Assistant Secretary of Labor, However, Holds Up Action to Allow Contest Against Order.

Washington, April 22.—The record of an immigration examining board at Ellis island, which ordered August Probst, a Swiss waiter, deported from the United States as an alien who had surreptitiously entered the United States, was approved today by Assistant Secretary of Labor Henry H. Bennett, but the order for his removal from the United States left unassigned, to allow Probst's attorney further time to present argument for delay in the action.

Although the records of the department were only concerned with the legality of the man's entrance into the United States, the case secured much prominence when Probst took the matter to the federal court by habeas corpus proceedings and recounted before Justice Knox at New York his story of a conspiracy to bar him from the United States because a number of Pittsburgh heiresses fell in love with him last fall while he worked as a waiter in a country club. The court ordered him turned over to the immigration service for examination and the medical experts at Ellis island reported that he was mentally unsound, but this was not certified in the record approved today.

In view of an investigation by the Swiss legation the case was given special consideration by the labor department.

Tacoma, Wash., April 22.—Battling for his life, 50 feet beneath the surface of Puget sound, Walter McCray, a diver, known in marine circles from Alaska to California, came out victorious here yesterday over a giant devil fish.

The monster wound its tentacles so tightly about McCray that the diver was unable to reach the knife he carried for protection. ### An Open Letter to Robert S. Trimble

Dear Bob:  
Well, Bob, this is to be a memorable week in your career, for you are about to put over the biggest thing you have ever tackled—I refer to the selling of a million dollars in BONDS for the erection of the new Elks' Home at 18th and Dodge—and you are doing it for Omaha and all Elks, with no thought of profit or reward to yourself.

The boys selected you as Chairman, Bob, because of your reputation for doing things, and doing them well. As head of the Chamber of Commerce, and as an officer of the Elks, you proved that you are a "go-getter," so we are expecting you to make good, as usual.

Do you know, Bob, I collected a dollar from you the very first day I worked for The Pantorium? You handed me a big banana along with the dollar, and, by George! that banana meant more to me than the dollar, for it showed what kind of a fellow you are.

For twenty-five years you have been paying bills to The Pantorium, but you've never paid one that gave me more pleasure than that first one.

Well, Bob, the eyes of Omaha and all Elksdom will be on you and your bond selling committee this week—go to it!

Thirty-niners never fail.  
Good luck to you,  
*Guy Siggitt*  
President for 25 years.
