

Man Slain by His Chauffeur; Widow Kills Self

Row With Cook, Chauffeur's Wife, Leads to Shooting—Widow Views Body, Commits Suicide.

St. Louis, Nov. 24.—Mrs. Henry B. Graham, formerly Miss Georgina Shore of Springfield, Ill., whose husband was shot and killed by a negro chauffeur in the Graham home Monday night, last night shot and killed herself with a .38 caliber revolver in her bedroom on the second floor of the home shortly after her parents and sister left her, after visiting at the side of her dead husband, whose body lay in a casket in the first floor of the home.

Mrs. Graham was a fourth wife. Two of her wives were divorced. Her first wife died.

Three children survive: Mrs. Dorothy Fields, aged 21, of Coronado, Cal.; Majorie, 19, and Henry, 10, at home.

Graham was shot following an altercation with his negro chauffeur which the latter claimed resulted from an argument Graham had with the negro's wife, who was a cook in the Graham home.

Friends of Mrs. Graham attributed her act to the fact that a trust created by Graham made no provision for her to share in the \$500,000 estate left by him. The three children were named to share the estate at the time they were each 25.

Bandits Battle Detectives.

Chicago, Nov. 24.—Three bandits bent on a holdup walked into five detectives in a cigar store at 5359 West Madison street last night. In the ensuing gun battle two of the bandits were shot and may die. The other got away.

Sergeant Thomas Grattan and a "diver squad" from the detective bureau had been assigned to investigate charges of gambling in the rear of the store, which is operated by Edward Mahoney.

One of the sergeants, William Knowles, remained on guard in the front of the place. The others went into the rear. As they were there an auto drove up in front of the store. Three men got out and walked in. They carried guns. "Stick 'em up," they said to Sergeant Knowles.

Then the shooting started.

Land Armaments Outside Conference

Washington, Nov. 24.—Until the nations of continental Europe can reach some understanding on the limitation of land armaments, nothing practical along that line can be accomplished.

Certainly the Washington conference, which promises to accomplish much to promote world peace through naval limitation and Pacific adjustments, cannot concern itself very far with the ramifications of distinctly European politics which are involved in the complex subject of armies.

This much was practically determined today at a meeting of the "big five" of the conference, which decided to refer the subject of land armaments to a sub-committee to report on procedure, with particular reference to poison gas, aircraft, and rules of international law.

Rhine Yanks Eat Turkey.

Coblentz, Nov. 24.—(By The Associated Press.)—Eleven thousand American soldiers stationed on the Rhine tucked away 13,000 pounds of turkey as the piece de resistance of their Thanksgiving dinner. There were the usual trimmings of cranberries, raisin and pumpkin pie and hot plum pudding.

While the plum pudding and pumpkins for the pies were sent from the United States, the turkeys were bought from German farmers and cost only 11 cents a pound as compared with 88 cents paid last year for turkeys shipped from America.

Nearly every unit was represented in the foot ball games, of which a score were held.

Fires Only Excitement

On Thanksgiving Day Two fires yesterday morning provided the only excitement on Thanksgiving day in Council Bluffs. An overheated furnace caused a blaze at the home of Conrad Ehrig, 209 North Ninth street. The flames crept up the woodwork to the bedroom, awakening Mrs. Ehrig. The fire department arrived in time to prevent the spread of the fire to other rooms.

A shed in the rear of the home of H. E. Holland, 2409 Avenue A, was destroyed by fire which started from hot ashes piled against the west side of the building. A strong wind fanned the blaze and for a few minutes other houses in the vicinity were threatened.

Thief Emulates Pilgrim

"Shoots" Turkey From Store Emulating the Pilgrim fathers who used to go out and shoot a turkey for the Thanksgiving feast, some person Wednesday night went out and "shot" one by throwing a brick through the window of the Marsh Grocery company store, 1820 North Twenty-fourth street, and taking the largest of several turkeys which hung in the window.

Two Indictments Returned Against Escaped Convict

Phoenix, Ariz., Nov. 24.—Two indictments, one containing four counts, charging Roy Gardner, escaped convict mail robber, with attempt to rob United States mails at Maricopa, Ariz., on November 3, and at Phoenix on November 15, were returned by the grand jury in the United States district court here late yesterday. Gardner pleaded not guilty to both indictments.

Immediately after Gardner entered his plea to the first indictment, his attorney, Carl A. Davis, received permission to file a written motion in which Gardner asked the court to have a jury determine his sanity at the time of the alleged offenses.

The motion filed by Gardner's attorney contained a statement by Mr. Davis which declared that the defendant was "not guilty of the offense charged against him, for the reason that at the time referred to in the indictment he was mentally unsound and did not have a criminal intent."

Both cases were set for trial December 5.

Bandits Hold Up Passengers On Train at Spokane, Escape

Spokane, Wash., Nov. 24.—Two armed, unmasked men boarded the observation car of Northern Pacific passenger train No. 1, west bound, as it left the Spokane Union station at 9:10 o'clock last night and robbed the few passengers in the car of about \$50 in cash and a considerable amount of jewelry.

The robbery took place in plain view of people on the station platform and employees in the railroad yard. The robbers jumped from the train before it had gone over 200 yards and were chased by yard workers. The Northern Pacific tracks are on an elevated structure and the robbers escaped by sliding down a coal chute. The train was not stopped. Details were telegraphed back later.

Y., is held awaiting action of the postal authorities after an encounter Tuesday night with Private Philip Wasserman, a marine, guarding a Baltimore & Ohio mail train near Washington Junction, Md. A companion, George Glines, believed to have been shot, is being sought.

"Spirits" to Convince Jury Mate Innocent, Bigamist's Wife Says

Cincinnati, Nov. 24.—Will an Indiana court allow a "spirit" to testify? If it will, William Long, of New Albany, Ind., alleged bigamist, says he will be acquitted. Marjorie Gayle Long, wife No. 2, while in a "trance" told her husband that if he would put her to sleep in the court room and have a Bible there her spirit control would convince the jury that he was not guilty. Long's attorney, however, had advised him that the case would be tried by the law of Indiana and not the Bible. Marjorie, in her "trance" advised Long to get another lawyer. She named an attorney, who, she said, would agree to permit spirit testimony.

Long is accused of having failed to obtain a divorce from Mary Lee Long before he married Marjorie.

Broad grins spread over pain-tortured countenances of ex-service men in local hospitals Wednesday night, when overseas service girls they knew in France called, bringing baskets of Thanksgiving goodies.

"I wanted to be home for Thanksgiving," said one disappointed youth, "but this kinda helps along." Some who had been in hospitals a year ago, contrasted the thanklessness of that day, unmarked by any evidence of concern for those who went dutifully on the firing line.
