U. S. Exports Drop to Lowest Level

Erports in January as Compared With January, 1921, Represent Falling Off of More Than Half.

Washington, Feb. 13.-The value of American exports in the first month of the new year dropped to the lowest level recorded since Au-28 gust, 1915. Figures made public by the Department of Commerce today with respect to the nation's foreign trade last month showed exports valued at \$279,000,000 and imports amounting to \$216,000,000.

Department of Commerce officials emphasized that the falling off in the case of both exports and imports 1.60 was due in a large degree to the decrease in prices.

Exports as compared with January, 1921, represented a falling off of more than half, or \$375,000,000. These figures as to the foreign trade of the nation in the first month

Discharge of Navy Pay of City Employes Workers Scored by Union Head

Government Asked to Provide Work for Men Thrown

Washington, Feb. 13.-Discharge without warning of thousands of navy yard workers whose services were no longer required because of the armament limitation agreement, was characterized yesterday as "extremely inconsiderate, heartless and inhumane," and an act of "broken faith," in a letter sent by William H. Johnston, president of the Inter-national Association of Machinists

to President Harding. The administration was asked to all forms of armament manufacture out of the hands of private contractors and plants, by speeding up plans for the construction of naval auxiliary craft allowed under the disarmament treaty, and by arranging for the manufacture of supplies for the civil government in the navy yard

merce.

For the seven months ending with 154,636,000,000 compared with \$4,636,000,000 the doctor's evasive words only during the corresponding months of dent. True as she would, she could hoped, though she knew that he did doctor's evasive words only served to strengthen. ter said. "Instead, it has been singularly lax and apathetic. Indeed it has the very arrogance to throw men long in its employe, out of service we have been able to note is a callous lack of interest in and indifference to the problem so serious to all workers.

An agency should be at once esablished in the navy department, the letter said, to seek and secure work from all other departments and bureaus for the yards.
