

Nebraska Women Endorse National Arbor Day Idea

Jeffers Receives Many Messages Endorsing Suggestion—Will Urge Issuance of Proclamation.

By E. C. SNYDER.
Washington Correspondent Omaha Bee.
Washington, March 30.—(Special Telegram.)—Congressman Jeffers is receiving no end of congratulatory messages from prominent citizens and associations throughout the country, commending his suggestion that April 22, the golden anniversary of the establishment of Arbor day in Nebraska be made a national Arbor day through executive proclamation.
The national forestry program committee, representing conservationist societies, lumber dealers and the American Newspaper Publishers association, says through its secretary, Warren B. Bullock of New York city: "We give our hearty endorsement to your proposal for such a proclamation. A proper celebration of Arbor day will help bring home to the public of the United States the need for adequate protection of its forests from fire, reforestation of cut-over lands on a large scale and the need for continuous protection of timber if we are not to depend upon foreign countries for timber with which to build our homes and for the manifold uses to which wood is put."
Leroy Jeffers, secretary of the Associated Mountaineering Clubs of North America, endorses the plan and says, "I hope you will be successful in your efforts."

Endorsed by Women's Club.
Mrs. Minnie Freeman Penney, president of the Nebraska Federation of Women's Clubs, writes: "May I express to you what I believe to be the approbation and appreciation of all the women of the Nebraska Federation of Women's Clubs."
Edward B. McLean, editor of the Washington Post, has expressed his interest in the proposal, and in a letter to Congressman Jeffers says: "We will be glad to follow it up."
P. S. Risdale, secretary of the American Forestry association, with headquarters in this city, in a letter to the Omaha congressman says: "We are for it from the ground up. You can say anything you want about us in favor of the plan and we will stand for it. April 22, J. Sterling Morton's day and Nebraska day, is full of inspiration and we are going to help all we can to make a real move toward reforestation."
To Call on President.
Congressman Jeffers has asked the members of the Nebraska delegation to join him in calling on President Harding tomorrow morning to urge the issuance of an executive proclamation making April 22 a national Arbor day, in honor of that other Arbor day 50 years ago in the then treeless Nebraska, when the late J. Sterling Morton, former secretary of agriculture, started the idea of planting trees on one day, attended by appropriate ceremonies. Mr. Jeffers says the whole state is interested in forestation and the united action of the delegation is essential to put the scheme across.

Summer School for Adult Blind Planned

College View, Neb., March 30.—A summer school for adult blind will be held at the Nebraska City School for the Blind June 9 to August 4, and will provide an opportunity for adult blind of the state to study industrial lines, new avenues, Braille and other courses that will be thrown open to them, L. N. Muck, field agent of the commission for the blind, stated today. About 30 adult blind students are expected to enter the school.
Blind students will have their training tree, which includes board and room, supervision and medical attention. The staff, in attendance will include the superintendent, patron, field agent, supervisor, Clark Bruce, Miss Jennie E. Johnson and Mrs. Mary Cook, according to Mr. Muck.
The Nebraska Association for Workers for the Blind will hold its annual meeting at the Nebraska City institution June 5-8, and the summer school will start on June 9. Mr. Muck declared. It is the desire of the commission for the blind to give the adult blind, men and women, such training as will qualify them to become self-sustaining. New material from England and a number of eastern states where industrial work for the blind has been advanced, is being gathered for introduction in Nebraska, Mr. Muck said.
"We are going forward with a determination to develop the work for the blind and to have something worked out that will meet the approval of the next legislature," Mr. Muck commented.

Public Warned to Be Cautious in Rehabilitation

Business Progress Should Be Built on Sound Foundation, Department of Commerce Report Says.

Washington, March 30.—Although business continues to make progress in its recovery from the depression of 1921 as indicated by figures received by the Department of Commerce since March 20, the department warned, in a review of conditions made public today, that rehabilitation "needs to be cautious that it may be built upon a firm foundation."
Some backsets, the statement declared, "may be expected for all of the lesions caused by postwar over-expansion have not healed."
While in most lines, the review added, prices have been relatively stable for the past six months, distributors still remember the disaster caused by over-stocked shelves in 1921.
"Forward orders, therefore," it continued, "are given sparingly and in reduced volume; however, manufacturers are feeling the effect of repeated orders and the steadily increasing output of mills and factories shows that fundamentally the country is getting back to normal."
"Although the recent marked increase in the price of farm products

has had a big effect upon the morale of the agricultural districts, not much of this has, so far, been translated into increased business. Most of last year's crops had left the farmers' hands before the rise came and the increase is, therefore, chiefly a promise of better things to come. The farmer is inclined to wait and see both as to whether the price holds and how the crop promises before making further commitments."
Activity of wooden and worsted machinery showed a "significant improvement" the first of his month, the review said, while that of cotton spindles decreased. Imports of raw silk in February decreased to the lowest figure since March a year ago.

