

War Finance Head Says Confidence Is Being Restored

Davis Declares Reports of Agencies for April Show Marked Business Improvement.

"Marked improvement in the condition of the agricultural industry and a better outlook for business generally is indicated by the reports of April 1 received from the agencies of the War Finance corporation throughout the country," declared Dwight F. Davis, acting managing director of the corporation, in a statement received yesterday by the Omaha agency.

"Livestock producers and farmers generally are reported much more confident because of improved market and financial conditions," the letter continued.

"A strong demand for cattle has developed, with buyers operating actively in the markets. Sheep and lamb markets have continued strong. Increased values for hogs, corn and wheat at country points in the corn belt have encouraged the farmers and they are entering into their spring work with more zest.

"Good range conditions for the summer are already indicated in some states, and the drought has been broken in the southwestern wheat region. The growing feeling that it is possible to market sugar, corn, rice and cotton on a paying basis has given a healthier tone to business.

"Financial conditions have greatly improved as a result both of improved markets and better arrangements for financing agricultural and livestock operations.

"Bank deposits have increased in many agricultural communities and the country banks are generally in a stronger position than they have been for a long time.

"Best of all, confidence is returning and with it the trend of business is toward a restoration of more normal conditions all along the line.

"Up to March 31, the corporation has approved loans as follows: For agricultural purposes, \$27,975,377.12, and for export purposes, \$50,250,120.03.

Charge Pair Sold Man Machine to Make Cash

Two men, William Georges, and Louis Dehoff, are being held by police while detectives are investigating a "money-making" machine which the two are alleged to have attempted to sell Carl Toderoff, South Omaha packing plant employe.

"You just turn the crank and out comes the money—all you want—nice, new bills," was the selling point used to induce Toderoff to surrender \$3,300 for the machine, police say.

The men are said to have told Toderoff that they needed this sum in order to pay the government \$10,000 for an unrestricted use of the machine, and that after this was paid they could have all the money they wanted.

Declares Her Innocence Will Be Proved in End

Mrs. Rachael Strickland

"I know I had no intent to defraud and I have confidence my innocence will be proved before the end," said Rachael Strickland, found guilty with Sam Musser in the federal court Wednesday night of using the mails to defraud. They have been given 30 days in which to file a motion for a new trial.

United States Attorney J. C. Kinsler began investigation yesterday of the charge brought by the defense in an affidavit against J. C. Westerdahl, one of the jurors. The affidavit was signed by Charles E. Wilcox.

Westerdahl vigorously denied allegations against him. The charge that Westerdahl "had placed his arm around Mrs. A. H. Gustafson" was denied by both Westerdahl and Mrs. Gustafson yesterday.

Mr. Kinsler stated late yesterday that his investigations so far indicate that the allegations in the affidavit "are absolutely false."

Randall Will Open His Headquarters in Lincoln

Lincoln, April 6.—(Special.) Charles S. Randall of Randolph, one of the republican candidates for nomination for governor, stated that Randall-for-Governor headquarters would be opened in Lincoln within a week and his campaign manager would be named in a few days.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys normal action, thus ridding the blood of these impurities.

Mrs. Joslyn in Job Discussion

Says Men Are to Blame for Aversion of Girls to Housework.

Men were blamed for girls' aversion to housework by Mrs. George A. Joslyn, wealthy Omaha woman, commenting on statements that jobless girls refuse housework because

they must take "backdoor" status. "Men are to blame," she said. "They don't care for a woman who does housework, and you know a woman's chief desire is to please man."

Mrs. Joslyn stated that all housemaids would not care to be treated "like Mr. Business Man treats his help."

"I mean undue familiarities between business men and their stenographers," she added. "There are two sides to this equality question. She dubbed 'ridiculous' the stand that housemaids should eat with the family, not in the kitchen. 'A cook cannot prepare a meal and eat with the family,' she declared. 'Neither could the maid who is serving. Not one maid in my employ would choose to eat with the family if given her choice of doing so or taking her meals with the rest of the servants.'

Tarkio Business Desires More Trade With Omaha

Business men of Tarkio, Mo., want to trade more with Omaha. Wednesday a committee of Tarkio men headed by J. W. Hanna, president of the Tarkio Chamber of Commerce, called on M. A. Tancock, manager of the bureau of publicity, and made known their wants. As the result, L. B. Clough of M. E. Smith & Co. and Harry Moss of Burgess-Nash company went to Tarkio yesterday and spoke to a gathering of business men at the Chamber of Commerce there last night on Omaha and what Omaha offers its trade territory. Mr. Clough represented the wholesalers and Mr. Moss the retailers.
