

Heavy Snow and Sleet Storm in North Subsides

Four Deaths Reported in Minnesota—Attempt Made to Restore Rail and Wire Traffic.

St. Paul, Feb. 23.—Reports from the northwest tonight indicate that the snow, rain and sleet storm that has prevailed for the last two days had subsided, the wind dying down late today.

The precipitation had ceased at almost all points in the territory affected by noon and efforts were being made to restore the demoralized rail, highway and wire traffic.

Four deaths had been recorded as a result of the first storm, two in St. Paul, one at Rochester and another at Dilworth, Minn.

Cold weather was following cessation of the storm, with weather below zero reported from North Dakota and upper Minnesota states.

The head of the lakes country appeared to have had the greatest amount of snow, Duluth and Superior recording 32 inches. To the west, while the snowfall was not so heavy, it was piled in great drifts by high winds which filled the railroad and highway cuts so that travel by train or vehicle was impossible.

Two thousand poles belonging to the Tristate Telephone and Telegraph company in southern Minnesota are down as a result of the sleet storm, George K. Cann, general superintendent, announced tonight. He estimated the cost of repairing damage would be between \$75,000 and \$100,000.

Blizzard Reaches Chicago.

Chicago, Feb. 23.—Chicago, which yesterday enjoyed the warmest weather on Washington's birthday since 1871, was preparing tonight for what the weather bureau predicted would be the most severe blizzard of the winter.

Accompanied by snow flurries, a bitter wind sent the temperature down 40 degrees in 24 hours.

Meanwhile, states north and west were floodbound and heavy damage was reported in parts of Iowa, Michigan, Wisconsin and Minnesota. In Missouri, Kansas, Oklahoma and northern Texas, the warm rains of Wednesday turned to sleet today, while the temperature dropped rapidly.

The robbery was discovered yesterday morning by clerks, who found the rear door open and the clothing racks empty.

Portland Cops Seek Scientific Burglars

Portland, Ore., Feb. 23.—Police today were seeking scientific burglars who burned a 14 by 16-inch hole in the door of the safe of the Montavilla Savings bank, an institution in the outskirts of the city, last night.

One of the gang crawled through the opening and unscrewed a poison gas container, said investigators. The robbers, however, failed to open the inner door of the safe and were frightened away without obtaining any money.

Among the things left by the thieves in their flight was a small bottle containing an antidote for effects of poison gas.

Rev. E. M. Brown's Wife Testifies to Alleged Cruelty

Tells Judge Sears, in Action for Divorce, That Minister-Husband Treated Her as Servant.

Charging that her husband "looked upon her as a servant" and had ordered her out of the house four times, Mrs. Irene Loomis Brown testified in her suit for divorce from Rev. Edgar Merrill Brown, pastor of the Dietz Memorial church, yesterday in district court before Judge Sears.

The minister was not present at the hearing. His friends said he was in Chicago or on a train coming to Omaha.

The testimony of the wife, as well as that of her father, J. H. Loomis, a chemist at the Richardson Drug company, referred to Rev. Mr. Brown's alleged cruelty. They testified that the minister had also ordered the father from his house.

Mrs. Walter Loomis of Des Moines, a sister of Mrs. Brown, with whom she stayed after her flight from Omaha, was present at the trial.

No mention of the acquisition of money, told by Bishop Stuntz in his statement about Mrs. Brown, was made in the courtroom. No answer to the petition was filed by Rev. Brown.

Cameron Out as Grocer Secretary

Benedict Kirk of Retail Association Announces Body Is Seeking New Man.

J. J. Cameron, former secretary of the Retail Grocers' association, was returned to the association as secretary, according to J. E. Kirk, president of the organization.

Mr. Cameron resigned several weeks ago, but later asserted he would continue in that capacity until another secretary was found. His resignation was accepted, however, and C. F. Kelley was made temporary secretary.

"We have paid Mr. Cameron for his services, and are looking for a new man," said President Kirk. "We were paying Mr. Cameron \$125 a month and a per cent of the dues and his credit bureau to look after, and we believe the man we choose will need to devote all his time to the association."

Members of the association, meeting last night in the Chamber of Commerce, laid firm plans for an elaborate dinner and dance to be given March 7.

Witness Tells of Scene Following Kennedy Murder

Frantic Pleading of Mrs. Obenchain Described by Resident of Beverly Glen at Trial.

Los Angeles, Feb. 23.—"Belton, please speak to me, please speak to me," the frantic pleading of Madalynne Obenchain as she bent over the dead figure of her sweetheart, J. Belton Kennedy, August 5 brought a dramatic moment into her trial for life today.

