Subscribe Share of Funds for Golden Jubilee and Will Launch Drive for New Members.

Central City, Neb., March 22.—The Woman's Christian Temperance union will continue its scientific temperance instruction work with the vigor of bygone days and will press on more vigorously, if possible, with its education for Christian citizenship through the regular meetings and evening classes aimed at a citizenship that will be law-abiding in every way, declared Mrs. Lulu G. Dyer, Boone, president, at the institute being held here.

**Fears Corner Saloon.**  
"Such a belief could be reached if any weight could be laid to the harping and resolutions and plans for referendums made by the more than 30 anti-prohibition organizations now making a great noise for the return of light wines and beer. How light the wines would be to meet their approval varies, but the beer would undoubtedly be the same old popular varieties, distributed through the same old channel—the corner saloon."

Nebraska has completed its share of the quota of \$1,000,000 to be raised before the "Golden Jubilee" celebration to be held in 1924, Mrs. Dyer said, while the winning of new members will be one of the objectives of an intensive campaign to be launched next month.

**Praises State Code.**  
Nebraska has one of the best and most workable enforcement codes of any state in the union, and notwithstanding the fact "that the wets are making a terrific drive to break down enforcement and bring the law into disrepute," we feel that prohibition is a great success, F. A. High, superintendent of the Anti-Saloon League of Nebraska, declared today.

Marshall, Neb., March 22.—(Special.)—The Methodist church here is raising a 10-acre field of potatoes to aid church activities. A farm motor machinery company has offered to farm half of the field with their motor machinery for the purpose of making comparative tests. A church at Harrison, hearing of the plan, announced that it will plant a field for similar aid.

Marshall and this section of the dry land territory of western Nebraska produced large yields of potatoes as a result of good seed potatoes and timely rains. One individual, farming a 40-acre field, offered his son a quarter share of the field to help in the harvest. The son's share amounted to 120 bushels of seed and 30 bushels of second-grade potatoes, the former selling at \$1.60 per bushel and the latter at \$1.25 per bushel.

John Greenawald of Daykin, a member of the board, favors adding to the future fairs to interest a more general attendance and many were favorable to the proposition, while others contend that the addition will bring much added expense. ### Extent of Crime in Chicago Shown by Civic Leaders

"Have You Become a Race of Yellow Men?" Question Hurlled by Chief Justice.

Chicago, March 22.—"Have you become a race of yellow men?" This was the question hurled at the citizens of Chicago by Chief Justice Kichham Scanlan at a meeting of law officials and civic leaders to discuss means to combat the horrible hold crime has upon the city's throat. At the meeting these facts were dilated upon:

**Convicted Gunmen and Murderers**  
Walk the streets unmolested and flaunt the law.  
Habeas corpus writs are prepared in advance and writs are issued even before the police can get criminals to the station.

**Gunmen Unmolested.**

**Cold Facts Given.**  
"It is a time for plain speaking. The cold facts in the situation are known. Men are murdered. Property destroyed. The safety and comfort of the community is in danger. The murderers are known. They are arrested, tried and turned loose. They have no fear of the police. They sneer at the law and make a mockery of criminal justice as it is administered in this community. This is no time for excuses or promises. The turning point has come. Decency wins or anarchy triumphs. There is no middle course."

He suggested that the association pay for the services of two patrolmen for the business district, who will be under the jurisdiction of the chief of police.
