TWENTY-FOUR LESSONS IN PIANO PLAYING---TWELFTH LESSON: G

(GROVE'S MUSIC SIMPLIFIER.) (Copyright, 1920, by W. Scott Grove, Scranton, Pa.

Lesson No. 12

The key of G Sharp Minor is the relative of the key of B Major and is somewhat more difficult than the lesson previously presented, but sents a chord. Beginning with the upper row,

to melodies in the key of G Sharp Minor,

INSTRUCTION-Place chart upon the keyboard of plane or organ, so that the small white letter D with a dash above it, at the bottom of the chart, is directly over the key D on the keyboard. The white and black spaces will then correspond to the white and black keys. Each of the three horizontal series of letters repre-

making the first chord. Then, in the same way, play the notes indicated in the second horizontal series, then those in the third and back to the first, forming a complement of chords in the key of G Sharp Minor.

If you will play this chord over and over until you know it perfectly, remembering the letters as well as the keys, you should have no difficulty in playing simple accompaniments to songs sung in the key of G Sharp Minor. Pa-

fu' results in any endeavor and these two qualities are the firm foundation in the mastery of a musical education.

The avenue to the easy understanding of modulation from one key to another is opened, and the difficulties more easily surmounted by the knowledge obtained through the aid of

Grove's easy home lessons. Every teacher and advanced scholar in music knows, or should know, that modulation cannot be understood without a thorough knowledge of chords-their inversions and triads, with their pesitions.

Every triad in black letter is marked 1, 3, 5. Always read it so, no matter in what vertical order the notes may be written. Note that the small letter D with a dash above it must not

NEXT LESSON-Key of F Sharp Major, six sharps, or six flats.

Strong, Healthy Eyes Make Attractive Faces

City Physician Tells How to Strengthen Eyesight as Much as 50% in a Week's Time in Many Cases by a Simple Home Treatment.

Dr. Judkins, former Chief of Clinics at the Union General Hospital. Boston, Mass. and House Surgeon at the New England in February, says: "I have found oculists too prone to operate and yopticians too willing to prescribe glasses, while neglecting the simple formulas which get me the time to the eyes. I am thoroughly convinced from my own experience with Bon-Opto that it will strengthen eyesight at least 50% in one week's time in many instances." Dr. Judkins' statement will bring hope to thousands of victims of eyestrain and other eye-weaknesses, as well bring hope to thousands of victims of eyestrain and other eye-weaknesses, as well whose eyes were falling report remarkable results from the use of Bon-Opto.

One man says: "I was almost blind—could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully: now they feel fine all the time. It was like a miracle to me."

A lady who used Bon-Opto says: "The atmosphere seemed hary with or without glasses, but after using Bon-Opto for fifteen days everything seems clear. I can machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street on, which for several years looked like a dim blur to me. I cannot express my joy for what Bon-Opto has done for me."

It is believed that thousands who wear glasses. If you have trouble with your eyes and best to stengthen their eyes and the trouble and expense of getting glasses. If you have trouble with your eyes and want relief, go to any drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet into a fourth of a glass of water; with the liquid b

teen days everything seems clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eyestrain caused by overworked, tired eyes, which caused violent headaches. I have worn glasses for several years, both for distance and close work and without them I could not read my own name on an envelope, or the typewriting on the

This Great Free Offer for Five Days

Are Weak, Thin or Emaciated Due to Causes Explained Below HUNDREDS of thousands are taking Yeast Vitamines—They may be just what you need to increase your weight and energy and give you that good firm flesh which you may have so long desired. The fact (mine Tablets, mixed with drugs, without obtaining results would not prove that our Genuine Yeast

Vitamine Tablets (pure and un-adulterated) would not help you. A small tablet which contains drugs might not contain a suffic-ient quantity of Vitamine to do you much good. Therefore, no matter what you may have tried without obtaining results, we advise you to get a free \$1.00 package of our Genuine Yeast Vita-mine Tablets from your dealer today. Try them for ten days and

watch the results.

Investigations of the Medical Research Committee (composed of eminent physicians and scientists) would seem to show that no matter what quantity of food may be taken, if such food is deficient in Vitamines, you gradually lose flesh and become thin and weakened, while a much smaller quantity of food, rich in vitamines quickly produces good firm flesh, and increases weight, strength and energy, provided your blood contains a suffic ent quantity of oxygenated organic iron to enable you to assimilate your food properly. Without organic iron both food and Vitamines are absolutely useless, as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of or-ganic iron in your blood,

markable tranformation it will qui make in their appearance.

Blood examinations by physicians all over the country have shown that an enormous number of people are deficient in hemogobilin or iron content in the blood stream, and this is often the real underlying cause of a thin, emacrated, weak and run-down condition and it is for this reason that thousands of people may take Vitamines without obtaining results. It is not the fault of the Vitamines but it is the fault of your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food as it is absorbed into your blood, like fire unites with coal or wood and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes through your body without doing you any good. Therefore, in practically every case where Vitamines are necessary, organic iron is also necessary.

For canturies scientists tried in vain to pro-
