Bill Readjusting Salaries in Army Passed by House

Representative Alice Robertson Wins Fight for Higher Allowances for Nurses-

Measure to Senate.

Washington, May 12.—The Mc-Kenzie bill readjusting the pay and allowance of the commissioned and collisted personnel of the army, may, marine corps, total guard, coast and geodetic survey and public health service, was passed tonight by the hours, 219 to 2

house, 219 to 26.

The bill will go immediately to the senate as leaders had announced that the army and navy supply bills, already passed by the house, were being held up so that the new pay scales could be instituted.

The house defeated, 221 to 40, a

motion by Representative Connally, democrat, Texas, to recommit the hift to the committee which framed it, with instructions to eliminate the section authorizing money allowances for subsistence to be determined by the president for each year in accordance with a certificate by the secretary of labor showing the comparative retail cost of food in the United States for the previous year as compared with prices in 1922. Had this been stricken out of the old rate.

allowed in 1908 would have stood.

Representative Alice Rebertson, republican, Oklahoma, won her fight for higher subsistence and room rent money for army and navy mirses. Her amendment increased the subsistence rate from 60 cepts to \$1.20 a day and rent money from \$40 to \$60 a month. Under an amendment by Repre-

sentative Bland, republican, Indiana adopted by the house, former National guardsmen taken into the army will be given the benefit of 50 per cent of their guard service in determining their pay rating.

Chairman McKenzie of the committee in charge of the bill, declared

that it represented six months of toil that in the years to come it would "save millions of dollars" and bring satisfaction to all ranks in the various services.

drug, it has become taboo and today D. M. Amsberry, secretary of
state, received a request from the
board of directors for permission to
change the name to the "Native
