

Five Women Are Selected on Jury To Try Arbuckle

Eleven Temporary Jurors in Box At Close of Second Day—General Interest Dwindling.

San Francisco, Nov. 15.—The end of the second day in the manslaughter trial of Roscoe (Fatty) Arbuckle saw 11 temporary jurors in the box and the general interest in the jury selection dwindling. Five of those selected were women. There was nothing in the sessions to give them any more interest than the ordinary criminal action, although the frequent clashes of opposing counsel occasioned mirth or sharpened curiosity on the part of the spectators and court officers at times.

The questions did not differ materially from those asked at the opening of the trial yesterday. Arbuckle's attitude was of such deep apparent dejection that he remained almost aloof. He did not consult with counsel and at the recess periods remained by himself.

Many Vacant Seats.
There were vacant seats in the court room throughout the day, although the crowd in front of the building to see the principals go to and fro was larger than yesterday. Many of the spectators in court were talesmen who have not been called to the box.

Attorneys said that there was a possibility of the jurors being finally selected by tomorrow night. The activities of the women's vigilante committee, a moral uplift organization, in watching the case and sending representatives to the court room, figured largely in the jury questioning today as it did yesterday. The medical testimony to be introduced was also mentioned.

The talesmen were asked by the defense if such testimony might be connected by them in any way with any possible moral lapse on the part of Miss Virginia Rappe, in connection with whose death Arbuckle is being tried. They answered that they would be guided solely by the evidence.

Women All Housewives.
Indicated transgressions of the prohibition laws by Arbuckle and Miss Rappe would have no effect on the talesmen, they answered. They said that the detention of witnesses by the district attorney would not prejudice them either against the prosecution or the witnesses involved.

The women in the box are all housewives and some of them have children, who, they said, enjoyed the Arbuckle motion pictures. They are: Mrs. Anna Butler, Mrs. Helen M. Hubbard, Mrs. Kitty L. MacDonald, Mrs. L. F. Sanden and Mrs. Edith Unsworth.

West Point Votes Bonds For Electric Light Plant
West Point, Neb., Nov. 15.—(Special Telegram.)—The special election held here today carried by a vote of 318 to 30. This is for the issuance of electric light bonds and the second election held for the purpose.

School District at Stella Falls in River

Stella, Neb., Nov. 15.—(Special.)—So much land has gone into the Missouri river the last few years in the neighborhood, 12 or 15 miles east of Stella, that consolidation of some of the school districts has become necessary. Pupils from Hillsdale district, where there is no school, go to the Boatman school. E. Fritz Slagle, the teacher, has an enrollment of 43, which makes the Boatman the largest rural school in this part of the state.

So much of the St. Derooin district has gone into the river that the district has become too small to support a school. A plan to consolidate with Boatman was advocated, but the few pupils in the St. Derooin district are perhaps five miles from the Boatman school, and as no provision has been made for their transportation they are not in school this year.

Bluffs Hospital Romance Leads Pair, 60, to Altar

Mrs. Emma Lucas and August Louie Slip Off to Des Moines and Get Married.

Mrs. Emma G. Lucas, head of the Jennie Edmundson hospital, and August Louie, manager of the Skinner Baking company, Council Bluffs, were married Monday afternoon at the home of J. D. Edmundson in Des Moines.

Mrs. Lucas and Mr. Louie have been seen together much in the last few years in Council Bluffs. Recently he was very ill in the hospital and friends believe that the romance may have developed there.

Both are more than 60 years old. Mrs. Lucas was head of the Women's Christian association which built a hospital in Council Bluffs that was later merged into the present Jennie Edmundson hospital. Mr. Louie sold out his big bakery interests to the Skinner Baking company, in which he holds a large amount of stock.

Rev. J. P. Burding of the Greenwood Congregational church, Des Moines, officiated. Among those present at the wedding were Mr. and Mrs. J. D. Edmundson, Mrs. E. E. Hart of Council Bluffs, Mr. and Mrs. Frank S. Pinney, formerly of Council Bluffs, and Miss Margaret Anderson.

After a honeymoon in the east, Mr. and Mrs. Louie will live in Council Bluffs.

Aged Man Killed.
Brainerd, Minn., Nov. 15.—With his side crushed and six ribs broken, Andrew Rink, 77, was found dying in the cattle barn at his farm home, 20 miles southeast of Brainerd. Medical aid was secured, but he died later.

City in Wood Business.
Virginia, Minn., Nov. 15.—The city council has again decided to go into the wood business on a limited scale. Men in need of employment will be given jobs cutting 30 cords of wood to be sold in Virginia at cost.

