W. J. Graham, Illinois Congressman, to Tell Lincoln Gathering of Party Achievements.

By DON ENFIELD.

Washington Correspondent of The Bee. Washington, April 25.—(Special Telegram.)—The first state-wide rally of republicans in the present campaign is to be held at Lincoln May 11 and will be addressed by Representative William J. Graham of Illinois, Representative McLaughtoday wired C. A. McCloud York, republican state chairman, Mr. Graham's acceptance of the

The Illinois member was chairman of the committee that investigated war expenditures and is well acquainted with the Nebraska delegation through the service of Representatives Reavis and Jefferis on that committee. He will talk on conditions as the administration found them when it took office and its them when it took office and its achievements since,

The erection of new rifle butts at the Ashland range by the government was practically assured as a result of a conference held this morning between War department officials and Col. H. J. Paul, ad-jutant-general of the Nebraska Naional guard. An engineer will be sent soon to look over the ground. The new construction will be of concrete and will cost around \$20,-

Governor McKelvie spoke this noon before the Farmhand club, an organization of agricultural press representatives, in Washington.

He spent the morning calling on Nebraska representatives in the house and senate and in the afternoon played golf with Secretary of Agriculture Wallace. He left to-right for New York where he will confer with Architect Goodhue relative to the specifications for the superstructure of the new capitol building.

Steel Corporation Report Optimistic

New York, April 25 .- Slow but certain recovery from the extreme depression of 1921 in the steel and iron industry, was indicated by the statement of the United States Steel corporation for the first quarter of

the current year issued today.

Not all of the preferred dividend for that period was earned and the directors had to take \$6,794,468 from the undivided surplus to meet the \$12,658,700 required to pay the regular dividends on the preferred and common shares.

Total earnings of \$19,339,985 compared with \$19,612,033, in the previous quarter, and net income of \$10,-975,696, was less by \$346,316, leaving a balance applicable to dividends of

33:439.212 The encouraging features of the statement are contained in the monthly operations. Earnings for January were below those of last December, but February showed a substantial recovery, and March im-proved by almost 40 per cent over the previous month.

Chairman Elbert H. Gary an-nounced the election of W. J. Fibert, comptroller of the corporation and a member of the board of directors, to membership on the finance committee, succeeding the late George W. Perkins, and of E. J. Ruffington, president of the Illinois Steel company, as director to replace Mr. Perkins.
