Hundred Women to Join Chamber of Commerce

More than 100 applications for membership in the Chamber of Commerce were received from business and professional women of Omaha, following the announcement yesterday David Larson, commissioner, that a woman's division will be organized.

The decision to make women eligible to membership was reached at a meeting of the executive committee Tuesday afternoon. The cost of woman memberships will be half that of senior memberships, \$12.50 for initiation and \$15 annual dues.

The division will elect its executive committee of 12 members and its own officers. There will be close co-ordination between the chamber and the division, officers of the organization announce.

"Women have taken their place in business," said Walter W. Head, chairman of the executive committee of the chamber. "They are business partners with men and just as interested in the industrial and commercial development of the city as the men are."

"The establishment of a woman's will be advantageous from every viewpoint," said Miss Fav Watts, president of the Business and Professional Woman's league and owner of the Watts Reference bureau.
