President Asks Cut in Rail Rates

Harding Requests Co-Operation of Roads in Voluntary Reduction, at White House Dinner.

By The Associated Press.
Washington, May 21.-Request was made by President Harding at a conference with 19 of the leading railroad executives of the country at White House dinner conference for the co-operation of the larger roads of the country with the Interstate Commerce commission in voluntary reductions of railroad rates. An agreement was reached for the creation of a special com-mittee to take up the matter fur-

The rate matter was gone over during the conference, which was also participated in by Secretary Hoover, and it was declared in a White House statement after the meeting that the railroad executives were unanimously in favor of assisting the restoration of business by such rate action as they might find possible to take.

The list of railroad executives invited, as announced at the White House, included the following presidents of roads.

Senator Caraway produced photo-statistics of alleged documents sign-ed by "H. M. Daugherty," and Feld-er to sustain his assertion that the attorney general had been retained as counsel with Felder in the Morse posals Put Forth by Harry Boland.

The second part of the charge by Senator Caraway, that the attorney general was still co-operating with Felder in opposition to the interests of the government, had to do with an alleged attempt on the part of Felder to employ Capt. H. L. Scaife, formerly army officer and recently dismissed by Daugherty from the De-partment of Justice.

Advised to See Scaife. Scaife in a letter to Congressman Woodruff, Michigan, asserted that Felder had asked him to become an associate counsel in a suit he was bringing to set aside the sale of the Bosch Magneto company's plant by the alien property custodian. Scaife charged that Felder said he was advised by Attorney, General Daugherty to see Scaife.

Germany to Test Initiative and Referendum Plan

'Red Saxony,' Radical Stronghold, to Vote in June on Question of Dissolving Diet.

By The Associated Press. Berlin, May 21.—The initiative and referendum provided under the republican constitution, will be given its first tryout in the radical stronghold of "red Saxony" next month on the question of ousting the labor ministry. The move was instigated by

the middle classes. Dissolution of the diet was demand-ed following its recent decision that general holidays should be observed annually on May 1, in conformity with the international labor move-ment, and not November 9, the anni-

ment, and not November 9, the anniversary of the revolution.

From June 6 to 16, all men and women over 20 years old in favor of the referendum on dissolution of the diet may register. Two hundred and ninety thousand votes, or one-tenth of the population, shown by the last census are required in order to bring the matter to the Saxon government's consideration. That number is regarded as assured.

If the required number is obtained in the initiative balloting, the cabinet will submit the question to the diet, which may choose to dissolve itself, rendering a referendum vote unnecessary. Otherwise, the referendum probably will be held during the first part of
