Stop the Speeders. Eight culprits, two of them women, faced the police judge in Omaha on Friday, charged with speeding.

The Bee's Free Shoe Fund. In recording the fact that 480 children were outfitted with good new shoes from the fund raised through the agency of The Bee.

Road Work for Convicts. State Engineer Johnson has just made an announcement that will be the subject of some wonder to most Nebraskans.

Balance of Power in Politics. A. C. Townley presented to North Dakota the same "balance of power" plan he offered in Nebraska.

Mr. Hays and the Movies. When Postmaster General Hays took up the active duties of his office, the first thing he did was to call together department heads and employees.

Independent voters to ally themselves with desperate democrats in order to assure the latter of victory.

It is a foregone conclusion that the four-power treaty will be ratified when the final vote is taken in the senate.

Go to it, Mr. Hays. We are strong for your idea, and will back you up in your efforts to not only humanize but to deodorize the great industry of which you are now head.

There isn't a minute in a man's life that would be used to a better advantage.

Persons who have missed their calling: Rev. Money-maker of Benson. And I ask to know, why do not Mr. Hallway of the Brandeis Stores and Mr. Hallback of the Nat. Pur Co. start a taxi line?

Adam was a model husband, but he never had to accompany his wife to a church supper.

While it is a necessity that congress cut expenditures to the bone this country is not yet so far gone that it can not fulfill the engagements which in honor it is bound to fulfill with the young men of the graduating class of the naval academy.

Another theater merger is proposed, but like all the rest, art has a place in line just behind the control of the box office.

Getting jobs for jobless veterans ought to be a little easier now, but it is no more important than it was months ago.

Simple Words and Simple Minds. It certainly begins to look as if the only way to reach the understanding of some of these senators is to write our treaties in words of one syllable.

Let the people of those states speak up and tell these senators not to disgrace the United States in the eyes of the whole civilized world.

Why not fix up the capita war debt and then let each man pay up his share or work it out? Then he wouldn't have the worry of it on his mind.

Let the people of those states speak up and tell these senators not to disgrace the United States in the eyes of the whole civilized world.

THE HUSKING BEE

It's Your Day Start It With a Laugh

HUMAN NATURE. The busy girl stenographer. Has got a clever hand. And while the boss is watching her. She types to beat the band.

HEALTH OF FOREIGN BORN. One reason for the increasingly high death rate of people over 45 years of age, as reported by the census records, is the increasing percentage of our population belonging in two groups—to wit: Those born abroad and the children of those groups.

PHILO-SOPHY. There are two people who don't have to worry about the boss. One is the man who keeps busy and the other is the boss himself.

IT MADE A GOOD STORY, ANYWAY. Babe Ruth isn't really going to get a bonus for each homer, but he is sure of an onus for each homer.

AND THINK OF THE HONOR. There's a literary guy they call Philo. Whose column stands out like a silo. Philo cops all the "moon," While we do it for fun. But at that it is well worth our while.

SUCH IS FAME. A prophet is not without honor except in his own country, or words to that general effect.

BUT THEY HAVEN'T ALL GOT WORK. I tell you what I think about The Soldiers' Bonus Bill. 'Twill make some fellows worthless. That could be something at will. Few fellows work when dollars come. A floating 'round the place. And I just tell you, old man Work's The only saving grace.

CHIRPING A CHINFUL. There isn't a minute in a man's life that would be used to a better advantage.

ISN'T IT THE STUFF? Fine feathers may not make fine birds. Nor anything else that. But they make a nifty showing on a fapper's new spring hat.

UNIMPORTANT ITEM. Adam was a model husband, but he never had to accompany his wife to a church supper.

THE POOR PAY MORE. We see one of those rich old gents. Whose coin sure makes a hit. He tips the porter 10 cents. And gets away with it.

AFER-THOUGHT: The umbrella dealer sees the silver lining in the darkest cloud.

Keep Faith With Middies. While it is a necessity that congress cut expenditures to the bone this country is not yet so far gone that it can not fulfill the engagements which in honor it is bound to fulfill with the young men of the graduating class of the naval academy.
