

## Russ Note Regarded as Threat

Soviet Russia Contributes Another Sensation at Genoa Meeting by Polish Remonstrance.

### May Abrogate Treaty

By The Associated Press.

Genoa, April 25.—Soviet Russia contributed another sensation to the economic conference today by sending a note to the Polish delegation remonstrating against Poland's action in joining with the allied powers in protest against a separate treaty between Russia and Germany. Russia claimed that the peace treaty between herself and Poland covers all relations between the two countries, so that Poland, like Germany, should not participate in the discussion of Russian affairs, even intimating that Poland by her present action in the conference has abrogated the treaty signed at Riga on March 18, 1921.

Russia has a strong red army encamped near the Polish border, and for this reason, the Russian remonstrances are regarded by some of the delegates as equivalent to almost a threat against Poland.

Will Forward Report.

The experts on the Russian question sitting without the soviet delegates today compared notes on the new proposals presented by the Russian delegates at yesterday's session and decided to forward their report to their respective governments. It is expected that when the answers are received from the various capitals the powers will submit counter proposals to the soviet, couched in firm language, in an endeavor to reach a working basis for an accord.

"We cannot stay here forever," said a French delegate tonight. The French are disturbed over the manner in which the English have interpreted Premier Poincaré's address. The French spokesman made it clear that all Frenchmen are alarmed over future military possibilities of the Russian-German treaty and that M. Poincaré was merely voicing France's genuine disquietude. There are certain indications here that France with her dwindling population, in fear of the constantly increasing German population, united with mighty Russia. The French attitude toward Russia is described as like that of Japan towards China—each wants an organized and prosperous neighbor, but does not desire its neighbor to be so strong as to loom up as a possible menace.

Appeal to British.

London, April 25.—George, addressing a number of press representatives at Genoa, authorized them to transmit an appeal from him to the British public asking it not to accept statements appearing in some of the English papers regarding the Genoa conference until he had had an opportunity of dealing with them in parliament, says a central news dispatch from Genoa today. The dispatch quotes him as continuing: "Premier Poincaré's speech was a very serious declaration, made without any consultation with the allies and is not calculated to improve co-operation among the allies. It has nothing to do with Genoa, but French opinion is undoubtedly being influenced by misstatements alleging that the British are pursuing a policy of secret talks."

"It is untrue that I saw Leonid Krassins on Friday, as has been stated. Our policy is that we have no quarrel with the Russian people and do not fear a German-Russian alliance but we are determined to prevent Europe from again becoming a shambles."

"We want to adopt an open, humane policy but the attitude of delegates toward settlement makes our work difficult. We cannot continue to bargain."

American Tourists Are Warned to Avoid China

Tokyo, April 25.—(By A. P.)—It is unwise for tourists to go to China, owing to disturbed military conditions there, Jacob G. Schurman, the American minister at Peking, said today in a message to Americans here, who had asked his advice.

The Japanese foreign office, although cognizant of conditions in China, does not believe recent reports that the lives of foreigners are endangered. Nevertheless, the foreign office recommends not going into that country, unless on urgent business, as discomforts are certain to be experienced.

Democratic National Committee Women to Meet

Washington, April 25.—A conference of democratic national committee women will be held here Saturday. It was announced today by Mrs. Emily N. Blair, national committee woman from Missouri, who represents the women democrats of the United States at national headquarters here.

The meetings of the conference will be followed late in the day, it was added, by a reception, at which Mrs. Woodrow Wilson will receive, and by a dinner at night in honor of Cordell Hull, chairman of the democratic national committee.

Oakland Club Woman Must Serve Syndicalism Sentence

San Francisco, April 25.—Miss Anita Whitney, club woman and social relief worker of Oakland, must serve 1 to 14 years in a state prison, according to a decision of the district court of appeals, which affirmed the conviction and sentence on a charge of violating the state criminal syndicalism act.

The trial developed she was a member of a branch of the communistic party in Oakland and was also identified with the Industrial Workers of the World.

## Girl Whose Escort Was Shot by Holdups

Madie Culbertson.

## Bowman Death May Be Suicide, Physician Says

Girl Sticks to Story That Shooting Was Done in Holdup Staged by Five Men.

Suicide is the latest theory in the mystery shooting of William Bowman, half Indian, whose body was found near Seventeenth and Gold streets yesterday with a bullet through the head.

The theory is advanced by Dr. McClellan, coroner's physician, and was announced after he had performed an autopsy on Bowman and had examined the skin for powder marks.

