

Larsen Challenges S. V. A. Plane Pilot To Fly Race Again

Donor of Trophy Offers \$10,000 as Inducement for Another Contest After Appealing Award to Court.

John M. Larsen, donor of the Larsen trophy, offered late yesterday to put up \$10,000 as an inducement for Pilot E. F. White to fly another race under the same rules as the Larsen race, against the J1-6 (Larsen) monoplane.

"I'll relinquish all claim on the prize money for the race flown Saturday if White beats my ship in a fair race," said Mr. Larsen. "I noticed he offered to fly the race over again. Now is his chance."

Obtains Injunction.
Mr. Larsen obtained a temporary injunction in district court yesterday, which restrains Aero congress officials from paying White, who was awarded first prize by the contest committee, the \$3,000 which is to go to the winner.

Alleging that White's victory was due to fraud and deception in that the S. V. A. ship carried a reserve gas tank which was not figured in the gasoline consumption computation of the race result, Mr. Larsen asserts that his two planes are entitled to first and second places and that the decision of the contest committee awarding the event to White is illegal.

Owner to Fight Action.
His suit was directed against A. H. Fetters, member of the Aero congress protest committee; Maj. Ira A. Rader, chairman of the aviation contest committee; Guy Kiddoo, head of the congress finance committee, and White.

C. B. Wrightman of Tulsa, Okl., owner of the S. V. A. ship, has retained counsel to fight the legal action brought by Mr. Larsen.

"I don't need the money," Wrightman said. "If my plane is not entitled to first place it is not entitled to any prize at all. We'll fight the thing out."

Hearing of the temporary injunction was set for November 12.
