

Missouri River Appropriation Plan of Jefferis

Nebraska Congressman Will Have Missouri Representative Introduce Amendment for Improvement.

By GEORGE F. AUTHIER, Washington Correspondent Omaha Bee. Washington, May 17.—(Special Telegram.)—When the house considers the rivers and harbors bill tomorrow, Representative Newton of Missouri, acting for Representative Jefferis of Nebraska, will offer an amendment proposing an authorization for a survey of the Missouri river from Kansas City to Sioux City, with the view of later constructing a six-foot channel between these two points. Investigations made by Mr. Jefferis develop the fact that up to 1898 \$300,000 had been appropriated for the Missouri and since then not a cent has been voted to the purpose. In the event that the Newton amendment fails in the house, Representative Jefferis has made arrangements to have it offered in the senate. The object of this activity is to have the Missouri river once more returned to the appropriation column. Government engineers and other experts believe that a six-foot channel can be made between these two points, offering cheaper transportation for farm products. The proposed amendment has the support of the Missouri Valley association. It is pointed out that a recent shipment

of grain from St. Louis to New Orleans recently saved the shipper \$7,500 on transportation charges. The question of erosion will not be involved in any appropriation for deepening the channel, this being a matter for the flood control committee. However, a survey by army engineers would take into consideration the question of containing the river within its channel. Governor Hyde of Missouri is on record as having approved the experiments that have been made by Wood Brothers of Lincoln to protect the river at its dangerous turning points.

Motor Car Owners to Form Protective Association

Chicago, May 17.—Representatives of 243 automobile clubs and over 200,000 motorists from various states met here today to organize a national association to protect the interests of motor car owners throughout the country. According to plans drawn up today, the organization expects to check reckless driving, create uniform driving regulations, effect uniformity of automobile legislation, obtain more just taxation, relieve congestion in the larger cities and sponsor other movements in which motorists are interested. A committee consisting of representatives from New York, Illinois, Iowa, Colorado and California, was named to effect a permanent organization.

Son of State Sheriff Will Move to Utah With Bride

Lincoln, May 17.—(Special.)—Bud Hyers, son of State Sheriff Gus Hyers, who staged a sensational marriage at Council Bluffs three weeks ago, will leave tomorrow with his bride for Ogden, Utah, where young Hyers will work for the Pacific Fruit Express company.

Youths Confess Attempt to Rob Arion (Ia.) Bank

State Sheriff Gus Hyers Arrests Second Band of Burglars Within Year for One Iowa County.

Lincoln, May 17.—(Special Telegram.)—T. J. Collins and Roy Scott, youths arrested in Lincoln by State Sheriff Gus Hyers, made a complete confession to the attempted robbery Sunday night of the Arion (Ia.) bank, Hyers announced. H. O. Yackey, Iowa state agent, arrived in Lincoln and will take the boys to Denison to stand trial. "This is the second bunch of bank robbers Hyers has picked up for us within a year," Yackey said. "Three men caught on the streets in the same way by Hyers last fall, because he didn't like their looks, are serving 20 years in the state penitentiary for robbing the Greenville (Ia.) bank."

The boys admitted that the car they had in their possession was stolen at Cleveland, O., two weeks ago and the two of them, accompanied by a man named John Williams, started for the west to "clean up some easy money." They admitted they spent Sunday at Denison, where they were seen by E. H. Flahive, night watchman, who identified their car. Williams, the third man in the party, stepped into a drug store to buy chewing gum just before Hyers arrested them, the youths asserted. Officers are looking for Williams. In their car officers found sledge

hammers, drills and six revolvers and thousands of vicious-looking tacks, which the boys admitted they planned to throw in the road to puncture tires of their pursuers. "We got scared out at Arion and didn't finish the job," Collins said. Yackey stated that attempted bank robbery in Iowa called for a 15-year sentence. He said the handle of the bank vault was pounded off. Indianapolis police have wired asking for a description of the guns and burglar tools, saying that six revolvers and tools fitting description of those found in the bandit car tallied with descriptions of revolvers and tools stolen at Indianapolis a week ago. All three of the youths live at Cleveland.

Rain at Beatrice

Beatrice, Neb., May 17.—(Special.)—Showers fell in this section of the state this afternoon. There was not enough moisture, however, to help crops.

Quickly Conquers Constipation

Don't let constipation poison your blood and curtail your energy. If your liver and bowels don't work properly, try **CARTER'S LITTLE LIVER PILLS** today and your trouble will cease. For dizziness, lack of appetite, headache and blotchy skin nothing can equal them. Purely vegetable. Small Pill—Small Dose—Small Price.
