Things You'll Love To Make

Capes of every description and for every occasion are the present vogue. Here is a button-on-cape that you will find very convenient for sports or street wear. The cape may be cut circular or with a seam down the shoulder, or made on a yoke. The sides of the cape extend a little in front of the shoulder line. The short yoke or collar meets at the front. It has two buttonholes in each end which fit over buttons that are sewed to the front of the frock. In this way the button-on-cape can readily be removed when not wanted and quickly rebuttoed when some added warmth is needed.

Problems That Perplex

Answered by BEATRICE FAIRFAX.

Love That Dies.

Dear Miss Fairfax: I have been going about with a man for seven months. I am 21 and he is 25. During the time he has always assured me of his love. He is my first and only love. At different times we have quarreled, but always made up. A few weeks ago we parted happily. Then when I last heard of him through a friend he was ill for a few days. But he has been well for a long time now and has made no attempt to see me. I have written to him asking what the trouble was and received no answer. What can the trouble be? Don't you think he is unfair? Could he forget in so short a time? Can it really be he does not love me any more?

HEARTBROKEN.

Did you show this man any kindness or consideration during his sickness? Maybe your neglect caused him to think of you as a fair-weather friend. Love doesn't stop without cause—and it even conquers real causes for annoyance. Suppose you write and tell the man how you feel about it. Pride is a selfish thing and not the noble quality we like to imagine.

Don't Do It!

Dear Miss Fairfax: What do you think about a girl accepting a young man's invitation to an entertainment in another city and afterward staying at the young man's home all night, upon the invitation and approval of his parents? I am not engaged to the young man in question, so perhaps that may make a difference. Anyway, your opinion shall be greatly appreciated. Mother and dad say it is all right so far as the immediate families are concerned, but they are a bit skeptical about public opinion.

The discussions are certainly interesting in your column. It makes me laugh, though, to read how bad the boys are in some girls' opinions.

Ward off one of humanity's greatest enemies by daily use of Kellogg's Bran!

Medical authorities generally agree that sickness and old age start in the intestinal tract through CONSTIPATION—a condition that every man, woman and child in this nation can positively and permanently relieve through the regular use of BRAN—Kellogg's Bran, cooked and krumbled.

Kellogg's Bran is nature's own food, roughage that the eliminative tract must have to function properly. Bran sweeps, cleans and purifies without irritation or discomfort. So wonderful is its work for health that you can take any person who is run down, whose system is clogged and poisoned by constipation, give them Kellogg's Bran three times a day and eliminate the trouble permanently.

Yet Kellogg's Bran is not a "remedy"—simply nature's food. To eat

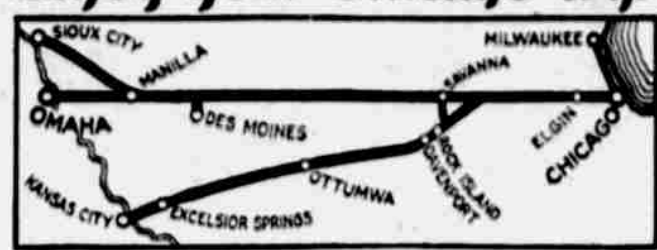

not only he more sure of her love, but will be better fitted for the task of rearing two children.

Sweet 18: You are certainly not too tall. You should weigh about 120 pounds. Eggs, milk, meat soups, vegetables, including especially spinach, should be good foods for you. A careful diet ought to remedy your complexion troubles.

For Mrs. Roberts.

Mrs. Frederick L. Levine and Mrs. N. C. Pfeiffer entertained 12 guests at the Orpheum Monday afternoon in honor of Mrs. E. K. Roberts of Kansas City. Mrs. Roberts was a guest at luncheon at the home of Mrs. Vincent Hascall preceding the matinee.
