

### Juror Given Six Months in Jail for Soliciting Bribe

Charge That He Solicited \$100 to "Swing Verdict" in Hiatt Case Is Upheld.

Frank L. Munroe, 2212 Drexel street, a juror, was sentenced to six months in the county jail yesterday morning by District Judge Stauffer after he was arrested and accused of an attempt to extort a \$400 bribe from Jesse L. Hiatt during a law suit in district court week before last.

Munroe was taken in custody in court and contempt charges filed against him by County Attorney A. V. Shotwell at the request of Judge Stauffer.

The jury in the case of J. L. Hiatt company against Jesse Hiatt involving profits over real estate was discharged after Hiatt told Judge Stauffer that Munroe called him by telephone and arranged an appointment in a soft drink parlor at 418 South Thirteenth street.

Hiatt stated Munroe told him he would "swing the jury in his favor" if he was given \$400. Half of this amount, Hiatt said Munroe stated, he would have to give a "pal" on the jury.

Munroe's alibi was that he attended a movie at the Majestic theater and that he had not been at the soft drink parlor as Hiatt and Detective Lickert testified.

"Munroe's story is false," said Shotwell in his argument. "He doesn't remember the title of the movie he saw nor can he relate the theme of the story. The mysterious 'Jonesy and Shorty,' their two alleged star witnesses are a dream."

No Faith in Story. Addressing Munroe, Judge Stauffer said, "you were given every courtesy and opportunity by the court and county attorney to relate your whereabouts on Friday night. I permitted two police officers to accompany you on your trips of haunts where Shorty and Jonesy might be, but to no avail. You could not find them."

"I wish to make no comment on the evidence of the case. But I hold you guilty of the charge against you. I put no faith in your story nor did I like your conduct on the stand. I publicly want to thank Mr. Hiatt for his attitude in this case and he should be highly commended. Mr. Hiatt did only what any other public spirited citizen would do. You are sentenced to the county jail for six months."

### Says Radium Cured Rheumatism

Shalbona Farmer Adds a Chapter to the Marvelous Story of Radium.  
 "Radium is a wonderful tonic and blood remedy and its possibilities are still undreamed of," said a well-known scientist. "The rays caught in sugar of milk and made up into tablets and taken internally seem to work miracles." Thousands of these perfectly harmless tablets have already been dispensed and the results are little short of marvelous.  
 E. S. Ball, a well-known farmer of Shalbona, Ill., writing to a noted doctor, says: "You will perhaps recall having sent me these Radium tablets and I have been almost free of rheumatism since taking them."  
 One of the principal causes of rheumatism is faulty elimination and infected glands and the Radium tablets seem to energize the entire system. Acute pains disappear as if by magic, jaded appetites become keen, red blood corpuscles have increased by 250,000 in two days and the possibilities of radium are still undreamed of.  
 Several leading druggists are now supplied with these Radium tablets, put up in vials of 210 at \$1.50 per vial. Try them. A veritable fairland of science stands revealed in these marvelous tablets. Be sure to ask for Radium. They are sold by Green's Pharmacy, Haines Drug Co., Sherman & McConnell and Boston Drug Co.