Iowa Guardsmen Sent to Ottumwa To Quiet Strikers

Two Companies From Des Moines Will Maintain Order—Packing House Employees And Pickets Clash.

Des Moines, Nov. 15.—Two companies of Iowa National Guard were ordered by Gov. N. E. Kendall to report for duty in Ottumwa, where a strike of employees of the John Morrell Packing company has been in progress for nearly a month. The troops were ordered, following word from the county sheriff, county attorney and the mayor of Ottumwa that the situation was beyond their control.

Fifty deputy sheriffs, sworn in this afternoon by Sheriff George H. Gilmer, were on duty in the vicinity of the Morrell plant in Ottumwa tonight, according to information received here. Many of these deputies, it was reported are Ottumwa business men.

Strikers in Clash.
According to reports received tonight by Governor Kendall from Adjutant General L. G. Lasher, who was in Ottumwa, no disturbances occurred today except that outbreak early this morning. Between 6:30 and 7 o'clock this morning groups of workers and pickets clashed and a number of men, including several officials of the company sustained minor injuries. There had been a number of previous outbreaks with minor casualties since the strike started October 19.

Workers at the Morrell plant numbering approximately 1,300 walked out on strike following differences over working conditions and a reduction in the number of guaranteed working hours per week. Company officials yesterday reported that it was operating with about 600 workers.

Troops Leave Des Moines.
Mayor Charles Chilton and County Attorney Newton W. Roberts joined Sheriff Gilmer in the appeal to Governor Kendall for troops. All three officials stated that the situation was beyond local control.

It was unofficially stated here tonight that the troops would leave Des Moines shortly after midnight and would arrive in Ottumwa ready for duty before 6 tomorrow morning. Colonel Guy Brewer, Governor Kendall announced, will be in command. District Judge D. M. Anderson late today granted the company a temporary injunction enjoining members of the Amalgamated Meat Cutters and Butcher Workers from picketing the plant, intimidating employees or acts of violence. More than 100 strikers were named defendants in the petition.

Machinists' Mate Dies As Plane Falls at Pensacola
Pensacola, Fla., Nov. 15.—Machinist's Mate Colton was killed yesterday when a seaplane carrying him and Lieut. Steadham Acker and O. D. Spaulding went into a tail spin at an altitude of 1,000 feet and crashed near Baranacas Beach. Acker and Spaulding were seriously injured.

Jeffers Active in Nebraska Rate Case

(Continued From Page One.)

business more bountiful, lower interest and lower freight rates." Mr. Jeffers said that Mr. Each received his statement in a most sympathetic spirit and said the matter would be submitted to the commission. Mr. Each speaking of the rumors about that the railroads would find objections to putting the rates ordered on hay and grain in effect November 20, intimated that the commission could not act until the time set for the railroads to go into operation but he had every reason to believe that if the rates were not put into effect on November 20, the commission would act promptly and issue an order making the rates effective.

Incident to the conversation Commissioner Each said that an order recently issued by the Interstate Commerce commissioners to the railroads having resulted in a saving to the shippers between \$175,000,000 and \$200,000,000, and if the order by the commission on October 20 is carried out with reference to grain and hay it will be an additional saving to the shippers of \$35,000,000.

Chamber of Commerce Urges I. C. C. Order Rate Reduction
The following resolution was adopted at a meeting of the executive committee of the Omaha Chamber of Commerce yesterday afternoon and copies were ordered sent to the Nebraska delegation in Washington.

The resolution: Whereas, the Interstate Commerce commission, in its decision of October 20, 1921, found the existing transportation rates on grain, grain products and hay, excessive, unjust and unreasonable for the future and the commission suggested substantial reductions approximating more than 50 per cent of the increase made as of August 24, 1921, and stated it would expect the reductions to be over working conditions and a reduction in the number of guaranteed working hours per week. Company officials yesterday reported that it was operating with about 600 workers.

Whereas, there is no tangible evidence that the carriers in this territory intend to follow the commission's suggestion that said reductions be made operative on November 20, 1921, even though the commission has aided them to the extent of granting permission to make said reduced schedules effective on five days notice and Whereas, great publicity has been given to these proposed reductions in rates and as a result thereof business transactions in grain, grain products and hay are at an absolute standstill and will continue in that state of stagnation until the scheduled reductions are placed in effect, and this inactivity in agricultural products is reflected to all other lines of business endeavor;

Therefore, be it resolved by the Omaha Chamber of Commerce, through its executive committee, that the present situation constitutes an emergency of such a serious nature as to justify an appeal to our chief executive, our senators and representatives in congress, and to the Interstate Commerce commission to the end that a mandatory order shall be issued requiring the carriers to implement the reduced rates effective November 20, or on soon thereafter as the exigencies of the situation may necessitate, and be it further resolved, that a copy of these resolutions be sent to the president of the United States, senators and representatives in congress from Nebraska, the chairman of the Interstate Commerce commission and to the daily press.