When Bowman was shot he was riding in a rented automobile with Madie Culbertson, 16, an Eighteenth grade of Mason school, who lives with her parents at 1218 South Twenty-seventh street.

Madie Culbertson told police Bowman was shot by a gang of five holdup men who appeared in a big car.

Shotwell Orders Inquest.

County Attorney Shotwell ordered an inquest for 9 this morning. The girl, her brother, Spencer, and mother and several other witnesses have been summoned.

After a grilling by detectives and deputy sheriffs the girl still held to the story that five men held them up.

"I don't know what to make of the shooting," said Shotwell after he talked with the girl late yesterday. She tells the same story. I can't for one minute understand why she should lie if Bowman committed suicide."

The girl told Shotwell and police officers that she went riding with Bowman about 8 Monday night. She stated that they drove to the west part of the city, when the engine of the car stalled. A big touring car, she says, with five men all apparently intoxicated, drove up and ordered them both out of the machine.

Saw Bowman Fall.

"As I stepped out one of the men asked me for my rings. I told him I had but one and it wasn't worth much. They didn't take it. The men placed me behind their machine and kept Bowman in front. In a few seconds several shots rang out and I saw Bowman fall to the ground."

The men climbed into their car after the shooting and drove away, the girl said. Bowman lodged with the girl's parents at 1218 South Twenty-seventh street for the last three years.

When police arrived on the scene they found a revolver clutched in Bowman's hand. One cartridge was exploded. Police and deputy sheriffs after working intensely yesterday are without a clue to the slayers.

Wall Street Explosion Death Toll Reaches 37

New York, April 25.—The 37th victim of the Wall street explosion in 1920 has just died.

A doctor's certificate issued for Frederick Davey Soper of Brooklyn gave as the cause of death, ailments resulting from injuries received in the disaster. Walking along Wall street when the blast came, Mr. Soper was so badly burned that he never fully recovered.

Rock Island Re-Establishes Special Home-seekers' Fares

Chicago, April 25.—The Chicago, Rock Island & Pacific Railway company today announced the re-establishment of home-seekers' fares to certain western and southwestern territory. Tickets will be sold at the rate of one fare plus \$2 for the round trip for parties of five or more on one ticket, with a return limit of 21 days, it was announced.

## Jury Blames Klansmen for Killing

Night Riders Arraigned at Alleged Inglewood Bootlegger's Home, Witness Testifies.

### Police Officer Bares Plot

Los Angeles, April 25.—The coroner's jury which today inquired into the facts surrounding the killing of Constable M. B. Mosher, slain by an officer while the constable was participating in a raid of masked men yesterday night, returned a verdict that Mosher came to his death while a member of a masked mob, presumably instituted and directed by members of the Ku Klux Klan.

The night riders' raid on an alleged bootlegger's home resulting in the killing of Constable M. B. Mosher, Saturday night, was arranged in a meeting Friday night in which Blake E. Shambau, traffic officer of Inglewood, was initiated into the Ku Klux Klan, Shambau testified at the inquest here today into the death of Constable Mosher.

Secret Meeting Held.

The secret meeting arranging the raid was held in the undertaking parlors in which the inquest is now being conducted, Shambau testified.

An altercation interrupting the inquest developed between William C. Durum, chief deputy district attorney, and William S. Coburn, supreme attorney and grand goblin of the Pacific domain of the Ku Klux Klan, when the latter attempted to interfere with the investigator's questioning.

The deputy ordered the Klan officer to sit down, amidst cheers from the throng attending the inquest.

Shambau, a deputy marshal and deputy sheriff, testified that two undertakers and a doctor were among those who attended the meeting last Friday. He named a number of 30 persons present.

Received "Tip" of Raid.

Donald Parker, newspaper photographer, who received the exclusive "tip" of the raid, testified that he had been a member of the Ku Klux Klan and resigned yesterday.

He said the information of the raid was telephoned to him, he being advised that there was going to be a raid upon a moonshine still which was operating in violation of the law.

Shambau admitted that the meeting in which the raid was planned was an official meeting of the Ku Klux Klan and officiated at by Klan members.

The meeting of the Ku Klux Klan on Friday evening was attended by Constable M. B. Mosher, who was slain in the raid, and his son and deputy, Walter, who was wounded, according to Shambau's testimony.

Shambau, reluctant and hesitant at first, became extremely voluble. He supplied the names of a number of prominent residents of Inglewood as having attended the meeting. After his testimony he was taken to the office of District Attorney Thomas Lee Woolwine, who planned to obtain a complete statement from him, including the names of as many persons as possible who were involved in the raid.

