

### Nominal Number of Mileage Books Issued to Antles

Re-Election Probe Discloses That Only 32 Books at \$30 Each Were Used in Long Period.

Lincoln, May 1.—(Special Telegram.)—Pre-election investigation of mileage books used by state employees led today to a probe of books used by H. H. Antles, secretary of the Department of Public Welfare. Antles, according to records in the office of A. B. Cole, state purchasing agent, has taken out 32 \$30 mileage books since his appointment more than two years ago.

These books cover trips taken by Antles as state parole officer before the legislature changed the parole system; trips taken for the child welfare department, the state bureau of examining boards, the bureau of charities and corrections, and the state athletic department created by the last legislature at the solicitation of the American Legion, all under the supervision of Antles.

"Then, too," Antles said, "my stenographer accompanies me to athletic and examining board meetings in Omaha in order to take stenographic notes of the proceedings. She gets \$100 a month and a stenographer employed at Omaha would charge rates much higher and more costly to the state than the trips to Omaha of my stenographer would be."

"Her mileage is taken out under my name. Also hundreds of miles taken out in my name were used by an inspector appointed by me to visit the county jails. The law demands periodical inspections of county jails by my department."

Leo Stuhr, secretary of agriculture, expressed surprise that an attempt would be made by political enemies to attack and cripple the work of the

### Couple Wed 50 Years Ago

Pawnee City, Neb., May 1.—(Special.)—Mr. and Mrs. T. A. Laird of this city celebrated their golden wedding here. Thirty-eight relatives were present at the noonday meal and more than a hundred friends visited the couple during the day. Mr. and Mrs. Laird were the recipients of many gifts.

Roses from the family garden of a cousin who lives at Hot Springs, Ark. were used in the decoration scheme.

Mr. and Mrs. Laird have two daughters. Two great-grandchildren and 13 grandchildren were present.

Mr. Laird is a farmer. He is now in better shape than ever before, and in the last two years more than \$200,000 in fees have been collected by the department.

"The mileage incidental to organizing and maintaining a department that can collect that much for the state is infinitesimal. Those grand island trips were made in good faith for the purpose of instructing men new in their business."

"As for the Washington and New York trips, I have no excuse to offer. No state can live unto itself and I believe the information gathered at those meetings from other men from other states, serving in a like capacity, has more than paid the state."

### Body of Rancher Is Found in Lake

Well-to-Do Man Supposed to Have Drowned Self—No Inquest Held.

Oshkosh, Neb., May 1.—(Special.)—The body of W. A. Fiesterman, well-to-do rancher, who lived about 35 miles northeast of this city, was found in a lake near his home in about two and one-half feet of water. The body had been weighted down with a heavy iron fastened around the neck with a strap.

Sheriff Smith, County Attorney Curtis, Dr. Morris and W. L. Kintzel, after driving to the scene and making an investigation, decided not to hold an inquest, all circumstances indicating suicide.

According to other members of the family, Fiesterman had gone to bed as usual, but had risen and dressed sometime during the night.

### Constipation and Sluggish Liver

Don't take chances. Get Carter's Little Liver Pills right now. They never fail to make the liver do its duty. They relieve constipation, banish indigestion, drive out biliousness, stop dizziness, clear the complexion, put a healthy glow on the cheek and sparkle in the eye. Be sure and get the genuine.

Small Pill—Small Dose—Small Price

Taking a line from a set of harness and procuring a heavy iron, the man went to the lake, according to the theory of the investigators. A knife with which the strap had been cut to the required length was found stuck in a fence post near the water.

Members of the family, noticing Fiesterman's coat and vest, which had been hung on the post, discovered the body in the shallow water and informed neighbors.

Friends are at a loss to account for the supposed suicide. A widow, three children and three brothers survive.

Read The Bee all the way through. You will find it interesting.

Chapter of De Molay Is Organized at Lexington

Lexington, Neb., May 1.—(Special.)—A chapter of De Molay was organized in this city with about 65 members, including boys from all the towns in the county, and a number of country boys.

Dr. Zoro D. Clark of Omaha, a member of the grand council of Nebraska, had charge of the work, which was put on in the high school auditorium by the Kearney De Molay team.

A 6 o'clock banquet was served for visiting members of the Masonic lodges and De Molay boys in the Methodist church.
