

One Man Killed Several Hurt in May Day Clashes

Building of Catholic Association at Mexico City Destroyed by Unionists—Streets Filled With Marchers.

By the Associated Press.
Mexico City, May 2.—Clashes between union laborers and Catholics, resulting in one person being killed and several wounded, characterized the celebration of May day. Syndicalist at noon attacked a building occupied by the Association of Catholic young men and during the encounter one boy was killed and numerous other persons were so badly hurt that they had to be taken to hospitals.

Quiet in United States.
Washington, May 2.—May day, anniversaries selected in the United States as well as in Europe for radical disturbances, was declared by Secretary of Labor Davis to have passed most quietly.

"There are now too many real Americans in every sort of organization in the United States, church, labor, civic or fraternal for the regular ranking radical 'red' to have a chance to work," said the secretary.

Demonstration in Berlin.
Berlin, May 2.—Despite a steady down pour of rain, 100,000 men and women marched from all sections of greater Berlin to the Lust Garden yesterday morning, the present May day having united both the socialist parties and the communists in a mass demonstration.

A novel feature tried out at this gathering was a new propaganda device consisting of a "speaking choir," comprising several hundred strong voices, which, under the direction of a conductor, lustily declaimed socialist mottoes in unison. The novel oratorical device apparently met with the approval of the huge proletarian audience.

Labor observed the day generally.

Few Clashes in Paris.
Paris, May 2.—This was the quietest May day Paris has witnessed since the signing of the armistice. There were only a few minor clashes between the police and the manifestants, in which a few persons on both sides were injured, none of them seriously.

Seek to Have Lincoln Man Called Liquor Nuisance

Lincoln, May 2.—A complaint in equity seeking a temporary injunction prohibiting Richard E. Munson from further "soliciting, ordering, carrying intoxicating liquor on his person or in any vehicle, or through any agent" was filed in federal court here today by Don W. Stewart, assistant United States district attorney. A permanent injunction is required after trial.

"We are attempting to have Munson declared a nuisance through the same procedure we bring against establishments where liquor is sold," explains Mr. Stewart. "I believe it is the first time under the national prohibition act the government has brought an injunction suit against a person."

Father Wins Insanity Test

Brought by Liberty Man
Beatrice, Neb., May 2.—(Special.)—For the second time within the past few months, H. M. Eberhardt of Liberty was examined by the Gage county board of insanity commissioners yesterday and pronounced mentally sound. His worst weakness, according to his own confession, was indiscretion. A young married woman named Davey appears to have been the victim of unwelcome attentions on the part of her aged admirer who is 72 years of age. Mrs. Davey is 19. E. L. Eberhardt, son of Mr. Eberhardt, and editor of the Liberty Journal, is the complaining witness.

THE WOMAN OF POISE

Once a rarity, is now to be observed and admired upon every hand. Indeed no other woman can flourish long in the midst of this modern, complicated life. In the home, in business, in social life, the woman who is serene and confident wins, while the nervous, flustered individual wastes her talent and gets nowhere. Of course, poise is dependent mainly upon sound health and steady nerves. If you feel that you are being kept back in this way, why not turn to that great woman's remedy, Lydia E. Pinkham's Vegetable Compound, which was manufactured from a thorough understanding of the nervous system of women?

Fingers Are Eyes and Ears

Willette Huggins, 17, deaf and dumb inmate of the Wisconsin School for the Blind, astonished 500 members of the Chicago Medical society by using her finger-tips as eyes and ears. She can hear perfectly through vibration, read newspapers by rubbing her fingers over the sheets, and distinguish colors by the same method.

Fairbury Stockman Gains \$2,500 on Cattle

Fairbury, May 2.—(Special.)—Farmers engaged in the stock business are smiling at the turn taken in the last six months. Representative James A. Astell brought 108 head of cattle from market last November at a cost of \$4.40 delivered at Fairbury, rough feeding them until December before beginning to feed corn.

After feeding for five months he marketed the bunch, cashing between \$7.10 and \$8.90 a hundred. His corn showed an average cost of 32 cents a bushel; the gain on each steer was over 325 pounds and the gain on the transaction was more than \$2,500, without counting the profit on hogs which followed the cattle.

Mr. Astell still has 130 head in the feed yard which he had in at \$3.80 a hundred.

The present price of corn to the feeder is 50 cents a bushel.

Benjamin Miner Dies

Santa Ana, Cal., May 2.—Benjamin Miner, 81, grain operator of Indianapolis, Ind., who came here seven months ago, is dead.

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions. "TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes—keep your feet fresh, sweet and happy.

Cattle Feeders Make Good Profit in Omaha Market

New High Price This Year, \$8.35 a Hundred, Received for Shipment of Steers From Summer.

The highest price paid so far this year at the local stockyards for heifers, \$8.35 a hundred, was received yesterday by W. C. Washburn of Sumner, who brought in 18 head. Mr. Washburn said the bulk of the cattle in the summer district had been shipped to market this season and most of those left would be sent in within the next two weeks. He said the pig crop would be about the same as usual.

J. E. Roush, extensive livestock feeder of Loup City, bought in two loads of heavy cattle. He said they had gained 500 pounds apiece since September.

"The loss among the pigs in the Loup City section has been quite heavy," said Mr. Roush, and the heavy hog product will be materially cut down this fall as a result.

Reduction of Feeders.

