

Nebraska Will Greatly Benefit by Oil Pipe Line

Omaha Has Little Chance for Refinery Unless Action Is Taken at Once—Kearney Eastern Terminal.

By E. C. SNYDER.

Washington Correspondent Omaha Bee, Washington, April 21.—(Special Telegram)—Present indications that the proposed pipe line from the Wyoming oil fields to Kansas City, according to officials of the bureau of mines, this information was given by Congressman Jeffers, who is interested in the matter both for Omaha and Nebraska.

No Heat, Baby Dies; Tenants Get Damages

Mr. and Mrs. James F. D. Cochenour.

Supporting his claims that his infant son died as the result of an unheated apartment, a jury in the Brooklyn, N. Y., supreme court awarded a verdict of \$2,500 damages to James F. D. Cochenour against George H. Jackson, owner.

Thousands of New York's tenantry will be affected by the verdict. It is believed to be the first of its kind in American jurisprudence, and was based largely on the new New York rent laws which make it mandatory for landlords to furnish heat for their tenants.

from 40 to 60 cents per barrel to the prices of governmental royalty oils now amounting to more than 5,000 barrels per day.

The pipe lines already constructed with which the new pipe line will connect, involve a present investment of \$115,000,000, and the present contract calls for an investment on the lessee's part of \$26,000,000 additional.

Unless some clever work is done on the part of the citizens of Omaha, the pipe line from Wyoming will connect with existing pipe lines in Missouri, through which navy specified "bunker A" oil will be delivered at any point named from Guantanamo, Cuba, to the northeast corner of the United States.

If this proposed pipe line from the Wyoming oil field follows the North Platte river, it will be of immeasurable benefit to Scottsbluff, Bridgeport, Oshkosh, North Platte, Lexington and Kearney, where it will be deflected south. It will make Kearney a real city.

Bowen's Value-Giving Store

Quality Furniture Always

EXHAUSTED NERVE FORCE CAUSES THOUSANDS TO MAKE FAILURES IN LIFE

—Doctor Tells What To Do

When your nerve force becomes weakened, all the vital organs of your body lose their normal strength and vigor, and as a result, all kinds of alarming symptoms may appear, such as nervous irritability, heart palpitation, indigestion, pains in the front or in the back of the head, more especially at the base of the brain, and a general weakened, run-down condition. In such cases it is worse than foolish to waste your time taking stimulating medicines or narcotic drugs. Your starving nerve cells must have more nerve force, the same as a starving person must have food. This is best accomplished by increasing the activity and power of the nerve force making organs, the principal one of which is the blood. This can be quickly and most effectively accomplished by the free use of NERVO-GEN, which not only increases the activity of the blood-making organs, but it feeds true red blood food directly to the blood itself, thereby helping to create millions of new red blood cells. This wonderfully increases the power of the blood to help manufacture new nerve force, the same as enriching the soil increases its power to grow more wheat, corn or oats.

If you are suffering from nerve force exhaustion, you can quickly and easily prove to yourself the power of NERVO-GEN to help overcome your condition and make you strong and vigorous again by the following simple test: Write a memorandum of all your symptoms before you start, then at the end of two weeks, go over your symptoms again and place a check mark after any that are left, and you can at once see what it has done for you. If you have not obtained most surprising results, all and even more than you expect, the manufacturer will promptly refund your money.
