Loans of \$345,000 to Be Made On Notes From Farmers And Stockmen in Nebraska and Dakota.

The Omaha branch of the War Finance corporation, in session in Omaha Monday from 4 o'clock to midnight, approved the applications for advances of 15 banks located in Nebraska and South Dakota for a total of \$345,000,

All of these loans were based on notes from farmers and stockmen for nominal amounts. The advances were about evenly divided between the stock-raising section of western Nebraska and the corn belt of the castern part of the state. A subtantial part of the advance was based on hogs which were mostly mmune.

The Omaha committee has already passed on paper aggregating considerably over \$1,000,000 and the Federal Reserve bank, Omaha branch, is actually receiving telegraphic instructions from Washington to pay out such loans as have been accepted at Washington.

A special committee has been ap-pointed at Washington to investi-gate just what means the corporation will follow in extending credit for to hold for a better price and to aid the farmer in an orderly market of corn and grain in general,

rigation project was explained by Ward Deming, who has been working on a plan to irrigate Nebraska. A member of the world's champion base ball team, Ed S. Brown, was
