Gustafson If We Have to Have a Strike-Breaker

Is Problem

Question Not Height of Levies but How People Are to Get Most for Their Money.

"Little else is required to carry state to the highest degree of affluence from the lowest barbarism, but peace, easy taxes and a tolerable administration of justice; all the rest being brought about by the natural course of things." So wrote Adam Smith, many years ago.

"Easy taxes" is a missing ingredi-Nebraska. While it can not be said that the state is slipping back into barbarism, it is well to remem-ber the conclusion of the Queen of Hearts in "Alice in Wonderland." that it takes a lot of running to stand still—to keep from backsliding. A point, however, that is frequently overlooked is that those taxes which make living easier or increase the productive power of the people are a benefit rather than a burden.

The question then is not entirely the height of taxation, but what the people get for their money, and how waste can be reduced so that they will get more.

Budget System Will Help.

With public feeling on taxation what it is, the legislature that will scan state expenditures closely. The budget system will result in better society of the county in Nebraska, information, although this budget which, to quote from the resolution, and I shall certainly appreciate your will be drawn up by the retiring governor and that the incoming executive will have only 15 days to go over it seems unwise. It is understood now that 19 cents out of each dollar collected in taxes for 1921 went to the state, and the rest to local divisions of government. This 19 cents was apportioned as follows Education, 5 cents; penal, charitable and reformatory institutions, 3 cents; roads, bridges and paving, 3 cents; general state government, 4 cents; state capitol building fund, 2 cents,

and soldier relief, 2 cents.

One possible source of economy might be sought in the purchase of supplies. At present each norma school buys separately, the univer-sity also, and the board of control. All other state purchases are grouphouse through which all orders in the hands of the "small army and under a suspension of the rules, was would go, some to be grouped for little navy," appropriations committhe benefit of wholesale prices. A tee as manifested by its apparent de-standardization of supplies and the establishment of a central ware- its prewar condition of unprepared-its prewar condition of unprepared-morrow to report out a special rule house would seem to offer further

Movement Started Nationally. Secretary of Commerce Hoover has started a movement of this sort nationally. By developing a set of standards, goods could be made and bought at lower cost. Program of Organizing Committee of U. S. Growers, Inc., Stressed at Open Meeting. Pooling Is Big Question

Grain ian

Chicago, March 21.—The basic principles of the committee of 17, which outlined the plan under which the United States Grain Growers. Inc., was formed, should be retained in the future conduct of the organizations, officere of the grain growers asserted today in opening the first annual convention,

Both President C. H. Gustafson and Secretary Frank M. Myers stressed that the grain growers should follow the program prepared by the organizing committee, while Mr. Gustaison, in his welcoming ad-dress, told the delegates that "what you do at this meeting will either make or break the organization,"

Would Avoid Dictation.

While declaring that the grain grower had ample work to do with-out "trying to become associated with other co-operative organizations which would try to dictate its poli-cies," the president asserted that the best form of co-operation would con-sist "of working separately on the details and problems that concern us differently and then working wholeheartedly together on those problems that are of mutual concern.

The nearly 60 delegates attending the convention have the authority to cast a total of 41,730 votes, repre-senting the membership on January 17 of this year. Since that time, Mr.

Gustafson said, the membership has increased to more than 50,000.

The voting strength of the states represented follow: Colorado, 804; Illinois, 10,251; Indiana, 4,465; Jowa, 3,449; Kansas, 949; Michigan, 1; Minnesota, 1,225; Missouri, 4,041; Nebraska, 8,046; North Dakota, 5,520; Obio, 1; Oklahoma and Texas, 2,639; Ohio. 1; Oklahoma and Texas, 2,639; South Dakota, 339.

Sessions Largely Routine. Today's sessions largely were largely taken up with organization work and with the routine reports of committees, with most of the important questions to come before the gathering remaining to be threshed

out tomorrow. all other state purchases are grounded under a state purchasing agent of the finance department. The least volt broke in the house today over that is needed is a central clearing that is needed is a central clearing to the growing concentration of power the growing concentration of power the growing concentration of power to the growing concentration of the growing concentration of power to the growing concentration of the growing concentration of power to the growing concentration of the growing co Among questions on which lively president's address, in which it was urged that the organization follow out its original program, was taken as indicating opposition to any move toward pooling or co-operation with other marketing agencies based upon

the 100 per cent pool. A bright picture of the future of the co-operative marketing agency was painted in the reports of cers and directors with President Gustafson announcing it was hoped to announce soon that it was ready to receive grain from members. With more than 50,000 growers and farmget system the jurisdiction over all was satisfied with this program and ers' elevators signed, it was stated appropriations including those for would grant recognition under a that 500,000,000 bushels of grain were under contract for a five-year period.

