# Doctors Divided on

Chicago, Dec. 22-(By A. P.)-Three thousand and sixty-three physicians in Indiana and Illinois, replying to the alcoholic liquor ques-tionnaire sent to 53,900 doctors by the Journal of the American Medical association, divided almost equally on the value of whisky as a therapeutic agent, while a big majority declared they did not consider that wine and beer had any value in medicine.

The Journal, in its issue of De cember 24, will announce the tabulation in these two states, the first in which the canvass has been completed

The doctors returned a majority in favor of restrictions on the prescribing of whisky, wine and beer, and a imit on the number of prescriptions to be issued by any one physician.

## Additional Farm Aid Bills

Introduced in Senate Washington, Dec. 22.-Senator Mc-Cumber, republican, North Dakota, introduced two bills designed to give further relief to farmers in crop fail

ure areas. One measure would set aside \$5,000,000 from which farmers in crop failure sections could borrow for the purchase of seed grains to the maximum of \$300. The other bill would reimbuse farmers who received loans from the government in 1918 under the seed purchase fund of that year and who later borrowed from private sources to repay the government advances.
