London, Feb. 16.—(By A. The suspicious aroused in Ireland by the suspension of the troop movement are reported to have been provoked by the contradictory statement in parliament yesterday of Lord Chancellor Birkenhead and Secretary for Colonies Churchill. The former, speaking in the house of lords, in timated that the halting of the evacuation was due to disorders in the south, while Mr. Churchill told the house of commons that it was in consequence of troubles in the north and detention of the Monaghan football players by Ulster authori-
