

Democrats Rap Own Measures, McKelvie Says

Asserts Keith Neville Is Man Who Inaugurated Projects Republicans Had to Complete.

Lincoln, Jan. 16.—(Special.)—Arthur F. Mullen, democratic member at the law-suit in Omaha Saturday, must have reached down into the bag of general discontent and pulled out what he thought would be most popular without considering which party recommended the things he complained of in the resolutions adopted.

This was the statement made by Governor McKelvie today in discussing the attack on the state administration. He pointed to one subject of attack after another, which he claimed, were laid on the public by the democrats. The governor said:

"First, they criticized appropriations and demanded a reduction, and in the next breath criticized a special session which was the only way that a reduction can be accomplished. And reduction of appropriations is the primary reason for calling a special session."

Policy Was Neville's. They attacked the state police. The democratic governor, Keith Neville, urged and obtained passage of a law calling for state sheriff and deputies. Wallace Wilson, appointed by Governor Neville, was the first state sheriff.

They attacked matching of state appropriations with federal appropriations to build good roads. In 1917 the democrats pledged a five-year federal aid road program, which can be found on the statute books. They began to carry it out and we finish the five-year program this year.

Advocated Code System. They attacked the code departments. Special committees and democratic governors recommended the code and budget system of government for years. But always they failed to put their promises into action and it fell to the republicans to do it.

They demanded election of local assessors by direct vote of the people. The assessors are being elected that way right now. I always looked upon Keith Neville as a clean-cut, fair-minded man, but the role he played in Omaha Saturday in countenancing attacks on plans made and carried out during his own administration indicated that he is playing politics.

Legislature to Act On Four Big Issues

(Continued from Page One.) sideration of those measures outlined by the governor.

Pay for 10 Days. The members are permitted to work only 10 days on pay. Any time spent in excess of 10 days is a patriotic contribution to the state at no expense to taxpayers.

Amendments to the guaranty law probably will be decided upon at a meeting of bankers in Omaha, January 18.

Governor McKelvie has announced that this proposition should and would be handled by bankers and he probably would sanction any amendment they saw fit providing it did not weaken the guarantee of losses to depositors.

Board Trims Expenses. The trimming done by the board of control in compliance with a request by Governor McKelvie several weeks ago to all existing agencies includes the following:

Elimination of appropriation for juvenile research, \$20,000; elimination \$8,000 appropriation for new laundry building at Milford; elimination \$15,000 for new sewer system at Lincoln state hospital connecting with city sewer, \$15,000; reduction of \$20,000 in \$300,000 allotment for new reformatory for men at Lincoln; reduction of \$8,000 in \$50,000 appropriation for new building at girls' industrial school at Geneva; reduction \$125,000 for hospital building at soldiers' home, Grand Island; deduction \$6,000 in \$12,000 appropriation for new wells and equipment at Hastings; increase hospital, \$2,500 lapped from \$35,000 for complete new kitchen equipment at Norfolk insane hospital.

Other Small Reductions. There are other smaller reductions which the board announced today could be made to ease the financial depression because of drop in prices of equipment and because Governor McKelvie stated so emphatically at the recent meeting that the taxpayers must have relief.

John M. Denton, state superintendent, announced today that \$40,000 would be suggested by him as a reduction in appropriations for his department.

Entire elimination of \$250,000 appropriated to build a memorial gymnasium on the campus at Lincoln was announced a week ago by Governor McKelvie.

Fuss With Popcorn Man Draws Ten Dollar Fine. Fred Malsenbacher, 3013 North Fourteenth avenue, was fined \$10 in Central police court yesterday, following arrest Sunday night, when he and Louis Freedman, a crippled popcorn vendor, nearly came to blows at Fifteenth and Douglas streets.

Malsenbacher told Judge Wappich that he accidentally stepped over an ice-cream carton belonging to Freedman when he came out of the Rialto theater. The argument started when he returned and offered to make good the damage. He said.

Woman Accuses U. S. of Neglect of Indians

Miss Elizabeth Haupt, Indian missionary and literary authority, of Washington, D. C., now visiting California, charges that government neglect has deprived Indians of California of a home and maintenance.

The reservation near Chico, Cal., once their home, has been taken from the redskins because of non-payment of taxes, and Miss Haupt's report to the government agents will include many other charges of neglect.

The territory grant near Chico was the gift of the late Mrs. Bidwell, widow of the famous Gen. Bidwell. No government reservation has ever been granted, Miss Haupt alleges.

