

Alien Property to Be Returned to Native Women

Congressman Jefferis Assured Heirs of Otto Kunicke Will Get Chattels Seized During War.

By E. C. SNYDER.
Washington Correspondent Omaha Bee.
Washington, March 8. — (Special Telegram.) — Prompt return of property belonging to American women, seized as alien property during the war, was urged by Congressman Jefferis in conference with the alien property custodian, Col. Thomas Miller. Many American women, who had married Germans or Austrians, found their property confiscated under the alien property law. Mr. Jefferis pointed out to the alien property custodian that, in all cases where the facts warrant, immediate return of this property should be effected, and he was assured that such action would be taken.
Mr. Jefferis' attention was drawn to the matter through a communication from Robert Smith, clerk of the district court of Omaha, in the interest of the heirs of Otto Kunicke, whose estate was said to have been seized as alien property. He also ascertained that property would be returned to all naturalized American citizens, but not to citizens of Germany and Austria, at least for the present.

Bill to Extend Reclamation Law Passes House, 239 to 10

Washington, March 8.—Application of the reclamation law would be extended to irrigation districts under a bill passed today by the house and sent to the senate by a vote of 239 to 10.
The measure would enable owners, entry men and occupants of lands under government construction and operated irrigation projects to form irrigation districts under state laws. The districts would be recognized as public corporations with the right to borrow funds from federal farm loan banks.

Western Railway Men Close Wage Hearings

Chicago, March 8.—Argument for reduction of railroad shop employes' wages on all western railroads was completed before the United States railroad labor board today, clearing the way for hearing of similar requests from eastern railroads tomorrow.
Following a general request by J. W. Higgins, on behalf of 101 western roads, that the carriers be permitted to establish a graduated scale for mechanics instead of the fixed rate for all classes of labor, representatives of several small roads completed the testimony. A number of the smaller lines had asked for separate hearings, and consideration of their financial condition in fixing new rates.

Mrs. Levin Resents Rebuke by Butler

Welfare Board Investigator Charged With Meddling in Finance Department.

A tempest in a teapot was raised yesterday afternoon in the city hall when Mrs. Ida Levin, investigator for the Board of Public Welfare, rushed into the office of Mayor Dahlman, bearing a letter written to her by Finance Commissioner D. B. Butler.
The letter informed Mrs. Levin that it was evident to the writer that she had been invading the jurisdiction of the city license inspector, J. Blank, who works in Mr. Butler's department.
The cause of the friction was the arrest of an employment agent on information furnished by Mrs. Levin. The mayor stated that the employment man had been given a period of grace before he would be required to pay 1922 license fee.
Inquiry for Mrs. Levin at the welfare office at 2:30 yesterday afternoon brought the information that she was having her hair shampooed. "If there isn't enough work for the employees of the welfare department to do without dipping into other departments, then the staff should be reduced," commented Commissioner Butler.

Gives 'Free Advice' on Love in Lecture

"Woman With Serpent's Tongue" Scheduled to Appear in Omaha March 23.

"The woman with the serpent's tongue," is a New York critic's characterization of Margot Asquith, wife of the premier of England, who will visit in Omaha Thursday, March 23.

She is scheduled to deliver a lecture at the Brandeis theater at 4 o'clock on that day. Mrs. C. T. Kountze will preside.

New York and Boston newspapers say that she is a combination of Billy Sunday and Maude Adams and is full of "pep" when on the stage. In her Boston lecture she gave the girls "free advice" on love. She said:
"In regard to a man telling you he will commit suicide if you do not marry him, here is a little advice from a very old hand. If he makes such a threat, you may be quite sure that he is a vain, petty fellow or a great goose; if you felt any doubts about your decision before, you need have none after this and under no circumstances must you give way.
"To marry a man out of pity is folly; and if you think you are going to influence the kind of a fellow who has 'never had a chance, poor devil,' you are profoundly mistaken. One can only influence the strong characters in life, not the weak; and it is the height of vanity to suppose that you can make an honest man of any one. My fiancé was neither petty nor a goose, but a humorist. I do not think he meant me to take him seriously."

Lloyd Magney Seeks Office Once Held by His Father

Lloyd A. Magney filed yesterday in the election commissioner's office for the democratic nomination for county attorney. His father, George Magney, was county attorney just before Abel V. Shotwell, incumbent.
Mike Clark and Charles B. McDonald filed yesterday afternoon for the republican nomination for sheriff.

Yutan Hunter Fined for Shooting Duck

Clyde Hubbard, 16, Yutan, Neb., forgot to button his coat when he concealed a duck in the lining.

Shooting ducks at this time of the year is out of season. Otto Gewin, federal and state game warden, and Earl G. Kendrick, state game warden, scouting for violators, came upon Clyde.

Feathers on a limb of a tree nearby excited the warden's suspicions and while they tarried a duck fell from Clyde's coat.

Fred Harkson of Yutan, who was hunting with Clyde, admitted shooting the fowl. He was fined \$50 and costs in Justice of the Peace Bunce's court.

Give It to Them—

This trial tube—watch their teeth improve.

If you prefer, let your children make this test. Let them brush their teeth a few days in this modern way. Then look and see what film removal means.
This is a way to whiter, cleaner, safer teeth. Millions now employ it. Leading dentists everywhere advise it. Let someone in your home this week show the benefits it brings.
Why teeth look dingy
Your teeth are coated with a viscous film. You can feel it with your tongue. It clings to teeth, gets between the teeth and stays. It dims and may ruin teeth.
Ordinary tooth pastes do not effectively combat it. So film-coats have been almost universal.
Film absorbs stains, making the teeth look dingy. Film is the basis of tartar. It holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. Thus most tooth troubles are now traced to film, and, despite the tooth brush, they have constantly increased.
Must remove it daily
Dental science has long been seeking a daily film combatant. Now two effective methods have been found. Authorities have proved them by many careful tests.
A new-day tooth paste has been perfected, to comply with modern requirements. And these two film combatants are embodied in it. The name of the tooth paste is Pepsodent.
Millions of people of some forty races now employ it daily, largely by dental advice.
Two other new effects
Pepsodent brings two other effects which authorities now deem essential. It multiplies the starch digestant in saliva. That is there to digest starch

deposits on teeth which may otherwise ferment and form acids.
It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.
Every application gives these great tooth-protecting forces multiplied effect.

Real protection now
Now you can know what really clean teeth mean. Pepsodent fights film-coats, starch and acids—all the great tooth enemies. Then it leaves the mouth in normal alkaline condition. The glistening teeth you see everywhere now show something of the benefits it brings.
New beauty in a week
The Pepsodent effects are quickly seen and felt. This test will be a revelation to you.
Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Note the refreshing taste it leaves.
It will bring you prettier teeth, and quickly. But, more than that, it will bring you safer teeth. Cut out the coupon so you won't forget.
