

Pardon Board Told Slaying Was Duel

Lincoln Inmate Says "Honor
of Woman" Quarrel De-
cided With Rifle.

Lincoln, April 11.—(Special)—"That's the way we settle things in Bohemia," explained John Kohout in broken English today before the board of pardons and paroles, as he told how he fought a duel with his former employer, Frank Bohuslav, and killed him near Lincoln in 1917 over the honor of a woman.

He had been working for Bohuslav, he said, and his employer persistently accused him of intimacy with his wife.

They arranged for a duel in the

were armed with rifles and agreed to start back to back, walk 10 paces, Bohuslav's pasture at sunrise. Both turned and fired twice, according to Kohout, and he but once. Kohout was the better marksman. He is serving 10 years for manslaughter and seeks a parole.

Alfred Gard of Omaha, serving 1 to 10 years for automobile stealing, appeared at the hearing with his wife and daughter, 1822 Chicago street, Omaha, and his brother-in-law, L. C. Ferrin, Fifteenth street and Capitol avenue, Omaha, asking a parole.

THIS tells how \$20 soon becomes \$25, how \$80 soon becomes \$100, how \$800 soon becomes \$1000. It shows you how to earn 25 per cent in five years. And all with the greatest safety.

The United States Government, through the Treasury and Post Office Departments, has developed a new Savings System, one which has received a spontaneous welcome from men and women throughout the Nation.

The System is simple. It consists of new U. S. Treasury Savings Certificates, each bearing 4½ per cent interest, compounded semi-annually. They mature in five years, earning 25 per cent for that period.

But they can be redeemed at any time, before maturity, at redemption prices which increase from month to month, so that your savings earn constantly, yet are available in emergency.

Liberal Interest - Safety - Certain Value - Payment on Demand

U. S. Treasury Savings Certificates are issued in denominations within the reach of all. You can buy a \$25 Certificate for \$20, a \$100 Certificate for \$80 and a \$1000 Certificate for \$800.

If you save less than \$20 per month, you can accumulate Postal Savings Stamps at 10¢ each, or Treasury

The Certificates are exempt from normal Federal Income Tax and from state and local taxation (except estate and inheritance taxes).

Postal Men to Take Orders for Treasury Certificates

Postmaster Black sent out letters yesterday to postal employees throughout Nebraska, calling upon them to become salesmen for the treasury saving certificates, the advantages of which are being set forth

in a series of weekly full-page newspaper advertisements.

"The postal employees are best suited to tell the public of the advantages of these investments," said Mr. Black. "We believe such a campaign will call from hundreds of bidding places idle hoards of money which should be earning their owners 4 1/2 per cent interest."

34 vs. 66

Swift's Premium Ham and Swift's Premium Bacon are produced from only the best hogs. Many of the animals we buy do not furnish meat of Premium quality.

Since these are the choice cuts from the best hogs, cured and smoked in the best way, with scientific care and precision, they are naturally in great demand; but these cuts, with the loin from which pork chops come, represent only about 34 per cent of the live animal.

The remaining 66 per cent consists of the cheaper cuts, such as spare ribs, shoulders, trimmings, pigs' feet, lard, etc., and shrinkage in dressing and curing. Shrinkage is equal to one pound in each five, and has no value whatever.

That is why the prices of "Premium" Ham and Bacon and pork loins are higher than the price of the live animal.

Everybody wants them—and yet they are only about one-third of the entire weight. "Premium" Bacon alone is only about 8 per cent.

The great demand for the choicer cuts, and the smaller demand for the cheaper cuts, constitute the reason for the comparatively higher price of the one-third, and the lower price of the other two-thirds. (Some of the lower priced cuts sell at less than the per-pound price of the live animal.)

It is only by utilizing all possible by-products and exercising the utmost skill and efficiency that we are able to average a profit of a fraction of a cent a pound on all our business.

N. B. Some very delicious dishes can be prepared from the cheaper cuts.

Why Telephone Bills Are Paid in Advance

Suppose we charged your account this month with 10 cents more than your regular telephone rent.

Then, when you asked about it, we told you it was part of the telephone bill Mr. Somebody did not pay. What would you say?

If we did not collect telephone rent in advance, some people never would pay. In such a case the cost of having furnished service, and the expense of placing and removing the telephones, would have to be paid by other subscribers.

In order that one person will not have to pay indirectly a part of the telephone bill of another, it is necessary for us to require advance payment for local telephone service.
