

Hogs Carrying Farmers to Era of Prosperity

Repayments on War Finance Loans of \$14,000,000 in State Already Have Totalled \$1,500,000.

The amount of war finance loans to agricultural and live stock interests in Nebraska has exceeded the \$14,000,000 mark, F. W. Thomas, regional chairman of the War Finance committee in Nebraska announced yesterday.

Results of the loans as outlined by Mr. Thomas are briefly: Repayments without request have totaled \$1,500,000.

General trend of grain and live-stock markets has increased 100 per cent since December.

Reduce Indebtedness. Farmers have reduced their indebtedness materially and are concentrating their efforts now to maintain for several months and the rapid advances in market conditions.

Bankers throughout the state have become re-established on a stronger basis.

"Hogs are carrying the Nebraska and Iowa farmers through an era of prosperity," said Mr. Thomas. "We have learned that Nebraska never was insolvent—but embarrassed for lack of sufficient capital to further its interest."

Farmers Optimistic. Loans through the War Finance corporation have been extended to more than 800 applicants, including nearly two-thirds of the banks in the state, Mr. Thomas said.

As the regional chairman was outlining the results of the war finance work in this state, a well-to-do farmer strode up to his desk. In his conversation, the visitor stated that the farmer today is more satisfied over feeding "10-cent hogs on 40-cent corn than 20-cent hogs on \$1.80 corn as during the war."

Applications for loans are still being acted upon by the War Finance board, Mr. Thomas stated.

Advances Approved. Washington, April 10.—(Special Telegram)—The War Finance corporation announces that from April 6 to April 8 it approved advances for agriculture and livestock purposes as follows: Nebraska, \$130,000; Iowa, \$118,000; South Dakota, \$63,000.

Palmtag with Detectives Cich and Bugiewicz in the office surprised Robert M. Stevens, clerk, in the act of selling a stolen typewriter at a typewriter exchange at Fourteenth and Douglas streets yesterday they reported.

Stevens made a break for it and ran through the front door, slamming it after him as he fled.

Stevens was captured by Cich and Bugiewicz.

German Factories Are Rushed, Brandeis Finds

"Germany's output is sold out from six months to two years ahead, and at the Leipzig fair, with 18,000 merchants present, manufacturers exhibited no particular desire to get orders," was the summary of Germany's industrial situation given by George Brandeis, who returned to Omaha yesterday from a two-months' buying trip in Europe.

"The Germans are working double shifts and smoke is emerging from every smokestack," said Mr. Brandeis. "They will trade only for the American dollar, unwilling to risk the fluctuating mark."

Brandeis buyers on the European trip purchased more than they did a year ago, even at higher prices, Mr. Brandeis said. Mrs. Brandeis accompanied him home, but will return to Chicago in a few days, where her mother, Mrs. Rogers, is seriously ill.

City May Recover Vacated Property

Land Given Up to Narrow Streets Many Years Ago Is Sought by Council.

The city council committee of the whole yesterday directed Commissioner Joseph Koutsky of the public improvements department to present an ordinance which will rescind vacations of strips of land made by the city council 35 years ago.

This will apply to Nineteenth, Twentieth, Twenty-first, Twenty-second and Twenty-third streets, from Dodge to Nicholas and Iard, from Seventeenth to Twenty-third streets. During 1887 the city council vacated strips to narrow the streets and since then some property owners have acquired the additional land adjoining their property, in some cases 14 feet and in others 2 feet.

The proposed action of the city council now will have the effect of restoring these streets to their original widths.

This determination of the council was prompted by a request of A. Beck, who wanted a deed to 14 feet in front of his property at the northeast corner of Nineteenth and California streets.

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous.

These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good calomel does, but have no bad after effects. They don't injure the teeth like strong liquids on calomel.

"They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

Betsy Ross

first

by vote of Omaha's Housewives

One home in every three in Omaha serves BETSY ROSS Bread. This interesting fact was disclosed in a recent canvass made by impartial investigators.

The reasons given by the city's housewives for preferring BETSY ROSS were:

- "We like the taste so well."
- "We think it makes such good toast."
- "It is always fresh."
- "We can depend on its being good, day in and day out."
- "It is thoroughly baked."
- "We know it's sanitary."

(Many had visited the bakery to assure themselves of this)

The investigation showed further that no other bread was so widely used in Omaha.

We feel mighty proud of this popular indorsement of BETSY ROSS Bread, for we have tried conscientiously to give the women of Omaha the very best bread that can be baked.

BETSY ROSS is on sale at all grocers. To be sure that you get it ask for it by name. Don't Say "BREAD"—Say BETSY ROSS.
