KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system; eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

Getting Rid of a Stubborn Cough Is Child's Play Now

Make the Medicine Yourself at Home. It's Cheap—but You Can't Beat It.

If you want to take care of that bad, lung or cough and do it in a few hours, better get one course of Parmitin (double strength) and mix a half pint at home. You can do this in ten minutes by adding a little sugar and enough water to fill a half pint bottle. You'll travel the world over before you get a medicine that will act so surely and quickly on the mucous membrane of the nose and throat. It halts the inflammation, the tickling sensation stops with the first spoonful, the heavy breathing ceases and clean mucus, free from irritation and mucus follows. For catarrhal conditions such as mucus droppings, clogged nostrils and watery eyes, it won't disappoint—ask for Parmitin (double strength). Speak plainly so that the druggist will know exactly what you want.
