

Sermon on Cross by Dr. Fast Ends Theater Services

Omaha Will Be Better Place in Which to Live If It Is Christian City, Says Methodist Minister.

Dr. J. W. G. Fast, pastor of First Methodist Episcopal church, speaking yesterday in Brandeis theater, at the last of a series of holy week noon hour services, stated that the cross is the symbol of power and victory and is the hallmark of Christian faith.

"We should pause on this Good Friday to think of the cross," said Dr. Fast. "The disciples understood the significance of the cross, Jesus said, 'unless you take up your cross and follow me.'"

The cross means that your Christianity and my Christianity has something that is eternally transforming the world. Christianity has the power to take the ugly and repulsive things and make them beautiful and meaningful, to make the desert blossom as the rose. Men and women will be more wonderful when they are Christians, their personalities will be beautified. Omaha will be a better place in which to live if it is a Christian city."

The speaker asserted that God is love and He so loved the world that He gave his only son on the cross. "It is a far more glorious day of Jesus to our day," Dr. Fast added, "but the cross should mean as much to Christians today as it meant to the disciples of old."

George Campbell led the singing. The parquetry of the theater was filled and many stood.

Rialto Man Fears April Showers; Gets Insurance Insurance against rain next Sunday is the gamble Julius K. Johnson, manager of the Rialto theater, has taken. He has paid \$20 to a local insurance man. The policy is for \$2,000 and guarantees against more