Coal Strike Is Ordered In All Mines

Suspension of Work Ordered at Midnight, March 31-First Time All Mines Ordered Shut Down.

600,000 Men Affected

Indianapolis, Ind., March 21,-Suspension of work by all union coal miners at midnight March 31 was ordered today by officers of the United Mine Workers of America, the call being the first ever issued for both bituminous and anthracite workers to walk out simultaneously. Six hundred thousand men will be affected by the order, it was esti-mated officially. The suspension, the order provided, will continue un-

til stopped by union officials. The order, which was sent to 3,000 local unions, directed the miners to give the operators their full-est co-operation in the protection of mine property and counseled against violence and violations of the law. In addition to affecting all union miners in the United States, the order also directed approximately 6,650 union men in western Canada to join in the walkout, but did not apply to 14,000 miners in Nova'

First in History.

Never before in the history of the coal industry has a suspension or strike order called for cessation of work by all union miners in the United States. In the past, wage contracts in the bituminous and an-thracite fields have not expired at the same time, but a complete tie up in union fields was considered during the great anthracite strike in 1902. A sympathetic strike by the bituminous miners at that time was rejected by the union's convention, is being argued that the soft coal workers were bound by a contract. The issuance of the call came with the recent strike vote of soft con! miners not completely tabulated, but it was said oficially that the work of the union's board of tellers had progressed to such a point as to show every field voting overwhelmingly in favor of a suspension. Indications were that nine-tenths of

he miners favored the walkout, Cessation of the suspension in whole or part, is left to the unions policy committee, composed of more than 100 union officials, which will meet in Cleveland on Friday to consider plans for conducting the strike Outstanding among the questions to be considered by the committee is that of negotiating single wage committee on this question seems

jority will oppose the single state proposition Operators Are Blamed

The suspension order, which said blame for the walkout in the soft coal fields rested with the operators for refusing to negotiate a new contract with the union, and with the failure to reach a new agreement with the hard coal operators, was Since the resumption of normal re-tions between the two countries the union's headquarters here in the absence of officials. The procedure, ranged by officials and the release of the call which was dated yesterday,

was directed by officers, who are (Turn to Page Two, Column Six.) Hearing on Mileage

Book Bill Is Opened Washington, March 21.—(Special Telegram.)—At the hearing before the interstate and foreign commerce interchangeable mileage book bill, which has the backing of the travelrectorate of the great Krupp works ing salesmen of America, 4,500 mem-se that he might accept the post. bers making Nebraska their headquarters, Senator Poindexter Dr. Wiedfeldt is reputed to be one Washington and Representative Julius Kahn of California presented arguments in favor of the bill. Exdiplomat, having for years occupied Congressman John Esch, a member important position in the German of the Interstate Commerce commission, appeared against the measure, which he pronounced unconstiernment in connection with the or- and McLaughlin, who are friendly to the bill, were present at the hear-

ing which will be completed tomor-Forty representatives If They May Run for Senate national council of Traveling Salesmen of America, accompanied by Floor Leader Mondell and Representative McLaughlin of Nebraska, had a conference with President Harding today in the interest of legislation affecting the traveling men, and judging from the pleasant expressions on the faces of those who met the president there was no doubt

as to his sympathies. Viscountess Astor Urges

Change in Old British Law London, March 21 .- (By A. P.) -iscountess Astor today introduced bill in the house of commons designed to amend the old British law oncerning the presumption of coercion in case of offenses committed

by married women. Introduction of the bill arose from the recent case of a prominent co-ciety woman, Mrs. Owen Peel, who was acquitted in connection with a betting fraud in which her hsuband. Capt. Peel, was sentenced to one year imprisonment. Her acquittal was by virtue of an old law of Saxon times, on which the judge ruled that as the offense was committed in the presence of her husband and therefore presumably under his coercion he had no option but to acquit her.

Endicott Gets Electricity.
