tomato was America's favorite vegetable in 1919, according to statistics made public recently by the census bureau of the Department of Commerce. The output of tomatoes constituted 21.14 per cent of all vegeta-bles produced in 1919, and it required 316,399 acres to supply the demand of the American public for this appetizing side dish. Maryland led all states in the production of tomatoes in 1919, with a total of 58,083 acres; New Jersey was second with 36,986 acres, and California was third with 31,410 acres. Second to tomatoes in popularity

was sweet corn, with a total acreage

Arabian Desert Conquered With British Planes

nable Barrier" Between Mediterranean Sea and Persian Gulf.

By H. K. REYNOLDS. Washington, Nov. 19 .- The Arasian desert, which always was regarded as an impregnable barrier to direct communication between the Mediterranean sea and the Persian gulf, has been conquered by air plane, according to advices to the

army air service.
Instead of attempting to cross the desert, airplanes heretofore were accustomed to fly a semi-circular course around its northern extremity. thereby traveling many more miles than the distance which actually seppanse of sand.

The route will be 580 miles in length. It will pass through Anman in Transjodania and Kasrel Az-rak, where landing fields now have been established, and then will take an almost straight line across the desert to Ramadic, on the Euphrates, and then to Bagdad,

royal air force, with the co-opera-tion of the Emir Abdulla, who helped in the building of an advance Jerusalem. A fleet of airplanes, armored cars loaned by the British war office, and

desert tenders fitted out with wire-desert tenders fitted out with wire-ket: "Realtors from all over the coun-"Realtors from all over the counsembled at Anman to begin their advance into the desert.
