

Lumber Company Head Arrested

Grand Island Man Found \$11,000 Short in Accounts When Firms Merge.

Grand Island, Neb., May 18.—(Special Telegram.)—E. W. Hurst, manager of the recently dissolved Hurst Sash and Dood company, was arrested on three counts alleging embezzlement. The taking over by the Nelson Lumber company of the Hurst company was announced some time ago. Mr. Hurst is said by the directors to have been \$11,000 short. Meetings called to perfect final settlement were not attended by Hurst, and the directors took action. He frankly stated that most of his losses were occasioned by gambling, in one month totaling to \$1,500. He made good to the directors to the utmost extent possible, by the transfer to the company of his own stock and deeds to an interest in Grand Island and Omaha lots. The prosecuting attorney has not withdrawn the complaint in the county court, or recommended its dismissal, although the directors say they are not disposed to keep him out of a position he has found elsewhere. He has been released on his own cognizance to leave for the west. The company was organized by Hurst in 1919, following a successful business with smaller capital of his own. He was a member of the most prominent clubs and society of the city.

Road Boosters Will Convene at Oshkosh

Oshkosh, Neb., May 18.—(Special Telegram.)—More than 200 road boosters from all parts of the North Platte valley will be entertained here Monday. This meeting is in the interests of the recently established Yellowstone Highway cut off, which shortens the route from the east to Yellowstone park nearly 100 miles. By diverting traffic at Ogallala from the east on the Lincoln highway and at Guernsey from the Yellowstone highway, the routing gives tourists an opportunity to travel a water level road and see some of the best farming lands of Nebraska. The old route caused tourists to go through a sparsely settled country. A system of marking has been established and tourist camping grounds provided.

Judge Dorsey to File for State Attorney General

Lincoln, May 18.—(Special Telegram.)—Judge W. C. Dorsey announced today that he would file as candidate for the republican nomination for attorney general in a short time. "I will have a statement ready probably tomorrow," he said. Judge Dorsey was a member of the supreme court commission abolished by the 1921 legislature. Since that time he has been directing prosecutions in Omaha resulting from indictments growing out of the grand jury called by Attorney General Davis.

Janitor Wounded by Head of School

Superintendent Shoots Worker Following Argument Over Demonstration Tuesday.

Limon, Col., May 18.—W. R. Matthews, superintendent of schools, here today shot and dangerously wounded George Hazlett, janitor of the Limon High school. The shooting took place in the manual training room in the basement of the school building. The men are alleged to have quarreled, when Matthews accused Hazlett of taking part in a demonstration Tuesday night, in which the superintendent was struck by eggs thrown by men or boys concealed near his home. Hazlett was rushed to a hospital at Hugo, Col., immediately after the shooting, where his conditions are pronounced critical. Matthews ran to his home where he was arrested by deputy sheriffs and taken to the county jail at Hugo. Hazlett declared at the hospital that Matthews entered the room where he was working and accused him of taking part in the "egg" incident. A quarrel started and Matthews, according to Hazlett, fired five shots, two taking effect. Matthews refused to make any statement concerning the affair.

McKelvie in Lincoln

Lincoln, May 18.—(Special Telegram.)—Governor McKelvie returned to Lincoln yesterday after an absence of three days.

Pure Bred Hogs Top Day's Market in Omaha

Stuart was represented on the Omaha market by a choice load of pure bred Poland China hogs brought in by J. W. Ramm, who received \$10.45 a hundred, the top price of the day. His porkers averaged 231 pounds. So far from spring farrowing, I have over 180 pigs from 28 sows, said Mr. Ramm, and I have heard that my neighbors have had just as good success, which insures a good big crop. I make a specialty of pure bred hogs and most of those I raise are sold for breeding purposes. "In my neighborhood, corn planting has just started, but there was a little early planting that will have to be done over again on account of a heavy rain a week ago. Rye is raised quite extensively around Stuart and is doing well, while the other small grains are getting along nicely. I have quite an acre of rye, which I feed to brood sows and pigs, grinding it with oats, which I find is better than feeding corn."

Farm Loans Amounting to \$2,298,000 Approved

Washington, May 18.—(Special Telegram.)—The war finance corporation announces that from May 15 to May 17 it approved \$6 advances, aggregating \$2,298,000, for agricultural and livestock purposes. The amount extended in Nebraska is \$200,000, in South Dakota \$62,000, Iowa \$28,000.

Governor Denies He Will Move Farm Paper to Omaha

Lincoln, May 18.—(Special Telegram.)—Governor McKelvie branded a story printed in an Omaha paper recently that he intended to move the Nebraska Farmer plant owned by him to Omaha, as another "malicious falsehood." "That story is as untrue as stories circulated by certain persons that the Nebraska Farmer was for sale," the governor said. "The Nebraska Farmer has not been for sale, is not for sale and will not be for sale." "The persons circulating these stories are either knowingly or ignorantly telling falsehoods."

Co-Ordination on Waterway Planned

Secretary Hughes Takes Up St. Lawrence Project With British Ambassador. Washington, May 18.—(Special Telegram.)—Secretary of State Hughes has communicated to the British ambassador a plan for co-ordinating the activities of the United States and of Canada in the proposed Great Lakes-St. Lawrence waterways project. This diplomatic interchange will be necessary in order to make the building of the great international project possible. The nature of the suggestion and the methods that will be used to bring about international co-ordination have not been made public. Publication of the proposed plan will await action by the British authorities. It is the first actual step in bringing the projected improvement to realization. It will pave the way for legislative action and is regarded as an open pledge of the active support of the administration for the project.

Father Flanagan's Boys Entertained at Colon

Colon, Neb., May 18.—(Special Telegram.)—Father Flanagan's boys, traveling with their traveling circus throughout Nebraska, were entertained here from Saturday to Tuesday by the Colon parish.

If Kidneys Ache or Bladder's Weak

Shave With Cuticura Soap

Take Roots and Herbs to Flush Kidneys and Wash Out Irritating Acids.

If your kidneys hurt or bladder bothers drink lots of water and remember these weaknesses result from uric acid. It is the duty of the kidneys to remove waste material from the system; if they become overworked and sluggish they fail in their efforts to filter and strain all the waste poisons from your blood. Practically all rheumatism, headache, dizziness, constipation, sleeplessness and bladder weakness come from clogged kidneys.

To have strong, healthy kidneys, capable of easily and normally filtering from your blood 60 grains of Toxins (Poisons), which they should do every 24 hours, you simply must keep them clean and active and the acids neutralized so that your kidney and bladder troubles will be ended. Then you can forget you have a set of kidneys or a bladder. Just a natural stimulant is necessary. Simply get a bottle of Dr. Carey's PRESCRIPTION No. 777 (Tablets or Liquid) made from harmless roots, herbs and leaves and take right after eating. You will be delighted with the results it will bring. For sale by the S. Sherman & McConnell drug stores, and all good druggists can supply you.