Just before being taken away Shambau was asked to stand and look over the audience and point out any members of the Ku Klux Klan who might be present. The witness arose, but there had been some hasty departures between the start of his testimony and that question and he could not locate a single member.

U. S. Agent Discharged for Giving Out Data

Washington, April 25.—By direction of the attorney general W. O. Watts, special agent of the Department of Justice, was removed today "for disloyalty to the department" after the admission that he had furnished to Representative Johnson, republican, South Dakota, certain information on which Mr. Johnson based an attack on the department in a recent speech in the house.

The order of removal, signed by Assistant Attorney General Holcomb, was made public by the department. In a letter to Watts, Mr. Holland said the step was taken "inasmuch as you have knowingly and willfully violated the rules of the department, which, as you must be aware, constitute a breach of trust."

To Open Bids for Capitol Superstructure on June 9

Lincoln, April 25.—Bids for construction of the superstructure of Nebraska's capitol will be opened June 9, it was announced today. George E. Johnson, state engineer, is now in the east completing drafts of specifications.

The first signs of activity in construction of the first section of the foundations appeared on the state house grounds today, the contractor erecting sheds for equipment.

Vice Club in School Charge Costs Police Head Job

St. Louis, April 25.—Victor J. St. Louis, who recently asserted vice clubs existed at Soldado High school and who subsequently was unable to substantiate the charge to the satisfaction of a parents' committee, was deposited as president of the St. Louis board of police commissioners this afternoon.

Says Education Safeguard.

Baltimore, Md., April 25.—"The education of citizens is the safeguard of a republic." This motto, printed on the convention program, is the idea which Mrs. Maude Wood Park, president of the National League of Women Voters, in her opening address at the third annual convention of the league here today, said she would like to put before the convention as a guide for its deliberations.

## Seaplane With Six Missing Off Florida

Key West, Fla., April 25.—(By A. P.)—The commercial seaplane Santa Maria, which left here Monday at 6:10 p. m. for Nassau with six persons, including a woman, has not been seen at its destination and is believed to have crashed here early today to search for the plane.

On board the plane were Pilots Musick and Richardson, Mechanic Roderick, Dr. Eugene Lowe, Pharmacist Leslie Curry and a woman passenger from Havana, whose name has not been learned.

Dr. Lowe and Pharmacist Curry were enroute to attend Duke Schiller, seaplane pilot who was mobbed and seriously injured at Nassau last week, when, it is believed, he was mistaken for a prohibition officer.

Soldier Bonus Row Started in Senate by Walsh

Demand Democratic Minority Be Given Right to Assist in Forming Relief Legislation.

By GRAFTON S. WILCOX.

Omaha Bee Special Wire.

Washington, April 25.—A row blazed up in the senate as a result of the executive sessions of the republican members of the finance committee with representatives of ex-service men's organization over the soldier bonus bill during the last two days.

Senator Walsh, Massachusetts, precipitated the controversy by denouncing the secret procedure adopted by the republicans. He insisted that the democratic minority had a right to participate in the preparation of bonus legislation and deplored efforts to give it a partisan character.

Demands Representation.

"I would like the chairman of the committee, Senator McCumber, to let us know how long this is going to continue," said Senator Walsh. "How long must the minority remain dumb, and are we to tell the people that our representatives are not worthy of attendance on the floor and expressing our opinions? Are we going to be permitted to maintain our position as members of the committee and hear all the evidence that is presented?"

As chairman of the committee I am ready to consult at all times with those interested and representing the soldiers and may also wish to talk the matter over with senators," said Senator McCumber.

Admits Meeting.

Prodded by Senator Walsh, Mr. McCumber admitted that four republicans of the committee had met in the committee room yesterday with representatives of the American Legion and other soldier organizations, that the press was excluded and there had been discussion around the table.

Spokesman for the American Legion and Veterans of Foreign Wars at today's meeting stood pat in favor of the bill passed by the house. They found the committee decidedly opposed to the house measure, but insisted that there should be some provision in the bill to give the ex-service men securities upon which money could be borrowed. They were willing to accept a 20-year endowment provision, if it could be applied to the ex-service men borrowings, just like ordinary life or endowment insurance policies. Members of the committee were sharply divided on this point.

Could Be Averted.

General Pershing declared that had the United States been adequately prepared, "there is little question that the United States under strong leadership could have prevented the world war altogether." He added that there was no doubt that the civil war likewise would never have occurred had the union been equipped with an army of reasonable size and ready for immediate use.

The army of 115,000 men and 11,000 officers, fixed by the house, was considered by Secretary Weeks to be below "the safe minimum requirements" of the country.

