

Larsen Appeals Award to White In Trophy Race

Prize Money Already Paid by Local Club When It Received Notice to Hold Up Payment.

The Larsen trophy race hasn't been won yet.

Officials of the Aero club of Omaha were notified by telegram yesterday by Caleb Bragg, chairman of the contest committee of the Aero club of America, to hold up award in the race and the prize money pending a hearing before the contest committee of the Aero club of America.

The telegram from Bragg followed the filing of a protest by John M. Larsen, donor of the trophy and owner of the J. L. 6 monoplane which were given second and third places in the race by the local contest committee.

The telegram, however, came too late in one respect. The prize money of \$3,000 already had been paid to E. F. White, who, according to the Omaha ruling, won the race. The money was paid over when a temporary restraining order preventing payment of the money was dissolved in district court.

"I am positive of what the outcome will be when details of my protest have been heard by the experts on the Aero club of America's committee," said Larsen. "They are engineers who understand airplanes

and know what my ship will do and what White's ship will do. "It is unfortunate, but I rather imagine the Aero club of Omaha will find itself in an embarrassing position by having already paid White the \$3,000. They'll have to dig up another \$3,000, of that I am certain."

Larsen is scheduled to leave this morning in one of his monoplanes piloted by Eddie Stinson. He plans to make the flight "all the way to New York today."

Number in Omaha Without Jobs 3,800

Employment Situation Here Considered by Welfare Workers.

No definite action to relieve the unemployment situation in Omaha was outlined at a special meeting held yesterday in the Chamber of Commerce rooms by the employment committee of the chamber and representatives of welfare organizations.

School Children Asked To Report Fire Traps

The first civic work to be undertaken by the junior division of the Chamber of Commerce since its organization several weeks ago is a fire prevention campaign among school children. The idea was outlined at a meeting of the executive committee of the organization.

Literature is being sent by the junior division to school children throughout the city requesting them to make reports of possible fire "traps" about their homes. Mount Burns, vice president of the junior division of the chamber, presided. A drive is being made for 35 more members in the organization to bring the total up to 100 by December 1.
