

Bankers Planning Heavy Purchases of Foreign Bonds

Proposed Investments Believed Subject of Conference Recently Held With Secretary Hoover.

Herbert Hoover, secretary of commerce in President Harding's cabinet, was in conference in the holiday week with representatives of the Investment Bankers' Association of America.

The conference was held in the city of Washington and was the first of the kind since the outbreak of the war.

Mr. Hoover has for some time spoken for publication in a full spirit of optimism regarding the future of the world.

Probably many of the foreign loans negotiated here in the past few months were for the purpose of financing the war.