Denison Blue Sky Bill Is Considered in House

Washington, April 25.—The Denison blue sky bill, designed to tighten up state laws prohibiting the sale of wildcat securities, was taken up today by the house. Little opposition is foreseen and the house is expected to pass it this week.

Eighteen Popular Women Entered in Tour Contest

Entry List Is to Close at Noon Today—Balloting Will Begin on Thursday After Candidates Have Received Instructions—Mrs. Rigdon Is the Western Union Nominee.

Nominations in the Omaha Bee Good Will contest close at 12 this noon.

The names of the 18 nominees entered up to the time of going to press presents a list of popular young business women that, to an impartial observer, stand with about equal support and chances of winning one of the trips to France.

It is a list that is hard to choose from and a tribute to the worth and integrity of the sponsoring organizations and friends. The task of representing this section will be in excellent hands, whoever wins.

Anxious to Vote.

The telephone of The Good Will editor is kept busy with inquiries from anxious friends how they can cast their votes. Some have already sent checks to be used in purchasing

## The Hen: "Somebody Has Imposed on Me"

## Pershing and Weeks Plead for Army of 163,000

Urge Senate Committee to Permit Checking of Wars in Incipency—Show Disorder and Waste.

Washington, April 25.—A plea for an all military policy which would assure the checking of aggression by foreign powers in its incipency and which would avoid "confusion, disorder, delay and extravagance" when emergencies arise was made today by Secretary Weeks and General Pershing before a senate committee in support of the War department program for an army of 13,000 officers and 150,000 enlisted men.

The army of 115,000 men and 11,000 officers, fixed by the house, was considered by Secretary Weeks to be below "the safe minimum requirements" of the country.

Could Be Averted.

General Pershing declared that had the United States been adequately prepared, "there is little question that the United States under strong leadership could have prevented the world war altogether." ## First Aerial-Radio Marriage on Record Staged Over New York

New York, April 25.—The first aerial-radiophone wedding on record was staged in a Fokker airplane 1,500 feet above New York City yesterday. Friends and relatives of the principals and the radiophone fans within a radius of several hundred miles heard the ritual. The only old-fashioned touch was the inclusion of the verb "obey" with "love" and "honor" in the promise of the bride.

The bride, Sara Cocke, was a nurse at a Brooklyn hospital. The bridegroom was Albert P. Schaffke, 30, athletic director of the Veterans mountain camp in the Upper Adirondacks. The ceremony was performed by the Rev. Belvin W. Maynard, winner of America's first transcontinental air race.

A radiophone expert was a second witness. The bride sang "I Love You" into a wireless telephone set as Rev. Mr. Maynard flew with the newlyweds back to Mineola.

Second Venue Is Called in Small Case

Waukegan, Ill., April 25.—(By A. P.)—With the first venue of 100 exhausted, the trial of Governor Len Small adjourned tonight with only four men in the box, one temporarily accepted by both sides and three tentatively passed by the state.

A second venue of 100 has been called for tomorrow. Hopes entertained last night for speedy selection of the jury to try the governor were dashed today when the sum total of yesterday's work—one juror passed by both sides—was dismissed after the state had reopened his examination and changed him for cause. With the first venue exhausted, court adjourned early to permit the lawyers to spend the afternoon in conference in an effort to agree on points of law which are expected to be raised during the trial.

Governor Small followed the day's proceedings carefully, sitting at his lawyers' table where he held frequent whispered consultations with C. C. Leforge and associate counsel.

Osceola Family Held on Charge of Having Still Plesiosaurus as Esquel

Cholla, Territory of Chubut, April 25.—(By A. P.)—Marvin Sheffield's famous plesiosaurus, if it ever existed, appeared to have fled to parts unknown. The expedition recently sent out from Buenos Aires, under the leadership of Emilio Frey, has been unable to locate the animal after many nights of watching and hunting around the lake near Esquel, where Sheffield reported he had seen such a monster.

As a last resort, Frey exploded 11 cartridges of dynamite in the lake last Sunday, hoping this would force the elusive prehistoric animal to the surface. This effort was without result, however, and the expedition is returning empty-handed.

Mayor of Kansas City Declares War on K. K. K.

Kansas City, Kan., April 25.—Mayor Harry Burton of this city declared war today against the Ku Klux Klan, branding the organization un-American, and requested that any city employee who is a member, resign from the Klan. The mayor's action was taken at a meeting of the board of city commissioners.

