

### Woman Who Shot Man in Chin Says He Was Intruder

Divorcee Is Held Without Bond Pending Recovery of Victim of Revolver Sharpshooting.

Mrs. Marie Huller, 43, divorcee, is in jail.

Elmer McNally, 43, State hotel, is in St. Joseph hospital with a bullet wound in the chin.

The divorcee admits she shot McNally Tuesday night at her bungalow, 402 Grover street.

She is being held without bail pending the wounded man's recovery.

Mrs. Huller called police last night, gave her name and address and said she had just shot a man.

She said she had ordered him from her place and that last Saturday night he broke down a door at her bungalow. Tuesday night, when he appeared again, she leaned out the window and fired in the darkness.

The divorcee, when arrested, turned first to her former husband for aid. He ignored her appeal when she called him by telephone.

Jacobson was one of the pioneer residents of this county.

### Fremont Bandits Trade Loot for Liquor in Omaha

Seven Youths Plead Guilty to Trading Stolen Property for Whisky at Frank's Place.

Fremont, Neb., April 19.—(Special Telegram.)—Confessing that they had traded stolen automobile tires, hogs and chickens for moonshine whisky at Frank's place, near Seventh and Pierce streets, Omaha, seven young men pleaded guilty before Judge F. W. Button and six were sentenced to the state penitentiary.

Lloyd White, a participant in the hog stealing at the James A. Rogers farm, was paroled to Sheriff Condit on account of his wife and two children at Exeter. He must report to Condit every two weeks and give strict account of himself for the next year.

The following were ordered transferred to the penitentiary: Fred Pennington, 24, and Leslie McLaughlin, 19, one to three years; Lee Stewart, 19, Roy Churchill, 23, Earl Berry, 20 and Marion Benjamin, 12 to 15 months. The band is alleged to have robbed the Monnich warehouse, Farmers elevator and the farms of James A. Rogers and Chester Gaines, all in and near Fremont. The various jobs were pulled since December 10.

They admitted to Judge Button that they stole the merchandise and farm products to swap for booze at Frank's place in Omaha. For tires valued at \$165, they said they received seven gallons of whisky.

They traded two hogs valued at \$18 each on two different occasions for four gallons.

### Fifth Husband of Woman Asks Divorce

Charging that his wife is still lamenting the loss of one of her four previously divorced husbands, Neilis M. Christensen, Northwestern railroad employe, asks to cut the fifth notch in Mrs. Edna Christensen's divorce record.

The husband says that his wife is continually harping about the exceptional qualities of this former spouse and admits love and admiration for the one she has lost.

Christensen also asserts that his wife falsely spread the report that he had threatened to kill her and that he had already prepared a grave in which he intended to bury her.

In addition Mrs. Christensen regularly took charge of her husband's monthly pay check, the petition said, and refused to grant him money for tobacco. She also insisted that he shave himself, says Christensen. Instead of giving him a regular allowance, the plaintiff alleges that his wife would only dole out a few cents in change whenever he asked for money.

With a daughter from a former husband, May Moore, 18, Christensen says his wife conspired to make his domestic life miserable, allowing the daughter to maltreat and abuse him.

circumstances. Beginning with one nurse in May, 1919, the staff consisted in July of this year of 16 trained and graduated nurses, of whom 13 are French.

The disinfecting methods used by the nursing service are so valuable that they have been asked by the department government to be the official fumigators after contagious and communicable disease in the villages where they work.

To extend the nursing service, making its receipts available to serve needy persons, is one of the reasons why the Good Will contest is being held. The delegates will be able to witness the splendid things being accomplished in the devastated regions.

## \$950,000 of Telephone Property Lost in a Night

—But communication is being rapidly restored everywhere

The chilly afternoon of April 10 a light rain began to fall over a strip nearly a hundred miles wide, from northeastern to southwestern Nebraska.

As evening came on the rain began to freeze as it fell on the telephone wires. Before midnight the wires in many places were coated with ice nearly an inch thick. Under the weight of the ice, and whipped by a rising wind, mile after mile of telephone poles and wires swayed back and forth and then crashed to the ground.

A survey of this company's damage from the storm in Nebraska shows the following result:

- 26,944 miles of wire out of service
- 21,200 poles broken down or destroyed
- 71 exchanges in the storm area
- \$950,000 property loss

It is a man's size job to reset over 20,000 poles, to reattach the crossarms and wires to them and to re-establish communication over telephone wires that if extended in a single line would reach more than around the world. But service is being rapidly restored by the more than 1,200 telephone repairmen who have been on the job constantly since the storm.

We take this opportunity to thank our customers for the splendid spirit of co-operation with which you have accepted the unavoidable interruption of telephone service to many parts of the state, and we want to assure you that we are doing everything possible to hurry the reopening of communication.

If you desire to talk to any point to which service was shut off by the storm, please ask "Long Distance" if the lines are yet open. Every hour, almost, some line is reopened.
