THE last class before Thanksgiving vacation! Who does not remember the endless minutes before the bell finally rings and you can dash out of the class room, clutch your suitcase and sprint for a taxi or the trolley, according to the state of your finances? Few of the Omaha school girls in the east will eat their turkey in Omaha, but most of them have pleasant plans.

Miss Mary Morsman, daughter of Mr. and Mrs. Edgar M. Morsman, Jr., who is at Bryn Mawr, will spend the week-end in New Haven with Mr. and Mrs. Arthur B. Smith, who have often visited in Omaha.  
Miss Helen Rogers, a Vassar student, will be in New York as the guest of Miss Wynne Fairfield, daughter of Mr. and Mrs. E. M. Fairfield. The two girls are classmates.  
Miss Katharine Dooly, daughter of Mr. and Mrs. Henry Dooly, goes to the National Park school near Washington and will spend the holiday with her grandparents, Senator and Mrs. Gilbert Hitchcock.  
Miss Katharine Davis, daughter of Mr. and Mrs. Latham Davis, who is studying in New York at the French school, will go up to Hotchkiss for the Thanksgiving dance.  
Miss Margaret Eastman, who is a Sweetbriar freshman, is planning to go to Litchberg, Va., for Thanksgiving with a school friend.

**Work.**  
Let me but do my work from day to day,  
In field or forest, at the desk or loom,  
In roaring market-place, or tranquil room;  
Let me but find it in my heart to say,  
When vagrant wishes beckon me astray:  
"This is my work; my blessing,  
Not my doom;  
Of all who live, I am the one by whom  
This work can best be done, in the right way."  
Then shall I see it not too great,  
Nor small,  
To suit my spirit and to prove my powers;  
Then shall I cheerfully greet the laboring hours,  
And cheerful turn, when the long shadows fall  
At eventide, to play and love and rest.  
Because I know for me my work is best.  
—HENRY VAN DYKE.

It may be realized this year, or it may be in the distant future. But the plans are in our minds today—its architecture, its conveniences, its arrangement and its furnishing.  
While the plans are being evolved, don't forget that the final perfection in its furnishing comes with the baby grand piano. Let us plan now for a baby grand for "our new home."

## Problems That Perplex

Answered by BEATRICE FAIRFAX.  
**Hard Time Party.**  
A Reader: Yes, I think a hard time party would be appropriate for the Thanksgiving season. It could be carried out thus:  
Have your invitations written on torn butcher's paper in red pencil, and then ask your neighbor's little boy to put on his oldest clothes and dirtiest face and deliver them. For decorations use paper flowers—real ones would not fit into your scheme. Have kitchen chairs in the dining room and use large pumpkins for seats in the living room. Hide all good furniture and bric-a-brac. Use barn lanterns for lights and also candles. Stacks of corn stalks in the room make good pillars and large brown paper cornucopias filled with leaves or paper flowers are splendid decorations. Pumpkins and cabbages when hollowed out and lined with oiled paper are good holders for candy and nuts. Use tin or wooden or paper dishes, paper napkins and no table cloth. Serve cider from a large bread pan and a tin dipper. Give two prizes, one for the most poverty-stricken looking individual and one for the worst hard luck story.  
**Decorations.**  
Secure a Hubbard squash with a crook near the stem. On the yellow stem place a red pepper, and half a red pepper on both sides of the squash. The result is a good looking turkey.  
For a buffet or side table enamel a small basket with black enamel. Fill it with red apples, pears, white grapes and a dainty spray of autumn vine or a few pretty leaves. A large dish may be used instead of the basket if you wish.  
**Matrons:** The foods which should be reduced in quantities or avoided in excessive overeating are sugars, fats, milk as a beverage, and cream, fat meats, nuts, butter, cream, olive oil, pastry and sweets. Walking, swimming, soft hilliards, hill climbing are beneficial forms of exercise for the middle aged and elderly.  
**Aunt Kate:** Surprising how many people have the habit of biting their finger nails and don't seem to be able to use will power to stop it. Here's something that will: It is a nail varnish. Alcohol, 1 1/2 ounces; chloroform, 1/2 ounce; gum mastic, 1/2 ounce; gum myrror, 1 1/2 ounces. Mix. Let stand 48 hours, shaking bottle occasionally. Apply with camel's hair brush. Can be removed with alcohol or hot water.

Face, Neck and Arms Easily Made Smooth, Says Specialist.  
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthol-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins once to soothe the irritated skin and heal eruptions such as rash, pimples and ring worm.  
It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Menthol-Sulphur from any good druggist and use it like cold cream.

**MEAT INJURIOUS TO THE KIDNEYS**  
Take a tablespoonful of Salt if Back hurts or Bladder bothers.  
We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.  
The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.  
When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.  
Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

**FASHION'S BLUE BOOK**  
  
By CORINNE LOWE.  
New York.—(Special Correspondence.)—Naturally the subdeb gets the subwaist. For she shares in all the mature models, no matter how simple, and why should she not in the elongated blouse of today's fashions? This frock for the girl of from 14 to 18—it is quite as good for her older sister—is of navy canvas-crepe with plicated side panels falling from steel plaques attached only to the sides. An unusual detail of this model is the vestee of finely plaited handkerchief linen. This may be of either white or red.  
The crepe frock continues much in evidence, and many of the afternoon models from Paris have the same old short sleeves. A favored trimming is steel beads. Still another is monkey fur.  
And the fringe, which is more or less discredited in America, is located in Paris on some of the most exclusive models. These crepe frocks range from simple little tailored affairs to the most elaborate of designs for afternoon and dinner wear.