Savings Account of \$1 Earns 17 Cents in 29 Years

Savannah, Ga., Nov. 15.—Twenty-nine years ago Miss Maude Quinn, of Jacksonville, Fla., had a savings account of \$1 started by her mother in the old Savannah savings bank while the family lived here. A letter recently addressed to the bank came into the hands of Charles Rockwell, a former treasurer of the institution, long since defunct, asking what the dollar had earned. It had earned 17 cents according to Mr. Rockwell, and he advised the young lady the account still stood on the books now in his possession.

Senator Trains Guns On Careless Drivers

Washington, Nov. 15.—Senator Thomas E. Watson is all "het up" over the scant consideration shown pedestrians by motorists in the district. When Senator McKellar of Tennessee was run down recently by an automobile while crossing a street, the outraged dignity of the Georgia senator burst forth in the chamber of the senate. "I saw senators jumping out of

the way of those devilish motorcycles and other vehicles," vehemently shouted Watson, "and I saw a dog chasing a squirrel. There was a policeman around. Where was the police? Why don't they get out and do something? These in-recent grounds should be safe for

able to walk about. I ask the District committee to afford Capitol Hill better police protection," he wrathfully concluded. A Frenchman has invented a tric for women's dresses from leaves of the banana plant.

EVEREADY
Flashlights for Sale by the Five Drug Stores of the Sherman & McConnell Drug Co.

EVEREADY
FOCUSING FLASHLIGHT
Any size, may be had at TOWNSEND GUN CO. 1814 Farnam St.

New EVEREADY Focusing Flashlight Throws beam 300 feet long

The new Eveready Focusing Flashlight, with the 300-foot range, has taken the country by storm. Everywhere it is talking about it. Instead of taking time to tell you all about this light, we want you to go to the nearest dealer, pay \$3.75 for it, including the Eveready Battery worth 51 cents and two extra Eveready Mazda lamps worth 60 cents. Ask for "The Spotlight" type. Take it home and try it. After you've flashed it on objects far away, on road signs from the seat of your car, on house numbers, if you don't agree it's the most marvelous flashlight you've ever held in your hand, take it back to the dealer and he will refund your money.

There is an Eveready Flashlight for every purpose—tubular, pocket and lantern types at prices ranging down to 70 cents, including the new Pocket Light at \$1.75. The Focusing Flashlight is designed especially for outdoors, for automobiles, and wherever long range light is required; the Diffused Flashlight for indoors, and wherever a broad field of light is needed.

Only genuine Eveready Batteries will insure long-lived, bright-burning service for your Eveready Flashlight. But—Eveready Batteries fit and improve all flashlights.

Special Exclusive Features of New Eveready Focusing Flashlight:

- [1] Concentrated filament lamp, Eveready Mazda, a new creation.
- [2] True parabolic reflector, Spotlight type, also brand new.
- [3] Shock absorber to prevent accidental breaking of lamp.
- [4] Focusing device to keep "spot" sharp and bright.
- [5] Two extra reserve lamps in bottom compartment.
- [6] Correct battery and lamp renewal numbers stamped on end cap.

Sins of diet often result in pimples and boils

A familiar fresh food corrects their basic cause

THE causes of pimples and blackheads (acne) are always found in lowered vitality, very commonly associated with constipation and digestive disorders," says one skin specialist, and he further says that "the repeated occurrence of boils should always be looked upon as an indication of lowered vitality."

Scientists now know that the real cause of the trouble may be some "sin of diet."

It is now generally acknowledged that the lack of one food factor called vitamin is largely responsible for the lowered vitality that so often brings skin disorders and blemishes.

Something to correct the basic cause of these complaints is clearly needed. Scientists have discovered it in the familiar little cake of Fleischmann's Yeast, for yeast is the richest known source of the food factor essential to perfect digestion.

Physicians and hospitals are therefore prescribing Fleischmann's Yeast as an addition to the diet.

The need for scientifically tested yeast

Fresh yeast has been proved by recent scientific tests to be a valuable food for correcting run-down condition, constipation, indigestion and certain skin disorders. These original tests were all made with Fleischmann's Yeast. Beware of untested yeast-vitamin preparations that contain drugs or other mixtures. Fleischmann's Yeast (fresh) is a pure food, rich in vitamin, in which it measures up to the high standards set by laboratories and hospitals. The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast for Health is sold.

Send 4c in stamps for the booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York City.
