The wonderful success of the new Model 61 Cadillac is due not only to the fact that it is the greatest of all Cadillacs, but also to the nation-wide realization that, regardless of price, there is no motor car that will give the permanent satisfaction, the unbounded pleasure and the keenest of motoring joys that come with this new Cadillac.

The proof of this statement is found in the long list of Cadillac owners who consider quality first and are satisfied with nothing but the best.