For the first time the scene of the murder, with Madalynne as the central figure was brought to light through testimony of George Deering, dweller in Beverly Glen, and the first person to see the man and woman in front of Kennedy's cottage—the man lying on the steps stilled by a bullet wound—the woman running toward the road, hysterically sobbing.

Deering told of Madalynne saying that something had happened and asked him if there were a doctor in the Glen. He told her there was no doctor now, even at a telephone. "Then they walked to the steps where Kennedy lay, Madalynne, gasping, screaming, crying like a child, had to be told he was dead.

"My God! Why did they do it?" she cried.

"Mrs. Obenchain said: 'I've often admitted him about carrying a gun,'" said Deering. "And when I told her that I thought it was suicide her lips were still.

Bluffs Police Receive Note on Baldwin Case

Capt. J. C. Shafer of the Council Bluffs police department has received a mysterious note about the murder of Walter Baldwin, mail wagon driver, who was shot July 14, 1921. The note was in an envelope bearing a return card to "New Bell hotel, Odebolt, Ia." It says: "Capt. Shafer. The girl who sat on the seat with Baldwin, the mail man who was shot dead, is back here, she is stopping in Omaha. I don't know where. She can tell you the man who killed him. I know what I am talking about. Her first name is Hazel S— or R—. She wants to tell you, but is afraid of the man that's why she came back here.—J. W."

Police say it had been established definitely that a young girl was on the seat with Baldwin when he left the Union Pacific transfer on the night he was killed.

Rail Labor Board Reduces Wages of Firemen, Oilers

Overtime Until After 10th Hour Eliminated and "Split-Trick" Established Under New Rules.

Chicago, Feb. 23.—Another pay slash affecting 10,000 railroad firemen and oilers was made today by the United States railway wage labor board, when it promulgated new rules effective March 1, eliminating extra pay until after the 10th hour, and setting up a split trick of eight hours within a spread of 12 without any overtime pay.

Following other decisions virtually restoring the 10-hour day, the board authorized the roads to pay only pro rata wages after the regular eight hours, which the board retained in principle as constituting a day's work. Time and one-half will be paid after 10 hours.

In the case of the split trick, straight time will be paid for the first 10 hours, whether included in the 12-hour spread or not, and one-half will be given thereafter.

Sundays and holidays will be paid at the pro rata rate, a minimum of three hours' pay being made for two hours' work or less.

Ten rules regarding discipline, grievances, discrimination against committee men and similar matters, were remanded to the employes and roads for further negotiation.

Additional Colorado Coal Miners Walk Out

Denver, Feb. 23.—More than 200 miners employed at four mines in the Frederick district of Weld county, struck today against a reduction in wages to the 1917 scale. Operators announced they would not attempt to operate the mines at present.

The walkout brings the total number of miners out on strike in the Frederick district to approximately 500. The Puritan mine, closed last Monday by a strike of its 300 employes, is still idle.

Seven other mines in the district have announced reductions to go into effect within a few days. The miners at all of the mines have announced their intention of striking. Approximately 1,200 men are employed at the 12 mines.

She said something about wanting to find a lucky penny that she hid under a rock a year ago. There were no matches, so the man, Belton she called him, went to look for matches.

Woman Charges Youth Got Entire Fortune

New York, Feb. 23.—Alleged to have defrauded 13 elderly women of at least \$500,000, Alfred E. Lindsey, a broker of South Nyack, is being sought to face charges that he made off with the entire personal fortune of Mrs. Lillian D. Duke, divorced wife of James B. Duke, the tobacco king.

Mrs. Duke charges Lindsey got all her cash, \$325,000, and jewelry worth \$50,000.

Papers filed at New York City, N. Y., allege that Lindsey, who was known as Alfred E. Post and Richard C. King, with Mrs. Lindsey, said to have gone by the name of Elsie Behr, "learned Mrs. Duke was a woman easily influenced and deceived and they deliberately contrived to take advantage of her."

Mrs. Duke's attorneys said tonight she had suffered a nervous breakdown.

Hays Pleads for Air Mail Budget

Washington, Feb. 23.—Postmaster General Will H. Hays appeared before the senate appropriations committee today in an earnest appeal for the restoration of the appropriation eliminated by the house general appropriations committee for air mail.

The subcommittee of the house reported \$1,915,000 for the next fiscal year, but the general appropriations committee of the house struck out the item and failed to make any provision for the continuation of the air mail service at all.

"It is not so much the length of the step as the direction of the step that is important in anything, and it is a step in the wrong direction, in my opinion, to abandon all air mail service," said Mr. Hays.