Davenport and Williams Given Sham Execution

Defense in Thorsdale Murder Case Charges Clients Were Terrorized at Spot Where Body Was Found.

Des Moines, Jan. 16.—(Special Telegram.)—Charges that Sheriff W. E. Robb took George Davenport and Joe Williams to the spot where Sarah Barbara Thorsdale's body was found, placed ropes around their necks and lifted them from the ground, while shots were fired nearby, were made in court today in the arguments before Judge Lester Thompson in the trial of Joe Williams for the murder of Miss Thorsdale, Monday afternoon.

Judge Thomas J. Guthrie, special prosecutor for the state, declared Williams was taken out and given the third degree only after George Davenport had been subjected to the same treatment. Guthrie declared Davenport was given "ten times worse treatment than Williams."

"And furthermore," said Guthrie, "I believe the man Williams was informed of what was going to happen to him by his friend and advisor Sheriff Robb."

Plan to Arouse Interest in Dairies

J. W. Mylet of Extension Service Here Doing Missionary Work.

A dairy association in each county in Nebraska is planned by J. W. Mylet, proprietor of the Morning-side dairy farm at Clarks. He has recently been appointed manager of extension service for the dairy association. Although his headquarters are in the Central National bank at Columbus, he is now in Omaha conferring with business men who wish to encourage the use of milk cows.

"I expect to hold dairy meetings at each county seat," said Mr. Mylet yesterday. "Dairying is the short way to get out of the agricultural depression. There is profit as well as hard work in dairying. Interest must be aroused in the country. Farmers must learn how to handle cows and secure a market for the milk. Once the supply of cream warrants it, refrigerator cars can be obtained to carry it to Omaha, and once there is sufficient interest in dairying, ways will be found to finance any farmer wishing to go into the business."

County Board Votes Down Budget for Farm Bureau

Kearney, Neb., Jan. 16.—(Special.)—The Buffalo county board of supervisors, following public hearing on a petition urging abolition of the farm bureau in this county, announced the hearing would be continued until February. The board then adjourned to a committee room and, after a brief closed-door session, reversed its decision and denied the farm bureau request for an annual appropriation. What prompted the sudden reversal has not been learned. In the meantime, in accordance with the law, another petition has been filed asking that the appropriation be put into force for 1922. This petition will be voted upon at the February board meeting.

DR. BURHORN'S Chiropractic Health Service

Headaches, backaches, colds, lumbago, rheumatism, neuritis, throat troubles and nervousness respond to Chiropractic adjustments as well as liver, stomach and kidney troubles. 414-26 Security Bldg., Corner 16th and Farnam Sts., Doug. 5247

Osborne Speaks at Sunrise Meeting Held for Farmers

F. W. Thomas, and John Flannigan of Finance Board Are Also Honor Guests at Chamber Luncheon.

C. J. Osborne, president of the Nebraska Farmers' Union, F. W. Thomas, chairman and John M. Flannigan, secretary of the Omaha agency of the War Finance corporation, were the guests of honor at a farmers' "sunrise meeting" at the Chamber of Commerce yesterday noon.

Opposes Burning of Corn. "Farmers of the state should not burn or destroy their surplus products in any manner," President Osborne said. "Just now it seems hard to get rid of the surplus, but in a short time the pendulum is going to swing the other way and the world will be needing our surplus products. A market will have been created and those who have held on will be able to sell their produce at a profit."

Mr. Osborne also outlined the activities farmers plan for the coming year and how they intended to carry on in spite of the many reverses they have met.

Describe Finance Work. F. W. Thomas and John M. Flannigan described the activities of the War Finance corporation and what it has been doing to help the farmers in their financial difficulties. A. L. Hobbs, song leader, and Ben F. Marti, garbed as "hayseeds," furnished the fun of the program.

Senator Attacks Shipping Board

King of Utah Says Harding Should Tell Officials to Stay on Job.

Washington, Jan. 16.—Officials of the shipping board were described by Senator King of Utah, as propagandists, who said President Harding ought to tell them to stay on the job and run the board. He asserted the officials of the board were engaged in "stirring up sentiment for a subsidy" and declared that the time had come for "stump-speaking to stop."

Mr. King made his attack during discussion of a measure to give the board authority to acquire a site in the Virgin islands for a fuel station and fresh water reservoir.

"I wish," he said, "that Mr. Lasker and the others on the board would devote some time to the administration of their affairs. That is their duty, rather than spreading propaganda. Every few days we read of some official making a speech in favor of government subsidy, continually and increasingly stirring up sentiment favorable to a subsidy."