A load of steers, fed by himself and two brothers, was brought to the local market by John Husak of Leigh. The shipment averaged 1,496 pounds and brought \$8.25 a hundred.

"I bought those cattle here last November and paid \$6 a hundred for them," said Mr. Husak, and they have put on a gain of almost 400 pounds each in the last five months and a half that I had them on feed.

"In the vicinity of Leigh the number of cattle in the feed lots is somewhat reduced below normal times and lots of the cattle that were ready for market two weeks ago have been held for higher prices. The train I came in on had six carloads of cattle from Leigh and about six more loads were picked up en route."

Herman was represented on the livestock market yesterday by 31 head of nicely finished steers that

averaged 1,217 pounds brought in by Henry D. Stork, who received the high price of the day, \$8.40 a hundred. The shipment was made up of Angus and Shorthorn cattle, and Mr. Stork said the animals were brought on the local market last fall when they averaged 811 pounds and cost \$5.80 a hundred.

Stock From Wyoming.

Two loads of choice quality Hereford steers, brought in by H. A. France, cashier of the Rawlins National bank of Rawlins, Wyo., and head of the Freehand Livestock company, were sold to a feeder buyer for \$8.10 a hundred; said to be the highest price paid for cattle of their weight, an average of 1,098 pounds.

Tom Gass of Gideon received the top price for hogs, receiving \$10.05 a hundred for a choice load averaging 213 pounds, which were brought in from Wyoming the latter part of October when they weighed an average of 55 pounds and were brought to his ranch and placed on feed, showing an excellent gain of about a pound a day.

City of Beatrice Is Sued by Father of Lad Electrocuted

Beatrice, Neb., May 2.—(Special Telegram.)—Suit for \$10,000 damages has been filed in district court here against the city of Beatrice by John Cook for the death of his little son, Robert, who was killed last August by coming in contact with a live wire. Negligence is charged on the part of the city in maintaining and operating the electric line of the street where the accident occurred.

1,475 Mileage Books Used by State Officers in 3 Years

Lincoln, May 2.—(Special.)—Total mileage books used by state employees, exclusive of constitutional officers in the last three years was 1,475 books. These are worth \$30 each or \$44,250.

They were divided among the state departments as follows: Labor, 50; trade and commerce, 385; public welfare, 240; public works, 650; agriculture, 150; finance, none.

California Alien Land Law Is Held Unconstitutional

Residents Ineligible to Citizenship Allowed to Act as Guardians for American-Born Children.

San Francisco, May 2.—A decision declaring unconstitutional that portion of the California alien land law forbidding aliens ineligible to citizenship to act as guardians of the agricultural lands of their American born children was handed down by the state supreme court yesterday.

The decision was in the case of Hayo Yano, a Sutter county Japanese, who sought such guardianship over the person and estate of his infant daughter.

The decision reversed a decision of the Sutton county superior court, which denied Yano's application for such guardianship.

The guardianship feature of the state law prohibiting aliens ineligible for citizenship from holding farm lands constitutes an improper discrimination, the court held, because "the right or privilege of a father to be the guardian of his own minor child does not in any respect depend upon or arise out of the nationality or his eligibility to citizenship in this country. It has no relation thereto."

Similarly, according to the court, the child was entitled to have her father selected as her guardian. "The and of the state of California. No child is a native of the United States and can be denied to her because of her race or color that is not denied to all citizens, regardless of race or color. Any privilege that is given generally to citizens of other races, must also be given to her upon the same terms, and her race cannot be considered as a factor in the problem, or as a cause for denial thereof to her."

If the law is intended to prevent evasions of the law forbidding aliens ineligible to citizenship to acquire, possess or enjoy agricultural land, the court declared, it must have some tendency to remove the evil. This the guardianship feature does not do, according to the decision, which was written by Chief Justice Shaw.

Representative Andrews Starts Campaign on Fly

Washington, May 2.—(Special Telegram.)—Representative Andrews has started on a little swat-the-fly campaign of his own. He is sending

several thousand public health service posters and anti-fly farm bulletins to the municipal authorities throughout the Fifth district.

Candidate Would Have Federal Liquor Stores

Lincoln, May 2.—(Special.)—There is one ray of hope for the thirsty in a statement issued today by Wilbur W. Anness of Dunbar, one of the five republican candidates for the First district congressional nomination.

"A government dispensary in every county seat town only, conducted by the government, and families allowed a certain specified amount for sickness every three months, and to be blacklisted and prosecuted if they abuse this privilege, might help to put the bootlegger out of business. Time may solve these things for the people."

When toxic poisons penetrate the intestinal walls—EXPECT THE WORST!

Next follows polluting of the blood! This means the poisoning of every organ in the body! Vitality and energy become lower each day; the brain becomes sluggish. Old age and illness gallop in!

You can avoid all that by permanently relieving constipation—the cause of 90 per cent of all human ills—through the regular use of Kellogg's Bran, cooked and krumbled! Keep the eliminative tract open in healthy, normal condition and you will live in health years longer.

Kellogg's Bran is simply nature's food. It is not a "remedy," but eaten regularly each day—at least two tablespoonsful; in chronic cases, with each meal—it will sweep the bowels, cleansing and purifying.

Kellogg's Bran is delicious as a cereal or sprinkled over other hot or cold cereal. It makes the most delightful pancakes, rain bread, gemas, etc. Recipes on every package. Buy Kellogg's Bran at all grocers.
