

### Women Voters of Nebraska Visit With Lawmakers

#### Hitchcock Makes Complete Change in Stand—Promises New Voters Anything They Want.

Washington, April 28.—(Special Telegram.)—Not often is it given to a group of less than a dozen women to witness the political play which was staged in Senator Hitchcock's office Friday. Mrs. C. G. Ryan of Grand Island, while attending the convention of the League of Women Voters at Baltimore, thought it would be nice to have the Nebraska delegates, among whom were Messrs. C. H. Dietrich and Frank Babcock of Hastings; T. Margaret Carus, M. E. Baird, W. E. Barkley, of Lincoln; Albert W. Jeffers and John N. Baldwin of Omaha, W. E. Evans of Dakota City and Mrs. Zona Berg of Superior, meet the Nebraska congressional delegation in Washington and exchange views with the lawmakers. She asked that the meeting be held in the house of representatives, but Senator Hitchcock decided that the air in his office was better adapted to the occasion and caused the meeting to be held in that sanctum. Senator Norris and Congressman Jeffers, Evans, Kinkaid and Andrews were right on deck.

#### Changes Views on Women.

Nebraska's democratic senator magnanimously stated in opening the meeting that he was for anything the women wanted. This, to those who remembered his consistent and uncompromising opposition to woman suffrage, smacked somewhat of a play for the women's good will and incidentally, votes.

After some preliminary skirmishes the question of the size of the navy came up. There was difference of opinion, some arguing for 67,000 personnel and others maintaining that President Harding and Secretary of State Hughes were right in urging for 86,000 for the present. As the house had already voted for the higher number, Congressman Jeffers took a hand. He told the women that he was, as a Quaker

born, a lover of peace and said he stood for reduction in armed forces consistent with the safety of the republic, but no further.

#### Explains Reduction.

"Since 1919," he said, "we have reduced the navy personnel over 100,000, and we are warned by Secretary of the Navy Denby, Secretary of State Hughes and President Harding that reduction to 67,000 will make us a third rate power, destroying the naval ratio of 5-5-3 established after months of discussion in the disarmament conference just recently adjourned. Congress will be in session next year, and if the facts seem to warrant, we can make further reductions. For the present I favor and voted for 86,000 as the minimum number consistent with our national safety."

He was applauded at the close of his remarks.

#### Rum Makers Move to Country, Says Sheriff

Bootleggers are moving to the country. Such was the statement made yesterday by Sheriff Mike Clark and his deputies.

Tired of being raided by police and federal officers, owners of portable stills are now planted on the outskirts of the city, Clark says.

The first of a series of raids to be staged by the sheriff's crew was made Thursday night when deputies raided an "alleged farmhouse" and seized 39 barrels of mash. No still or liquor could be found.

"That's the old trick of the bootleggers," said Deputy Hoye. "He keeps his portable still on the go all the time. I could not find one chicken or hog or any other animal on the farm."

Two men, Lawrence Thorenson and Joe Carraro, were charged with unlawful possession of the mash. They live at Seventieth and Maple streets.

#### Change of Train Service.

Chicago Northwestern Railway Co. Effective Sunday, April 30, train No. 5 leaving Omaha 1:58 p. m., and train No. 8, arriving Omaha 10:30 p. m., will be operated daily between Omaha and Long Pine, instead of daily except Sunday between Omaha and Norfolk.—Adv.

#### Twelve Injured When Gas Explosion Wrecks Store