Norris Presents Bill With Real Sting in It

Washington, April 25.—There is a sting in the bill introduced today by Senator Norris, republican, Nebraska. It would bar adult immigrant honey bees seeking to enter the United States from any foreign country where a bee disease is prevalent. No mention is made as to restrictions against minor or infant bees originating in such foreign countries.

## Democrats in Senate Attack Tariff Measure

King Charges Proposed Duties on Chemicals Would Increase "Already Swollen Fortunes."

Washington, April 25.—Increased duties on drugs, dyes, inks and paints proposed in the administration tariff bill came under fire today from senate democrats in the second day of general debate on the measure.

Reviewing the rates in the first schedule of the bill, Senator King, democrat, Utah, said the increased proposed ranged from 150 to 600 per cent; presented statistics to show that imports of the commodities under discussion were negligible and charged that the result of enactment of the proposed duties would be to increase the "already swollen fortunes of a converted American manufacturer at the expense of the American people," attacking what he characterized as the dye monopoly. Senator King declared that the propaganda which he charged it had circulated was "false, deceitful and designed to mislead the American people for the purpose of having erected the embargo which it succeeded in obtaining." "In this connection he warned corporation and business men generally that unless they treated the consuming public fairly people would rise up in their wrath and pull down the temple of business."

Serving notice on the senate that there would be votes on each of the hundreds of rates in the bill, Senator Jones of New Mexico, a democrat, member of the finance committee, asked members of the committee majority to explain on which information the majority had acted in transferring acetic acid from the free list to the dutiable list. He asserted that there was nothing in the printed hearings about costs of production in either the United States or elsewhere and that this case was "typical" of the action of the majority in drafting the bill.

Expedition Fails to Find Plesiosaurus as Esquel

Cholla, Territory of Chubut, April 25.—(By A. P.)—Marvin Sheffield's famous plesiosaurus, if it ever existed, appeared to have fled to parts unknown. The expedition recently sent out from Buenos Aires, under the leadership of Emilio Frey, has been unable to locate the animal after many nights of watching and hunting around the lake near Esquel, where Sheffield reported he had seen such a monster.

## Fort Worth Is Flooded by Vandals

Levees Dynamited, City Engineer Declares—Property Loss Estimated at \$1,000,000.

### 17 Are Reported Killed

Fort Worth, Tex., April 25.—John J. McCain, Fort Worth city engineer, issued a statement tonight in which he declared the levees around the rivers, which broke early this morning and flooded the lowlands of this city, were dynamited by unknown persons and that an investigation by a grand jury would be demanded immediately.

Fort Worth, Tex., April 25.—Seventeen probably dead and property damage estimated at approximately \$1,000,000, is the toll of a flood which struck Fort Worth early today, sweeping before it scores of residences and small buildings, overflowing hundreds of acres of land and inundating several city streets.

Word reaching here tonight from points north of Fort Worth indicate that a further rise is expected and every effort was being made to prevent additional loss of life and property.

Rescue workers are laboring tirelessly in bringing relief to flood sufferers and attempting to rescue the flood-stricken from their homes. The entire city has united in this work.

City in Darkness.

With boiler rooms of the City Power and Light company flooded, residential Fort Worth is spending a night in darkness. No water has been available since early this morning.

The estimate of possibly 17 dead was made by Maj. L. G. White, U. S. charge of Red Cross relief workers. However, none of the local undertaking establishments has received a body.

With the city facing a night of darkness 500 members of the American Legion were patrolling the streets, augmenting the police force which was working full time in the flooded areas.

The flood is the most severe in the history of the city, according to old residents.

Coming on the heels of a wind storm, the rainfall of which was the heaviest in the history of Ft. Worth, the flood took scores of people by surprise early this morning, the lowlands being the first to suffer. At one time water was standing level with the roofs of residences.

20,000 Acres Flooded.

Chicago, April 25.—Twenty thousand acres of land near Chicago, Ill., is completely covered with water, which is not expected to recede for four weeks, according to a survey made by Mayor Rhoads of Cairo and received today at Central division headquarters of the American Red Cross. Airmail supplies are being sent to the section.

People who worked a lifetime to support themselves in old age have been left destitute by the tornado which swept over Washington county, Tennessee, according to Red Cross reports from the district where a survey is being made.

At Beardstown, Ill., Red Cross officials said 100 families are being cared for and supplies are arriving regularly.

Stromsburg Man Ends Life; Worry Is Cause

Stromsburg, Neb., April 25.—(Special.)—Charles Holm, 55, a retired merchant, ended his life by drinking poison here this morning. Financial reverses caused him to become despondent, it is said. Holm was last seen by the caretaker of a park on the outskirts of the city.

Holm
