During Each Afternoon and Evening Performance of

"JUST AROUND THE CORNER"

Madame Sturkow-Ryder, who is at the Rialto Theater all this week, produces rapturous joy in the hearts of her audience wherever she plays. We sincerely hope every music lover in the city will take advantage of the presence of this celebrated musician to hear her.

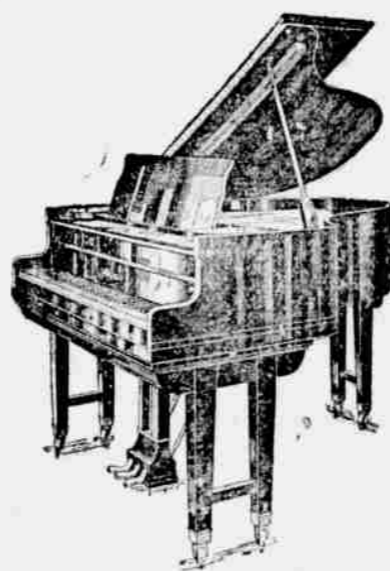

Madame Sturkow-Ryder appears in conjunction with the Apollo Reproducing Piano, first playing some of her work and then letting you hear the reproduction of her effort.

You will have ample opportunity to hear this artiste, as she will appear each evening this week.

The Apollo, used by Madame Sturkow-Ryder, is the choice of many of the world's best known players. Those who keep a player-piano at home just for their own entertainment, find this wonderful instrument a double pleasure over the ordinary piano, because it places at the command of every player the thorough technic and subtle or brilliant touch of expert pianists. Every delicate shading of tone value is yours—if you own an Apollo Reproducing Piano.