Their actions, he continued, have been a menace to the proper direction of affairs. He added, however, that those who hitherto had been at the helm of the board were "no better" than those now in charge.

Volunteer Firemen Flocking to Norfolk

Norfolk, Neb., Jan. 16.—(Special Telegram.)—The fortieth annual convention of the Nebraska Volunteer Firemen's association opens here for a three-day session Tuesday night. The delegates, expected to number 1,000, are filling the city today.

C. R. Frasier of Gothenburg, president of the association, is here and will open the convention in the auditorium at 7.

Following this session the firemen will hold memorial services in memory of departed comrades. John Martin of Fremont, vice president of the association, is being honored for the presidency.

North Platte, Columbus, Fremont and Scottsbluff are in the field for the next convention.

Filly Youths Given Fines of \$10 for Having Liquor

Beatrice, Neb., Jan. 16.—(Special Telegram.)—Otis Wright, John Hazelton, Guy Steece and Taylor Jackman, the four young men of Filley who were arrested last week charged with intoxication and illegal possession of liquor, appeared before Judge Ellis this evening. Wright and Hazelton pleaded guilty to the intoxication charge and were fined \$10 and costs each. The cases against Jackman and Steece were dismissed at the request of the complaining witness.

The "Food-Drink" for All Ages. Quick Lunch at Home, Office, and Fountains. Ask for HORLICK'S. Avoid Imitations and Substitutes.

Safe Milk For Infants and Invalids. NO COOKING.

Finance Company Gets Applications

New Co-Operative Concern to Help Farmers Is Doing Business Direct.

A number of applications for War Finance loans is coming direct from farmers to the Nebraska Agricultural Finance corporation, 1411 Woodmen of the World building. This organization has been set up by several hundred Nebraska banks to co-operate in bringing new money to the state. E. F. Folda is secretary-treasurer.

This state-wide loan company, having stockholders in practically every locality, is able to extend credit for agricultural purposes without it being necessary for the farmers to put their paper through their local bank for a guarantee. In case the farmer's security is good and proper, he is able to get his loan from the War Finance corporation in this way without his local bank having to guarantee it.

The member of this loan company also are sending a quantity of paper in for rediscunt. Less margin is required on this guaranteed paper than on that coming direct. The interest rate on all these loans is 8 per cent.

Two Sailors Believed Slain in Raid on Rum Schooner

Biloxi, Miss., Jan. 16.—Discovery of two bodies of men, apparently foreign sailors, on the beach here has led to 10 arrests by the local police, who assert the men were killed in a fight which followed an attempt last week to hold up and raid a liquor-smuggling schooner at anchor near the coast.

Funny thing about ketchup

You don't buy ketchup for ketchup's own sake. You buy it for the sake of the other things on the table. Heinz Tomato Ketchup has a zestful tang that gets the other things eaten—eaten and enjoyed.

HEINZ TOMATO KETCHUP

Wishing you'd heal that rash—Use RESINOL. Soothing and Healing. The first application stops the itching torture and helps to clarify the angry skin.

Cuts your gas bill in half. You can save half your gas bill. And \$5 a month on your meat bill. Using a National Pressure Cooker. Why not put this money in the bank each month? It is yours and there is no reason why you should waste it. Doctors recommend Pressure Cookers for invalids. Nourishing oatmeal cooked in 15 minutes.

National ALUMINUM COOKER. Demonstration Fifth Floor. NATIONAL Cookers Sold on Easy Payments.

Whisky Sleuths Find Man Guarding Liquor

Grand Island, Neb., Jan. 16.—(Special Telegram.)—Sheriff Lorenzen and Deputy Sheriff Seivers, acting on a tip, scoured one of the wooded islands of the Platte and finally ran across a man who gave his name as Ryan, and his home as South Omaha. Both of these officers are of German descent, however, and knew from the stranger's accent that the find was at least not Irish or English descent. When they finally addressed him in German, Ryan fell for it, answering in a tongue not familiar to Cogh. While one of the officers engaged him, the other looked about more thoroughly and found 17 gallons of liquor over which he had been keeping guard while, as he had said, he was waiting to meet another man.

The Bee contest for amateur photographers closes February 1.

Missing Seaplane Safe.

Washington, Jan. 16.—The commercial seaplane reported lost off the east coast of Florida has arrived at the Island of Bimini, south of the Bahamas, according to a report received by the Navy department. Naval orders directing subchasers to search for this aerial cruiser have been rescinded.