Hastings Legion Post Is Goaded to Action by Ritchie
Hastings, Neb., March 30.—(Special Telegram.)—Acting under sting-

ing directions from State Commander Ritchie to show more life and action, Hastings post No. 11, American Legion, has planned a membership campaign, a series of baseball games

and various other activities for the coming months. The post, has lagged for some time, but it is the intention of the officers and members to place it in the forefront of all Nebraska posts.

Elevators Protest Right of Way Rentals

Lincoln, March 30.—(Special.)—The state railway commission was called upon today to assume jurisdiction over rents charged by the Union Pacific, Chicago and North-western and St. Joseph and Grand Island railroads for privately owned elevators on their right-of-ways. The Nebraska Farmers' Co-operative Grain and Livestock association and the Nebraska Farm bureau made the request. They claim these railroads have hoisted rents beyond reason. The commission recently refused to take jurisdiction over rentals for lumber yards on right-of-ways. However, it is declared by complainants in this case, that elevators and shipment of grain are a part of the transportation business and the commission has jurisdiction in this matter when it did not have in adjudication of rentals for lumber yards.

Greeley Couple Celebrate 55 Years of Married Life

Greeley, Neb., March 30.—(Special.)—Mr. and Mrs. Fred Meyer celebrated their 55th wedding anniversary here today. They were married at Crown Point, Ind., and came to Nebraska in 1878, living in Greeley county 44 years. Their ages are 82 and 73. Mr. Meyer is a veteran of the civil war.

Army Officers Lose Plea for Improved Car Service

Lincoln, March 30.—(Special.)—The state railway commission declined to order extra cars on the Omaha and Southern Interurban, which was requested by army officers at Fort Crook. The commission also refused to make any change in fares.

Former Plattsmouth Mayor Dies in Lincoln Hospital

Lincoln, March 30.—(Special.)—Thomas Parmelee, 49, former mayor of Plattsmouth, at one time president of the Bank of Commerce at Louisville, and for many years one of the wealthy citizens of Nebraska, died today at the state hospital here.

Rich in Nourishment and of Purest Quality

yet the price of this milk is no higher than other standard brands

BORDEN'S Evaporated Milk is pure country milk with the cream left in. Rich and pure—as milk, our most important food, should be.

Its production is guarded by the strictest regulations to insure its purity. Every possible precaution is observed in handling the milk, and a special, extra laboratory test is made on the finished product before it is delivered to your grocer.

Yet you buy Borden's at an equal price with other standard brands. Even when your grocer pays more for it he sells it to you at the regular price because he knows its purity guarantees satisfaction to his best trade.

DON'T SQUEEZE BLACK-HEADS—DISSOLVE THEM

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of calomel powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

Free \$1.00 PACKAGE OF GENUINE YEAST VITAMINE TABLETS from your druggist today.

If you are thin and emaciated and wish something to help you put on flesh and increase your weight, Yeast Vitamine Tablets should be used in connection with organic Nutrated Iron. Without organic iron, both food and Vitamines are absolutely useless as your body cannot change inert, lifeless food into living cells and tissue unless you have plenty of organic iron in your blood. Organic iron takes up oxygen from your lungs. This oxygenated organic iron unites with your digested food as it is absorbed into your blood just as fire unites with coal or wood, and by so doing it creates tremendous power and energy. Without organic iron in your blood your food merely passes thru your body without doing you any good.

Arrangements have been made with the druggists of this city to give every reader of this paper a large \$1.00 package of Genuine Yeast Vitamine Tablets absolutely free with every purchase of a bottle of Nutrated Iron.

RASH DISFIGURED CHILD'S FACE

Also On Back and Chest. Lost Rest. Cuticura Heals.

"My baby broke out with a rash on his face, back and chest. At first they were tiny pimples, and after a few days became dry and hard. His skin was red and sore, and the eruptions itched so that he scratched, and his face was disfigured. His clothing aggravated the breaking out, and at night he was cross and lost his rest.

"I began using Cuticura Soap and Ointment. I could see an improvement, and after using two cakes of Soap and one box of Ointment he was healed." (Signed) Mrs. Jessie McCollum, 332 So. 8th St., Kansas City, Kansas.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes. Sample Book Free by Mail Address: "Cuticura Laboratories, Dept. E, P. O. Box 103, South Scituate, Mass." Soap 2c, Ointment 3c and 6c. Talcum 5c. Cuticura Soap always without cost.
