Drink More Milk

It is good for you if it is the right milk. Milk must be pure to be healthful.

WE have just contracted for a large supply of milk from one of the largest and best dairies in Nebraska.

THE cows are all tuberculin tested, which is an added protection for your milk. After milking, the milk is immediately cooled over large coils and then quickly transported by the farmer to our sanitary plant, where it is perfectly pasteurized and clarified.

THIS supply is of the richest kind and is used exclusively in our Jersey Brand Milk. The best of body builders for the children as well as the older folks.
