the Bus lines will draw at least 500 out-of-town people a day to this corner. This, combined with the percentage of traffic now going on, is sufficient to bring a healthy volume of trade to a business now suffering in an adverse location.
